ARLINGTON TOWN RECORDS FOR THE MUNICIPAL YEAR 1911

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX, ss.

To either of the Constables of the Town of Arlington, in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, who are qualified to vote in elections and Town affairs, to assemble in the Town Hall, on Monday, the sixth day of March, 1911, at 6.00 o'clock, A.M., then and there to act on the following articles, viz:—

ARTICLE 1. To choose a moderator to preside at said meeting.

ART. 2. To elect by ballot the following Town officers:—A Town Clerk, for one year; a Town Treasurer, for one year; a Town Collector, for one year; an Auditor, for one year; three Selectmen, for one year; three members of the Board of Public Works, for one year; one Assessor, for three years; three members of the School Committee, for three years; one member of the Board of Trustees of the Pratt Fund, for five years; one member of the Board of Commissioners of the Sinking Fund, for three years; two Trustees of the Robbins Library, for three years; one Cemetery Commissioner for three years; five Constables, for one year; one Park Commissioner, for three years; one member of the Board of Health, for three years; one Tree Warden, for one year. Also to choose or appoint all the other usual Town officers, in such manner as the Town may determine. Also, upon the same ballot, to vote "Yes" or "No" upon the question, "Shall licenses be granted for the sale of intoxicating liquors in this Town?" For these purposes the polls will be opened as soon as possible after the organization of the meeting and kept open until five o'clock, P.M.

ART. 3. To hear and act on the reports of the Selectmen and other Town officers and Committees heretofore appointed.

ART. 4. To make an appropriation for the Robbins Library for the ensuing year.

ART. 5. To make an appropriation for the Public Schools for the ensuing year, and determine in what manner the same shall be expended.

ART. 6. To determine in what manner the Town ways, highways and bridges shall be repaired the ensuing year.

ART. 7. To determine what sum of money the Town shall raise by general tax, to defray Town expenses, interest, debt, and State Aid, and make an appropriation for the same.

ART. 8. To see if the Town will appoint the Selectmen agents of the Town, to institute and prosecute in favor of the Town and appear and defend suits and legal proceedings against or involving the interests of the Town, with power to employ counsel therein and when necessary, in all other legal matters and business appertaining to Town affairs during the year commencing March 1, 1911.

ART. 9. To see what action the Town will take in relation to the appointment of a Committee of Twenty-one for the ensuing year.

ART. 10. To see if the Town will appropriate the sum of $275.00 for the proper observance of Memorial Day, the same to be expended under the direction of Francis Gould Post 36, G. A. R.

ART. 11. To see if the Town will appropriate $7000, in accordance with the vote passed December 6, 1904, for water used for fire hydrants, street watering and public buildings for the ensuing year.

ART. 12. To see what action the Town will take in regard to the extension of water mains, make an appropriation for the same, and determine in what manner the money shall be raised.

ART. 13. To see if the Town will make an appropriation for the construction and repair of permanent sidewalks.

ART. 14. To see if the Town will make an appropriation for the maintenance of the Sewerage System for the ensuing year, and determine in what manner the money shall be raised.

ART. 15. To see if the Town will make an appropriation for the extension of the Sewerage System for the ensuing year, and determine in what manner the money shall be raised.

ART. 16. To see if the Town will make an appropriation for the use of the Highway Division, and determine in what manner the money shall be raised.

ART. 17. To see if the Town will make an appropriation for street watering, or for the treatment for the prevention of dust, and determine in what manner the money shall be raised.

ART. 18. To see if the Town will make an appropriation for the development of the Town Yard, and determine in what manner the money shall be raised.

ART. 19. To see if the Town will make an appropriation for the care of snow and ice in the highways for the ensuing year, and determine in what manner the money shall be raised.

ART. 20. To see if the Town will vote to accept the provisions of Section 37 of Chapter 19 of the Revised Laws; vote to restrict the application of the provisions of said chapter and the amendments thereto to the police force, or take any action relative thereto.

ART. 21. To see if the Town will accept and establish as a Town way the private way known as Harvard Street, extending from Appleton Street to land of Town of Arlington, as laid out by the

Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments, make an appropriation for constructing the same, and determine in what manner the money shall be raised. Said way as laid out is described as follows:

Beginning at a point on the southerly line of Appleton Street 610.3 feet from Massachusetts Avenue; thence, turning at an angle of 68 degrees and 20 minutes and running in a southerly direction 152.4 feet; thence, continuing on a curved line of 270.63 feet radius 107.85 feet; thence, continuing in a southerly direction 414 feet to land of the Town of Arlington. The above described line is the easterly line of the said Harvard Street and the westerly line is parallel therewith and distant therefrom 50 feet, as shown on plan approved by the Board of Survey, November 25, 1907, on file in the office of the Town Clerk.

ART. 22. To see if the Town will accept and establish as a Town way the private way known as Magnolia Street, extending from Massachusetts Avenue to Lake Avenue, as laid out by the Joint Board of Selectmen and Board of Public Works under the provisions of law authorizing the assessment of betterments, make an appropriation for constructing the same and determine in what manner the money shall be raised. Said way as laid out is described as follows:

Beginning at a point on the westerly line of Massachusetts Avenue 1222.3 feet from the southerly line of Lake Street; thence, at an angle of 88 degrees and 50 minutes in a westerly direction 1043.08 feet to Lake Avenue, so-called; thence, on the easterly line of the said Lake Avenue 40 feet; thence, by the southerly line of the said Magnolia Street 1046.08 feet to Massachusetts Avenue; thence, from the line of Massachusetts Avenue 40 feet to point of beginning, as shown on plan approved by the Board of Survey December 31, 1900, on file in the office of the Town Clerk.

ART. 23. To see if the Town will accept and establish as a Town way the private way known as Belknap Street, extending from Linwood Street to Marion Road, so-called, as laid out by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments, make an appropriation for constructing the same and determine in what manner the money shall be raised. Said way as laid out is described as follows:

Beginning at a point on the southerly line of Linwood Street 253.95 feet from the line of Massachusetts Avenue; thence, at an angle of 90 degrees in a southerly direction 83.43 feet; thence, continuing by a curved line of 100.45 feet radius 74.39 feet; thence, continuing in a southeasterly direction 440.45 feet to Marion Road, so-called. The above described line is the easterly line of the said Belknap Street, and the westerly line is parallel with and distant

therefrom 40 feet, as shown on plans approved by the Board of Survey August 10, 1908, and April 9, 1910, on file in the office of the Town Clerk.

ART. 24. To see if the Town will accept and establish as a Town way the private way known as Marion Road, extending from Massachusetts Avenue to the extension of Belknap Street, as laid out by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments, make an appropriation for constructing the same and determine in what manner the money shall be raised. Said way as laid out is described as follows:

Beginning at a point on the easterly line of Belknap Street Extension, so-called, 598.3 feet from the southerly line of Linwood Street, said point being marked B on plan of Belknap Street Extension, approved by the Board of Survey April 9, 1910, on file in the office of the Town Clerk; thence, turning at an angle of 89 degrees and 3 minutes and running in a northeasterly direction 270 feet to the southerly line of Massachusetts Avenue at a point distant 94.5 feet from Belknap Place, so-called. The above described line is the northerly line of the said Marion Road, and the southerly line is parallel with and distant therefrom 40 feet, as shown on plan of Belknap Street Extension and proposed street approved by the Board of Survey April 9, 1910, on file in the office of the Town Clerk.

ART. 25. To see if the Town will accept and establish as a Town way the private way known as Wellington Street, extending from the end of Wellington Street, as accepted by the Town, to the Spy Pond Athletic Field, as laid out by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments, make an appropriation for constructing the same, and determine in what manner the money shall be raised.

Said way as laid out is described as follows: Beginning at a point on the southerly line of Wellington Street, said point being the end of the acceptance of Wellington Street by the Town, November 8, 1887; thence, continuing in a southerly direction on the extension of the said southerly line of the said Wellington Street 133 feet to the line of Spy Pond Athletic Field. Beginning again on the northerly line of said Wellington Street at the end of the acceptance thereof by the Town, November 8, 1887, and continuing on the extension of the said northerly line of the said Wellington Street 86.7 feet to line of Spy Pond Athletic Field, as shown on plan approved by the Board of Survey June 25, 1905, on file in the office of the Town Clerk.

ART. 26. To see if the Town will accept and establish as a Town way the private way known as Frances Avenue, extending from Jason Street to a point distant 235½ feet from Pleasant Street, as

laid out by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments, change the name of said private way to Norfolk Road, make an appropriation for constructing the same and determine in what manner the money shall be raised. Said way is laid out as follows:

Beginning at a point on the southerly line of Jason Street 194.97 feet from the line of Gray Street; thence, turning at an angle of 90 degrees and running in a southerly direction 118.41 feet; thence, at a curved line of 714.63 feet radius 140.53 feet; thence, continuing in a southerly direction 606.52 feet to land of Norfolk Real Estate Trust. The above described line is the easterly line of the said Norfolk Road and the westerly line is parallel with and distant therefrom 40 feet, as shown on plans approved by the Board of Survey August 10, 1908, on file in the office of the Town Clerk.

ART. 27. To see if the Town will make an appropriation for street lighting.

ART. 28. To see if the Town will vote to authorize its Collector of Taxes to use all means of collecting taxes for the year 1911, which a Town Treasurer may use when appointed a Collector of Taxes.

ART. 29. To see if the Town will make an appropriation of $500 to continue the work of establishing the block system for the use of the Board of Assessors, the same to be expended under the direction of the Assessors.

ART. 30. To see if the Town will make an additional appropriation to be expended from November 30, 1910, and for the twelve months next ensuing, for suppressing the gypsy and brown-tail moths, in accordance with the provisions of Chapter 381, Acts of 1905, and Amendments thereto, and determine in what manner the money shall be raised.

ART. 31. To see if the Town will appropriate the sum of $162 in addition to the unexpended balance now in the Treasury for the printing of the By-Laws of the Town, in accordance with the vote passed in 1910.

ART. 32. To see if the Town will make an appropriation for suppressing leaf-eating insects other than gypsy and brown-tail moths, or take any action thereon.

ART. 33. To see if the Town will make an appropriation for the purchase and installation of new drinking fountains, the same to be installed by and the money expended under the direction of the Board of Public Works.

ART. 34. To see if the Town will appropriate the sum of five hundred dollars for surveys and plans for abolishing grade crossings and improvement of Sucker Brook, to be expended under the direction of the Special Committee appointed by the Town November 22, 1910.

ART. 35. To see what action the Town will take to provide additional accommodations for High School pupils, make an appropriation therefor, and determine in what manner the money shall be raised.

ART. 36. To appropriate and raise, by borrowing or otherwise, such sum or sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this fifteenth day of February, in the year of our Lord one thousand nine hundred and eleven.

PHILIP A. HENDRICK,
JACOB BITZER,
HERBERT W. RAWSON,
Selectmen of the Town of Arlington.

CONSTABLE'S RETURN.

Arlington, March 4, 1911.

Middlesex County.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, to meet at the time and place and for the purposes herein named, by causing a printed attested copy to be left at every dwelling house in Town, and also by posting an attested copy on the doors of the Town Hall seven days at least before said day of meeting.

I further certify that a notice of said meeting was published in the *Arlington Advocate* on March 4, 1911.

GARRITT BARRY,
Constable of Arlington.

In pursuance of the foregoing Warrant the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, met in the Town Hall, in said Arlington, on Monday, the sixth day of March, in the year one thousand nine hundred and eleven, and were called to order at six o'clock in the morning by the Town Clerk, who read articles one and two of the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

By unanimous consent the reading of the remaining articles in the Warrant was postponed until the adjourned meeting.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett was unanimously elected Moderator and was sworn to the faithful performance of his duties by the Town Clerk.

Article 2 taken up. (Election of Town officers.)

The following ballot clerks and tellers, having been appointed by the Selectmen, were sworn to the faithful performance of their duties and assigned as follows:

Ballot Clerks—Edgar Crosby and Daniel M. Daley.

Inspectors—Frank F. Russell and Richard W. Hodgdon.

Check List at Ballot Box—Arthur L. Bridgham and Frank J. Rowe.

At Ballot Box—George C. Tewksbury.

Tellers— John W. Power, Fred G. Wilder, William E. Bunton, Joseph J. Duffy, Henry K. Brown, Frank A. O'Brien, Frank Y. Wellington, William D. Grannan.

A sealed package of ballots was then delivered to the Moderator, who publicly broke the seal and delivered the ballots to the ballot clerks.

A package of women's ballots was also delivered to the ballot clerks.

A list of registered voters, both men and women, was supplied by the Registrars of Voters to the ballot clerks and checkers at the ballot box.

Cards of instructions and penalties on voters were posted in prominent places, as were also specimen ballots, as required by law.

Complying with the laws of the Commonwealth, governing elections, the Town Hall was fitted up as a polling place, a space railed off and booths and shelves provided for the use of voters to examine and mark their ballots.

The ballot box was examined by the Moderator and Town Clerk and was found to be empty and the register set at zero. The keys were then delivered into the custody of Constable Garritt Barry and remained in his custody until the close of the polls.

The polls were declared open for the reception of votes for Town offices at five (5) minutes after six (6) o'clock and remained open until five (5) o'clock in the afternoon, at which time, after due notice, they were declared closed.

The ballot box, was, by unanimous consent, opened at various times during the day for the purpose of removing ballots to be counted, as follows:

At 9.00 o'clock the ballot box registered 460.
At 11.15 o'clock the ballot box registered 600.
At 2.00 o'clock the ballot box registered 860.
At 5.00 o'clock the ballot box registered 1070.

At the close of the polls the ballot box registered 1070, four of which were cast by women, leaving the total number of men voting 1066.

The names checked at the ballot box and those checked by the ballot clerks were counted and found to agree with the number registered by the ballot box, ten hundred and seventy (1070).

The ballots not used were enclosed in a package, sealed and delivered to the Town Clerk.

The ballots cast were then canvassed by the Moderator, Town Clerk and Tellers and declaration made thereof at forty (40) minutes after five (5) o'clock, as follows:

Whole number men's ballots cast 1066.

Whole number women's ballots cast 4.

Total number ballots cast 1070.

Town Clerk for one year.

On the question "Shall licenses be granted for the sale of intoxicating liquors in this Town?" two hundred forty-seven (247)

voted "Yes" and six hundred forty-nine (649) voted "No," and declaration was made that the Town had voted that no licenses be granted for the sale of intoxicating liquors in the Town during the ensuing year. Blanks 177.

The following officers were then nominated and elected to the office and for the term stated, as follows:

Fence Viewers for one year.

Max H. Meyer, William H. Murray.

Field Drivers.

Thomas O. D. Urquhart, Garritt Barry, Andrew Irwin, Daniel M. Hooley, John Duffy, F. Joseph Cahalin, Thomas F. Priest, and Edward T. Ryan.

Measurers of Wood and Bark.

Frank P. Dyer, Charles F. Donahue and Edward C. Davis.

Fish Preserver.

Everett S. Chapman.

Voted: On motion of Herbert W. Rawson that when this meeting adjourns it adjourn to meet in the Town Hall on Monday, the twentieth day of March, 1911, at eight o'clock.

Meeting adjourned at fifty (50) minutes after five (5) o'clock.

A true record: Attest:

THOMAS J. ROBINSON,
Town Clerk.

Arlington, March 7, 1911.

I hereby certify that I have this day appointed Edna C. Pierce Assistant Town Clerk and that she has taken the oath required by Chapter 25, Section 62 of the Revised Laws, for the faithful performance of her duties.

THOMAS J. ROBINSON,
Town Clerk.

SPECIAL TOWN MEETING. TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX, SS.

To either of the Constables of the Town of Arlington, in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, who are qualified to vote in elections and Town affairs, to assemble in the Town Hall, on Monday, the twentieth day of March, at 7.30 o'clock, P.M., then and there to act on the following articles, viz.:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To see if the Town will accept and establish as a Town street or way a way from Kensington Park to Pleasant Street, to be known as Brantwood Road, as laid out by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments, make an appropriation for taking and constructing the same, and determine in what manner the money shall be raised. Said street or way, as laid out, is described as follows:

Beginning at a point on the northerly line of Kensington Park 211.96 feet from the westerly line of Pleasant Street; thence, by a curved line of 20 feet radius 31.25 feet; thence, in a northerly direction 243.61 feet; thence, by a curved line of 120 feet radius 140.6 feet; thence, in an easterly direction 141.12 feet; thence, by a curved line of 10 feet radius 157.67 feet to the said westerly line of Pleasant Street; thence, along the said westerly line of Pleasant Street in a northerly direction 61.07 feet to a point distant 194.08 feet from a stone bound at the southwesterly corner of Pleasant Street and Gray Street; thence, by a curved line of 10 feet radius 16.76 feet; thence, in a westerly direction 139.82 feet; thence, by a curved line of 160 feet radius 187.47 feet; thence, by a curved line of 44.13 feet radius 69.02 feet to a point on the northerly line of Frances Avenue, so-called, 781.61 feet from the easterly line of Jason Street; thence, crossing the said Frances Avenue at right angles with the said northerly line 40 feet; thence, in an easterly direction along the southerly line of the said Frances Avenue 23.69 feet; thence, by a curved line of 20 feet radius 31.55 feet; thence, in a southerly direction 139.49 feet; thence, by a curved line of 20 feet radius 31.58 feet to a point on the northerly line of Kensington Park; thence, by the said northerly line of Kensington Park 80 feet to point of beginning.

The above described street or way is 40 feet in width, and is shown on plan approved by the Board of Survey August 10, 1908, and amended May 25, 1909, on file in the office of the Town Clerk.

ART. 3. To see if the Town will vote to change the name Laurel Street, running from Cleveland Street to Amsden Street, so-called, to Waldo Road, or take any action thereon.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this eighth day of March, in the year of our Lord one thousand nine hundred and eleven.

HERBERT W. RAWSON,
JACOB BITZER,
FRANK V. NOYES,
Selectmen of the Town of Arlington.

Middlesex County. Arlington, March 18, 1911.

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, to meet at the time and place and for the purposes herein named, by causing a printed attested copy to be left at every dwelling house in Town, and also by posting an attested copy on the doors of the Town Hall, seven days at least before said day of meeting. I further certify that a notice of said meeting was published in the *Arlington Advocate* March 17, 1911.

GARRITT BARRY,
Constable of Arlington.

In pursuance of the foregoing Warrant the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, met in the Town Hall, in said Arlington, on Monday the twentieth day of March, in the year of our Lord one thousand nine hundred and eleven, and were called to order at thirty (30) minutes after seven (7) o'clock in the evening by the Town Clerk, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

Article 1 taken up. (Choice of Moderator.)

John G. Brackett was unanimously elected Moderator and was sworn to the faithful performance of his duties by the Town Clerk.

Article 2 taken up. (Kensington Park Extension.)

The subject matter of this article was presented by Herbert W. Rawson, Chairman of the Joint Board. He explained the position and the present and past actions of the Joint Board, relative to the proposed layout and taking, and showed, by plans and charts, that the proposed layout was the only feasible layout for the future development of the territory lying beyond.

The matter was discussed by various citizens, the principal objection being the large damage assessments liable to be incurred. On a vote being called for it was,

Voted: That the Town does not accept and establish as a Town street or way the proposed extension of Kensington Park.

The hour having arrived, eight (8) o'clock, to which time the annual meeting of March 6 had been adjourned, the Moderator declared a recess of five minutes and the business of the adjourned meeting was taken up. It was then

Voted: That a recess be taken in order to enable the meeting to finish the business of the special meeting. The business of the special meeting was then resumed.

Article 3 taken up. (Changing name of Laurel Street.)

Voted: That the street running from Cleveland Street to Amsden Street be hereafter known as and called Waldo Road, and that the

name of Laurel Street heretofore used, as applying to said street, be discontinued.

All business calling the special meeting having been transacted it was

Voted: That the special meeting called for this date be now adjourned.

Special meeting adjourned at thirty-five (35) minutes after eight (8) o'clock.

Adjourned Town Meeting of March 6, 1911.

The recess taken to enable the citizens to finish the business calling the special meeting having expired by the finishing of that business, the business of the adjourned meeting of March 6 was resumed.

Article 3 taken up. (Reports of Committees.)

Frank V. Noyes, Chairman of the Committee of Twenty-One, presented the report of that Committee in printed form, and it was,

Voted: That the various articles in the Warrant calling for appropriations be now taken up, and that the recommendations made by the Committee of Twenty-One under those articles, in their printed report, be considered as now before the meeting, to be voted on without further motion, separately and in the order in which they appear in said report.

Article 4 taken up. (Appropriation for Robbins Library.)

Voted: That there be appropriated the sum of $4000, in addition to the dog tax and the receipts for fines and the sale of catalogues, for the maintenance of the Robbins Library, for the year 1911, the same to be expended under the direction of its trustees.

Article 5 taken up. (Appropriation for Public Schools.)

Voted: That the sum of $74,750 be appropriated for the Public Schools for the year 1911, $1000 to be expended for general repairs on school buildings, $750 to be expended for the maintenance and equipment of the Spy Pond Athletic Field, and the balance to be expended for the maintenance of said schools and the payment of unpaid bills; the same to be expended under the direction of the School Committee.

Article 10 taken up. (Memorial Day.)

Voted: That the sum of $275 be appropriated for the proper observance of Memorial Day, the same to be paid to the Quartermaster of Francis Gould Post 36, and to be expended under the direction of officers of Francis Gould Post 36, G. A. R.

Article 11 taken up. (Water for hydrants, etc.)

Voted: That the sum of $7000 be appropriated and paid to the Water Works Department, for water used for fire-hydrants, street watering and public buildings during the year 1911.

Article 12 taken up. (Extension of water mains.)

The appropriation asked for under this article is included in the vote appropriating the income of the Water Department.

Article 13 taken up. (Permanent sidewalks.)

Voted: That the sum of $1000 be appropriated for the purpose of extending permanent sidewalks on north side of Massachusetts Avenue, from the end of the present permanent sidewalk near Schouler Court toward Arlington Heights; such extension to be carried out under the Sidewalk Act, Section 43 of Chapter 49 of the Revised Laws, and that the sum of $2500 be appropriated for renewal and extension of other permanent sidewalks, not less than $1000 of the latter amount to be used for extensions carried out under the Sidewalk Act, Section 43 of Chapter 49 of the Revised Laws.

Article 14 taken up. (Appropriation for Sewerage System.)

Voted: That the sum of $1200 be appropriated for the maintenance of the Sewerage System for the ensuing year.

Article 15 taken up. (Extension of sewers.)

Voted: That the sum of $5000 be appropriated for the extension of the Sewerage System.

Article 16 taken up. (Highway appropriation.)

Voted: That the sum of $25,000 be appropriated for the maintenance and construction of highways during the ensuing year and for the payment of unpaid bills, and that the Street Railway Tax, now in the Treasury, amounting to $18,825, be and hereby is appropriated towards the payment thereof, and that the balance of $6175 be raised by general tax.

Article 17 taken up. (Street Watering appropriation.)

Voted: That in addition to such subscriptions as may be obtained for the purpose, an appropriation of $4300 be made for street sprinkling or treatment for the prevention of dust on streets; that $1500 of said sum be raised by general tax, and such balance as may be necessary not exceeding $2800 be raised by note of the Town for a term not exceeding one year, signed by the Treasurer and approved by the Selectmen; and the receipts from assessments levied in 1911 for street sprinkling or treatment for the prevention of dust be hereby appropriated toward the payment of said note.

Article 18 taken up. (Town Yard development.)

The Committee of Twenty-One recommended that no action be taken under this article, and it was so voted:

Article 19 taken up. (Removal of snow and ice.)

Voted: That no action be taken under this article.

Article 21 taken up. (Acceptance of Harvard Street.)

Voted: That the Town accept and establish as a Town way the private way known as Harvard Street, extending from Appleton Street to land of the Town of Arlington, as laid out by the Joint Board of Selectmen and Board of Public Works, under the pro-

visions of law authorizing the assessment of betterments; said way is more particularly described in Article 21 of the Warrant.

Article 22 taken up. (Acceptance of Magnolia Street.)

Voted: That the Town accept and establish as a Town way the private way known as Magnolia Street, extending from Massachusetts Avenue to Lake Avenue, as laid out by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; said way being more particularly described in Article 22 of the Warrant.

Article 23 taken up. (Acceptance of Belknap Street.)

Voted: That the Town accept and establish as a Town way the private way known as Belknap Street, extending from Linwood Street to Marion Road, so-called, as laid out by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; said way is more particularly described in Article 23 of the Warrant.

Article 24 taken up. (Acceptance of Marion Road.)

Voted: That the Town accept and establish as a Town way the private way known as Marion Road, extending from Massachusetts Avenue to the extension of Belknap Street, as laid out by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; said way is more particularly described in Article 24 of the Warrant.

Article 25 taken up. (Acceptance of Wellington Street Extension.)

Voted: That the Town accept and establish as a Town way the private way known as Wellington Street, extending from the end of Wellington Street as accepted by the Town, to the Spy Pond Athletic Field, as laid out by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments; said way being more particularly described in Article 25 of the Warrant.

Article 26 taken up. (Acceptance of Norfolk Road.)

Voted: That the Town accept and establish as a Town way, the private way known as Frances Avenue, extending from Jason Street to a point distant 235½ feet from Pleasant Street, as laid out by the Joint Board of Selectmen and Board of Public Works, under the provisions of law authorizing the assessment of betterments, and that the name of said way be changed to Norfolk Road; said way is more particularly described in Article 26 of the Warrant.

The Committee of Twenty-One recommended and the following vote was passed:

Voted: That the sum of $9000 be appropriated for the construction of Harvard Street, Magnolia Street, Belknap Street, Marion Road, Wellington Street and Norfolk Road.

Article 27 taken up. (Appropriation for Street Lighting.)

Voted: That the sum of $10,000 be appropriated for street lighting for the ensuing year.,

Article 29 taken up. (Block System for Assessors.)

Voted: That the sum of $500 additional be appropriated for the use of the Assessors, the same to be expended under the direction of the Assessors, to continue the work of establishing the block system.

Article 30 taken up. (Gypsy and Brown-tail Moths.)

Voted: That the sum of $3000, in addition to the sum already appropriated, be appropriated to be expended during the year ending November 30, 1911, under the direction and control of the Selectmen, in suppressing the gypsy and brown-tail moths in the Town of Arlington, in accordance with the provisions of Chapter 381 of the Acts of 1905, and amendments thereto.

Article 31 taken up. (Printing of By-Laws.)

Voted: That the sum of $400 be appropriated for the printing of the By-Laws of the Town, in accordance with the vote passed in 1910.

Article 32 taken up. (Appropriation for Insects.)

Voted: That the sum of $1000 be appropriated for suppressing insects other than the gypsy and brown-tail moths.

Article 33 taken up. (Drinking Fountains.)

Voted: That the Board of Public Works be requested to make such changes as are necessary in the drinking fountains, and pay for the same out of the maintenance fund of the Water Works.

Article 34 taken up. (Surveys and plans on Sucker Brook.)

Voted: That the sum of $500 be appropriated for surveys and plans for abolishing grade crossings and improvement of Sucker Brook, to be expended under the direction of the Special Committee appointed by the Town November 22, 1910.

Article 35 taken up. (Accommodations in High School.)

The Committee of Twenty-One recommended that no appropriation be made under this article, but that a committee be appointed to investigate the subject. It was then

Voted: That a committee of three be appointed by the Moderator to confer with the School Committee, relative to providing additional accommodations for High School pupils, and report at the fall Town Meeting. The Moderator appointed the following citizens to serve on said committee: Peter Schwamb, Frederick F. Low and Jacob R. Estabrook.

Article 7 taken up. (Town expenses, interest, etc.)

Voted: That the sum of $12,000 be appropriated for the Sinking Fund, $6000 to be taken from the income of the Water Works, and $6000 to be raised by general tax the current year; said amounts to be paid to the Sinking Fund Commissioners December 1, 1911.

That the premium on bonds sold during the year 1910, amounting to $1,450.95, together with $6000 from the income of the Water

Department and $19,499.55 taken from the unexpended balances and amounts in the treasury otherwise unappropriated, be appropriated for the payment of notes or bonds maturing in 1911.

That the sum of $14,680 from the income of the Water Department, together with $755.21, taken from the unexpended balances and amounts in the treasury otherwise unappropriated, and $17,064.79, to be raised by general tax, be appropriated for the payment of interest during the year 1911.

That the sum of $6000 be appropriated for the care of outside poor, in addition to such sums as the Town may receive from individuals reimbursing it for such care.

That the sum of $4,158.24 be appropriated to pay the following overdrafts during the year 1910:

Abatements	$3,672.92	
Sewer Construction	485.32	
		$4,158.24

Article 3 taken up. (Reports of Town officers.)

Voted: That the reports of the various Town officers, as presented in their annual reports, together with the addition of the tables of statistics of the Assessors, be accepted.

Article 6 taken up. (Repairs of highways, bridges, etc.)

Voted: That the Town ways, highways and bridges be repaired during the ensuing year, under the direction of the Board of Public Works.

Article 8 taken up. (Selectmen Agents of the Town.)

Voted: That the Selectmen be appointed agents of the Town, to institute and prosecute actions in favor of the Town, and appear and defend suits and legal proceedings against or involving the interests of the Town, with power to employ counsel therein, and when necessary in all other legal matters and business appertaining to Town affairs during the year commencing March 7, 1911.

Article 9 taken up. (Appointment of Committee of Twenty-One.)

Voted: That a committee be appointed consisting of twenty-one citizens, other than Town officers elected by ballot, to serve throughout the ensuing year and until the end of the annual meeting of 1912. The members to be selected as follows: Nine from the residents of the Russell and Parmenter School District, four from the Locke District, four from the Cutter District and four from the Crosby District.

That the Moderator of this meeting and the Chairman and Secretary of the present Committee of Twenty-One are hereby appointed a committee to nominate said Committee of Twenty-One, and to report the same to this meeting.

To this Committee, when appointed, are hereby referred all articles calling for an appropriation of money, in any Town Warrant issued during its term of office. Said Committee shall, after

due consideration of the subject matter of said articles, report thereon in print or otherwise such recommendations as it shall deem best.

Said Committee shall choose its own officers and have power to fill vacancies.

Article 20 taken up. (Civil Service for Police.)

Voted: That the Town accept the provisions of Section 37 of Chapter 19 of the Revised Laws, and that the provisions of said chapter and amendments thereto be restricted to the permanent Police Force of the Town.

The Moderator at this time appointed the following citizens to serve on the Committee of Twenty-One, for the ensuing year:

LOCKE DISTRICT.

Arthur F. Breed.....7 Ashland St.
William H. McLellan.....173 Appleton St.
Truman L. Quimby.....132 Appleton St.

All articles in the Warrant calling the meeting having been acted upon, it was

Voted: That the meeting be now dissolved.

Meeting dissolved at 10.15 P.M.

A true record. Attest:

THOMAS J. ROBINSON,
Town Clerk.

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX, SS.

To any Constable of the Town of Arlington. GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the voters of the different political parties of the Town of Arlington, qualified to vote in elections, to meet at the Town Hall in said Town, on Tuesday, the twenty-sixth day of September, 1911, it being the sixth Tuesday preceding the State election, at four o'clock in the afternoon, to give in their votes to nominate the following State and County Officers, and to elect the following committees and delegates, to wit:

To nominate Governor of the Commonwealth, Lieutenant-Governor, Secretary of the Commonwealth, Treasurer and Receiver-General, Auditor of the Commonwealth, Attorney-General, Councillor for the Sixth Councillor District, Senator for the Sixth Middlesex Senatorial District, a Representative in the General Court for the Twenty-ninth Middlesex Representative District, one County Commissioner for the County of Middlesex for three years, one Register of Deeds for the County of Middlesex for three years, one Clerk of Courts for the County of Middlesex for five years.

To elect district members of State Committees, members of Town Committees, delegates to State Conventions.

For these purposes the polls will be opened at fifteen minutes after four o'clock in the afternoon, and will be closed at nine o'clock in the evening.

Hereof fail not, and make due return of this Warrant, to the Selectmen, with your doings thereon, seven days at least before the day of said meeting.

Given under our hands at Arlington, aforesaid, this eleventh day of September, in the year of our Lord one thousand nine hundred and eleven.

HERBERT W. RAWSON,
JACOB BITZER,
FRANK V. NOYES,
Selectmen of the Town of Arlington.

Arlington, September 25, 1911.

MIDDLESEX COUNTY:

By virtue of this Warrant I have notified and warned the voters of the different political parties of the Town of Arlington, qualified to vote in elections, to meet at the time and place and for the purposes herein named, by causing a printed, attested copy to be left at every dwelling house in the Town, and also by posting an attested copy on the doors of the Town Hall seven days at least before said day of meeting.

I further certify that a notice of said meeting was published in the *Arlington Advocate* on September 22, 1911.

GARRITT BARRY,
Constable of Arlington.

Pursuant to the foregoing Warrant the voters of the different political parties of the Town of Arlington, qualified to vote in elections, met in the Town Hall, in said Arlington, on Tuesday, the twenty-sixth day of September, in the year of our Lord one thousand nine hundred and eleven, and were called to order at four (4)

o'clock in the afternoon, by Herbert W. Rawson, Chairman of the Board of Selectmen, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon said voters.

Under the law, Mr. Rawson, as Chairman of the Selectmen, officiated as Chairman of the meeting.

Under the new Primary Act, the laws governing elections prevailed, and the Town Hall was fitted up as a polling place, a space railed off and booths provided for the use of voters to examine and mark their ballots. Each booth was supplied with suitable facilities for the purpose and with cards of instructions.

The following citizens had been appointed by the Selectmen as ballot clerks, tellers and inspectors.

Ballot Clerks—Edgar Crosby and Daniel M. Daley.

Inspectors—Frank F. Russell and Henry K. Brown.

Tellers—George H. Peirce and Joseph J. Duffy.

At ballot-box—Frederick G. Wilder.

Sealed packages of ballots, supplied by the Secretary of the Commonwealth, and delivered to the Town Clerk as follows: 2000 Republican ballots, 2000 Democratic ballots and 1000 Democratic Progressive ballots, were then publicly opened by the presiding officer and delivered to the ballot clerks. As in the case of State and Town elections, specimen ballots and cards of instructions, together with cards of penalties to voters for violation of the law, were posted in at least five conspicuous places, in and near the polling place.

The ballot box was examined by the presiding officer and the Town Clerk, and was found to be empty and the register set at zero.

A list of registered voters was supplied to the ballot clerks and tellers by the Registrars of Voters.

At four minutes after four o'clock in the afternoon, the polls were declared open for the reception of votes, and were kept open until nine o'clock in the evening, at which time, as per the Warrant calling the meeting, they were declared closed.

Under the new law (Chapter 550, Acts of 1911) the ballot box could not be opened until the close of the polls.

The new law also required that all the ballots cast for any one party should be counted before any ballots of another party should be counted.

Town Counsel Hendrick had offered his services to the Chairman and Joseph Tierney and Clarence Wilbur were then appointed additional tellers, in order to determine the result as soon as possible.

At the close of the polls the ballot box registered four hundred twenty-one (421). The ballot clerks and tellers at the ballot box counted the names checked by them and found the number to

agree with the number registered by the ballot box, four hundred twenty-one (421). This number was enrolled as follows:

Republicans, three hundred fifty-five (355); Democrats, sixty-five (65); Democratic Progressive, one (1).

Owing to the provision of law prohibiting the counting of ballots until the close of the polls, the result was not announced by Chairman Rawson until 12.35 A.M. the following day, and was as follows:

REPUBLICAN PARTY. (TOTAL 355).

GOVERNOR.

Louis A. Frothingham, one hundred forty-seven (147).
Joseph Walker, one hundred seventy-seven (177).
Norman H. White, twenty-six (26).
Blanks (5).

Blanks (19).

TOWN COMMITTEE.

Daniel F. Ahern, fifty-four (54).
Timothy F. Collins, fifty-three (53).
William A. Fitzpatrick, fifty (50).
P. Henry Casey, fifty-three (53).
Luke M. Monroe, fifty-four (54).
William D. Grannan, fifty-two (52).
George C. Tewksbury, fifty-three (53).
Thomas J. Green, fifty-two (52).
James P. Daley, fifty-one (51).
Charles A. Dunn, fifty-two (52).
Frank J. Lowder, fifty-three (53).
Frederick H. Viets, fifty-two (52).
Roger W. Homer, fifty-three (53).
Edward H. Taylor, fifty-two (52).
John P. S. Ahern, fifty-one (51).
John R. Hendrick, fifty-one (51).
Augustus F. Crowley, fifty-three (53).
Frank A. O'Brien, fifty-one (51).
Daniel W. Grannan, John J. Powers, Frank A. Duff, George I. Doe, Thomas F. Kenney, Walter E. Lombard and Frank A. Mann, received one vote each (7).
Blanks (523).

DEMOCRATIC PROGRESSIVE PARTY (TOTAL 1).

The one ballot cast for the Democratic Progressive ticket was marked for
Eugene N. Foss, Governor.
David I. Walsh, Lieutenant-Governor.
Edward O. Skelton, Secretary.
Augustus L. Thorndike, Treasurer.
Charles B. Strecker, Auditor.
Roger W. Homer, Representative to the General Court.
The balance of the ticket was blank.

The election returns were then filled in, to be signed by the election officers and countersigned by the Town Clerk, and were delivered to the Town Clerk to be forwarded by him to the Secretary of the Commonwealth.

All business calling the meeting having been transacted, the

presiding officer, at one (1) o'clock A.M., declared the meeting dissolved.

A true record. Attest:

THOMAS J. ROBINSON,
Town Clerk.

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX COUNTY.

To either of the Constables of the Town of Arlington.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the constitution requires, to vote in elections and town affairs, to assemble in the Town Hall in said Town, Tuesday, the seventh day of November next, it being the Tuesday next after the first Monday in said month, at 6.00 o'clock, A.M., then and there to act on the following articles, viz:

ARTICLE 1. To bring in their votes to the Selectmen for a Governor, a Lieutenant-Governor, a Secretary, a Treasurer and Receiver-General, an Auditor of Accounts, an Attorney-General for the Commonwealth, a Councillor for the Sixth Councillor District, a Senator for the Sixth Middlesex District, a Representative in the General Court for the Twenty-ninth Representative District in the County of Middlesex, a County Commissioner for three years, a Register of Deeds for the Southern Middlesex District for five years, a Clerk of Courts for the County of Middlesex for five years. To see if the Town will vote "yes" or "no" upon the question, "Shall an Act passed by the General Court in the year 1911, entitled "An Act authorizing the Counties of the Commonwealth to establish retirement systems for their employees' be accepted." To see if the Town will vote "yes" or "no" upon the question, "Shall the proposed amendment to the constitution authorizing the use of voting machines at all elections be approved and ratified?" To see if the Town will vote "yes" or "no" upon the question "Shall the proposed amendment to the constitution increasing the power of the legislature to authorize the taking of land and property for highways or streets, be approved and ratified?"

All the above to be voted for on one ballot. The polls will be opened immediately after the organization of the meeting and will be kept open until four o'clock and thirty minutes in the afternoon, and as much longer as the meeting directs, provided the time shall not be after the hour of sunset.

Hereof, fail not, and make due return of this Warrant, with your

doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this twenty-third day of October, in the year of our Lord one thousand nine hundred and eleven.

HERBERT W. RAWSON,
JACOB BITZER,
FRANK V. NOYES,
Selectmen of the Town of Arlington.

CONSTABLE'S RETURN.

MIDDLESEX COUNTY. Arlington, November 6, 1911.

By virtue of this warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, to meet at the time and place and for the purpose herein named, by causing a printed attested copy to be left at every dwelling house in Town, and also by posting an attested copy on the doors of the Town Hall seven days at least before said day of meeting. I further certify that a notice of said meeting was published in the *Arlington Advocate*, October 28, 1911.

GARRITT BARRY,
Constable of Arlington.

In pursuance of the foregoing warrant the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, met in the Town Hall, in said Arlington, on Tuesday the seventh day of November, in the year of our Lord, one thousand nine hundred and eleven, it being the first Tuesday after the first Monday in said month, and were called to order at six o'clock in the forenoon by Herbert W. Rawson, Chairman of the Board of Selectmen, who read the warrant calling the meeting, and the return thereon of the Constable who served the same upon the inhabitants.

Selectman Herbert W. Rawson took charge of the meeting and performed the duties of presiding officer.

In compliance with the laws of the Commonwealth, governing elections, the Town Hall was fitted up as a polling place, a space railed off and booths provided for the use of voters to examine and mark their ballots. Each booth was supplied with suitable facilities for the purpose and cards of instructions.

The following citizens had been appointed by the Selectmen as election officers and were assigned as follows; after being sworn to the faithful performance of their duties by the Town Clerk.

Ballot Clerks — George H. Peirce and Daniel M. Daley.
Inspectors — Frank F. Russell and Charles P. Ladd, Jr.
Tellers — Edgar Crosby and Joseph J. Duffy.
At Ballot Box — George C. Tewksbury.

Counters — Arthur L. Bridgham, Frank Y. Wellington, William D. Grannan, William E. Bunton, Frank Dunn, Fred G. Wilder, Daniel F. Ahern, Chester Hoyt, John I. O'Brien, Edward A. Cummins, Frank Duff and Roland Crosby.

A sealed package of ballots, supplied by the Secretary of the Commonwealth, was then delivered by the Town Clerk to the presiding officer, who publicly broke the seal and delivered the ballots to the ballot clerks. Specimen ballots and cards of instructions to voters were posted in accordance with law, as were also cards of penalties to voters for violation of the law.

The ballot box was examined by the presiding officer and the Town Clerk and was found to be empty and the register set at zero. A list of registered voters was supplied to the ballot clerks and tellers by the Registrars of Voters.

At two (2) minutes after six (6) o'clock the polls were declared open for the reception of votes, and were kept open until thirty (30) minutes after four (4) o'clock in the afternoon, at which time, after due notice, they were declared closed.

By unanimous consent the ballot box was opened at various times during the day for the purpose of removing the ballots to be counted.

At seven o'clock the box registered two hundred twenty (220); at eight, five hundred seventeen (517); at nine, eight hundred (800): at ten, nine hundred three (903); at eleven, nine hundred eighty-five (985).

At the close of the polls the total number of votes cast was fifteen hundred fifty-three (1553).

The keys of the ballot box were delivered into the custody of Constable Garritt Barry and remained in his custody until the close of the polls.

The names checked by the ballot clerks and the names checked by the tellers at the ballot box were counted and found to agree with the number registered by the ballot box, 1553.

The unused ballots were enclosed in a package, sealed, and delivered to the Town Clerk, after being counted and endorsed by the ballot clerks. The number was found to be 847, which added to the number cast, 1553, made the total number received from the Secretary of the Commonwealth, 2400.

The election officers canvassed the votes given in and the whole number was found to be 1553, which were sorted, counted and declaration made thereof in open meeting by Chairman Herbert W. Rawson, at twenty minutes after five o'clock, as follows:

Whole number of ballots cast, 1553.

GOVERNOR.

John F. Carey, of Haverhill, had fifteen (15).
Eugene N. Foss, of Boston, had five hundred eighty-nine (589).

Louis A. Frothingham, of Boston, had nine hundred thirty (930)
Dennis McGoff, of New Bedford, had no vote (0).
Frank N. Rand, of Haverhill, had four (4).
Blanks, fifteen (15).

LIEUTENANT-GOVERNOR.

Walter S. Hutchins, of Greenfield, had nineteen (19).
Robert Luce, of Somerville, had nine hundred forty (940).
William G. Merrill, of Malden, had fifteen (15).
Patrick Mulligan, of Boston, had six (6).
David I. Walsh, of Fitchburg, had five hundred forty-six (546).
Blanks, twenty-seven (27).

SECRETARY.

David Craig, of Milford, had nine (9).
Frank J. Donahue, of Boston, had five hundred three (503).
Alfred H. Evans, of Northampton, had thirteen (13).
Rose Fenner, of Worcester, had fourteen (14).
Albert P. Langtry, of Springfield, had nine hundred forty-two (942).
Blanks, seventy-two (72).

TREASURER.

Joseph M. Coldwell, of Milford, had twenty (20).
Jeremiah P. McNally, of Salem, had nine (9).
Charles E. Peakes, of Weston, had thirteen (13).
Elmer A. Stevens, of Somerville, had nine hundred forty (940).
Augustus L. Thorndike, of Brewster, had five hundred one (501).
Blanks, seventy (70).

AUDITOR.

Karl Lindstrand, of Lynn, had ten (10).
Sylvester J. McBride, of Watertown, had thirteen (13).
William W. Nash, of Westborough, had eight (8).
Charles B. Strecker, of Brookline, had four hundred eighty-one (481).
John E. White, of Tisbury, had nine hundred thirty-three (933).
Blanks, one hundred eight (108).

ATTORNEY-GENERAL.

George W. Anderson, of Boston, had five hundred nineteen (519).
Henry C. Hess, of Boston, had seven (7).
George E. Roewer, Jr., of Boston, had fifteen (15).
James M. Swift, of Fall River, had nine hundred eighteen (918).
Blanks, ninety-four (94).

COUNCILLOR.

Leander V. Colohan, of Stoneham, had four hundred eighty-six (486).
Herbert E. Fletcher, of Westford, had nine hundred fifty-one (951).
Blanks, one hundred sixteen (116).

SENATOR.

Charles H. Brown, of Medford, had nine hundred forty-nine (949).
Joseph Joyce Donahue, of Medford, had five hundred eighteen (518).
Blanks, eighty-six (86).

REPRESENTATIVE IN GENERAL COURT.

John G. Brackett, of Arlington, had nine hundred thirty-nine (939).
Roger W. Homer, of Arlington, had five hundred forty-nine (549).
Blanks, sixty-five (65).

COUNTY COMMISSIONER.

Charles J. Barton, of Melrose, had four hundred ninety-eight (498).
Levi S. Gould, of Melrose, had nine hundred thirty-nine (939).
Blanks, one hundred sixteen (116).

CLERK OF COURTS.

William C. Dillingham, of Malden, had nine hundred eighty-two (982).
Thomas F. Kearns, of Waltham, had four hundred fifty-nine (459).
Blanks, one hundred twelve (112).

REGISTER OF DEEDS.

Edwin O. Childs, of Newton, had nine hundred eighty-four (984).
Charles Leo Shea, of Somerville, had four hundred twenty-one (421).
Blanks, one hundred forty-eight (148).

ON VOTING MACHINES.

Shall the proposed amendment to the Constitution authorizing the use of voting machines at all elections be approved and ratified?
Voting Yes. Seven hundred fifty-three (753).
No. Four hundred ten (410).
Blanks, three hundred ninety (390).

INCREASED POWER OF LEGISLATURE.

"Shall proposed amendment to the constitution, increasing the power of the legislature to authorize the taking of land and property for highways or streets, be approved and ratified?"
Voting Yes. Eight hundred thirty (830).
No. Three hundred three (303).

COUNTY RETIREMENT SYSTEM.

"Shall an act passed by the General Court in the year nineteen hundred and eleven, entitled 'An Act authorizing the counties of the Commonwealth to establish retirement systems for their employees,' be accepted?"

Voting "Yes" eight hundred five (805).
"No" three hundred thirty-nine (339).
Blanks, four hundred nine (409).

The election returns were then filled in, to be signed by the Selectmen and countersigned by the Town Clerk, and were delivered to the Town Clerk to be forwarded, by him, to the several places of destination.

All business calling the meeting having been disposed of, the presiding officer, at forty-five (45) minutes after five o'clock, declared the meeting dissolved.

Meeting dissolved at 5.45 o'clock P.M.

A true record. Attest:

THOMAS J. ROBINSON,
Town Clerk.

ARLINGTON, November 17, 1911.

Pursuant to law, the Town Clerks of Arlington and Lexington met in the office of the Town Clerk of Arlington on Friday, the seventeenth day of November, in the year of our Lord one thousand nine hundred and eleven, at twelve o'clock noon, for the purpose of canvassing the votes cast on the seventh day of November for a representative to the General Court of the Commonwealth to represent the Twenty-ninth Middlesex District.

The canvass showed the following result of the votes cast in Arlington and Lexington.

In Arlington, John G. Brackett had nine hundred thirty-nine (939).
In Lexington, John G. Brackett had four hundred ninety (490).
Total in Arlington and Lexington, fourteen hundred twenty-nine (1429).
In Arlington, Roger W. Homer had five hundred forty-nine (549).
In Lexington, Roger W. Homer had two hundred nineteen (219).
Total in Arlington and Lexington seven hundred sixty-eight (768).
Total votes cast in Arlington, fifteen hundred fifty-three (1553).
Blanks, sixty-five (65).
Total votes cast in Lexington, seven hundred fifty-one (751).
Blanks, forty-two (42).

The canvass showed that John G. Brackett had a majority of the votes cast in both towns.

Two certificates were filled out, signed by the Clerk of both towns, one sent to the Secretary of the Commonwealth and one to be delivered to John G. Brackett of Arlington.

THOMAS J. ROBINSON,
Town Clerk of Arlington.
CHARLES W. SWAN,
Town Clerk of Lexington.

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX SS.

To either of the Constables of the Town of Arlington, in said County.

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the constitution requires, to vote in elections and Town affairs, to assemble in the Town Hall in said Town, Monday, the twentieth day of November, current, at 7.30 o'clock P.M., then and there to act on the following articles, viz:

ARTICLE 1. To bring in their votes to the Town Clerk for a Moderator to preside for the transaction of town business.

ART. 2. To hear and act on the reports of committees heretofore appointed.

ART. 3. To see if the Town will make an appropriation to be expended from November 30, 1911, and for the twelve months next ensuing, for suppressing the gypsy and brown-tail moths, in accordance with the provisions of Chapter 381, Acts of 1905, and amendments thereto, and determine in what manner the money shall be raised, or take any action thereon.

ART. 4. To see if the Town will make an additional appropriation for Town House account, and determine in what manner the money shall be raised, or take any action thereon.

ART. 5. To see if the Town will make an additional appropriation for Incidentals Account, and determine in what manner the money shall be raised.

ART. 6. To see if the Town will make an additional appropriation for the Health Department, and determine in what manner the money shall be raised.

ART. 7. To see if the Town will make an additional appropriation for the Board of Health, and determine in what manner the money shall be raised.

ART. 8. To see if the Town will make an additional appropriation for the Wire Department and determine in what manner the money shall be raised.

ART. 9. To see what action the Town will take in reference to the acquisition of land for, and the construction of, a building at the Heights, for the use of the Fire Department and the Robbins Library, and provide for an assembly hall for the use of the citizens in that section; make an appropriation therefor and determine in what manner the money shall be raised.

(Inserted at the request of James R. Mann, et al.)

ART. 10. To see if the Town will authorize its Sinking Fund Commissioners, to liquidate, from funds in their hands, the whole or any part of the fixed debt of the Town maturing in 1912.

(Inserted at the request of the Sinking Fund Commissioners.)

ART. 11. To see what action the Town will take in regard to the extension of Henderson Street and the bridge necessary for that purpose, make an appropriation for the same or take any action thereon.

(Inserted at request of Max H. Meyer and others.)

ART. 12. To see if the Town will authorize the Board of Selectmen to dispose of the house now located on the Town House site, if necessary, or take any action thereon.

ART. 13. To see if the Town will authorize the Selectmen to make alterations in the Almshouse property, so called, on Summer Street, if necessary, or take any action thereon.

ART. 14. To see if the Town will make an appropriation sufficient to meet the charges for filling deposited on the park lands adjoining Mt. Pleasant Cemetery in accordance with the vote passed by the Town May 5, 1902, and determine in what manner the money shall be raised.

ART. 15. To see if the Town will make an appropriation for laying out and grading two new plots in Mt. Pleasant Cemetery, the same to be expended by the Cemetery Commissioners, and determine in what manner the money shall be raised.

ART. 16. To see if the Town will authorize the Town Treasurer, under the direction of the Selectmen, to borrow money for any necessary purpose, in anticipation of taxes for the year 1912; the same to be repaid directly from the proceeds of said taxes.

ART. 17. To see if the Town will accept and establish as a public way the Extension of Gray Street, so-called, from the present end of Gray Street, as accepted by the Town in 1897, to Oakland Avenue as shown on plans approved by the Board of Survey, June 16, 1900, and March 5, 1904, on file in the office of the Town Clerk, or take any action thereon. Said way as laid out is described as follows:

Beginning at a point on the northerly side of Gray Street, 376.89 feet from the westerly line of Bartlett Avenue; thence, at an angle of 172° 16′ in a westerly direction 2193 feet to the easterly line of Mt. Vernon Street, at a point 1342 feet from the southerly line of Massachusetts Avenue.

The above described line is the northerly line of the said Gray Street Extension and the southerly line is parallel with and distant therefrom fifty (50) feet extending from the said easterly line of Mt. Vernon Street to a point on the continuation of the southerly line of Gray Street 455.2 feet from the said westerly line of Bartlett Avenue; thence, on the continuation of the said southerly line of Gray Street 33.1 feet to the end of the acceptance of Gray Street by the Town November 8, 1897, as shown on plan of Gray Street Extension approved by the Board of Survey, June 16, 1900, on file in the office of the Town Clerk.

Beginning again at the point on the easterly line of Mt. Vernon

Street 1342 feet from the southerly line of Massachusetts Avenue and extending in a westerly direction 457.04 feet to a point on the easterly line of Walnut Street 1354.5 feet, more or less, from the southerly line of Massachusetts Avenue, said point being the intersection of the said easterly line of Walnut Street and the northerly line of Gray Street, as shown on plan entitled "Plan and profile of Gray Street Extension, Arlington, Mass., December 1899, H. S. Adams, C. E., approved by the Board of Survey June 16, 1900," on file in the office of the Town Clerk; thence northerly 43° 25′ west 1006.7 feet to a stone bound on the westerly line of Robbins Road 1366.44 feet from the southerly line of Massachusetts Avenue; the said described line is the northerly line of said Gray Street, between Mt. Vernon Street and Robbins Road, and the southerly line is parallel with and distant therefrom 50 feet, as shown on plan above referred to, and also on plan entitled, "Plan of Atwood Avenue, Arlington, Mass., owned by Robbins Spring Water and Land Associates, H. S. Adams, C. E., March 1898, approved by the Board of Survey March 28, 1898," on file in the office of the Town Clerk.

Beginning again at the said stone bound on the westerly line of Robbins Road; thence, at an angle of 98° 21′ with the said westerly line of Robbins Road and extending in a westerly direction 461.1 feet; thence, by a curved line of 659.03 feet radius 462 feet to a stone bound; thence, by a curved line of 38 feet radius, more or less, in a northerly direction to the easterly line of Oakland Avenue.

The above described line is the northerly line of the said Gray Street Extension and the southerly line is parallel with and distant therefrom 50 feet, between Robbins Road and Oakland Avenue, with the exception that from the last mentioned stone bound the southerly line of the said Gray Street Extension deflects to the south by a curved line of 67 feet radius, more or less, to the said easterly line of Oakland Avenue, as shown on plan of Gray Street Extension, made by H. S. Adams, C. E., and approved by the Board of Survey June 16, 1900, and approved by the Board of Survey, March 5, 1904, for change of location, said plans being on file in the office of the Town Clerk.

ART. 18. To see if the Town will make an additional appropriation for State Aid, and determine in what manner the money shall be raised.

ART. 19. To see if the Town will authorize and empower the Board of Selectmen, in the name and behalf of the Town, to release to John T. Trowbridge, all right, title and interest, in and to a certain strip of land situated on the southerly side of Spring Valley, so called, described as follows:

Beginning at a point on the southerly side of Spring Valley 192 feet, more or less, from the easterly side of Pleasant Street; thence, easterly on a curve to the left whose radius is 200 feet, more or less,

32 feet, more or less; thence, easterly on a curve to the right whose radius is 160 feet, more or less, 47 feet, more or less; thence, easterly on a curve to the left whose radius is 200 feet, more or less, 47 feet, more or less, to a point on the southerly line of Spring Valley; thence, westerly on the present line of Spring Valley 126 feet, more or less, to the point of beginning, and containing 440 square feet, more or less.

And to accept from John T. Trowbridge a proper deed of certain land situated on the northerly side of Spring Valley, so-called, and described as follows:

Beginning at a point on the northerly side of Spring Valley 208.86 feet from the easterly side of Pleasant Street; thence, running easterly on a curve to the left, whose radius is 180 feet, more or less, 28 feet, more or less; thence, easterly on a curve to the right whose radius is 180 feet, more or less, 53 feet, more or less, thence easterly on a curve to the left, whose radius is 180 feet more or less, 43 feet more or less to a point on the northerly line of Spring Valley; thence, westerly by the present line of Spring Valley 123.48 feet, to point of beginning, and containing 440 square feet, more or less.

Said release and deed to be executed and passed upon the completion of the construction of a suitable and proper alteration in the course of Spring Valley on the northerly side thereof at the expense of said John T. Trowbridge, or take any action thereon.

ART. 20. To appropriate and raise by borrowing or otherwise such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof, fail not, and make due return of this Warrant, with your doings thereon, to the Selectmen, on or before said day and hour of meeting.

Given under our hands at said Arlington, this thirtieth day of October, in the year of our Lord one thousand nine hundred and eleven.

HERBERT W. RAWSON,
JACOB BITZER,
FRANK V. NOYES,
Selectmen of the Town of Arlington.

CONSTABLE'S RETURN.

MIDDLESEX COUNTY. ARLINGTON, November 20, 1911.

By virtue of this warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, to meet at the time and place and for the purposes herein named, by causing a printed attested copy to be left at every dwelling house in the Town, and also by posting an attested copy on the doors of the Town Hall seven days at least, before said day of meeting.

I further certify that a notice of said meeting was published in the *Arlington Advocate* on November 10 and 17, 1911.

GARRITT BARRY,
Constable of Arlington.

In pursuance of the foregoing warrant the inhabitants of the Town of Arlington, qualified to vote in elections and town affairs, met in the Town Hall, in said Arlington, on Monday, the twentieth day of November, in the year of our Lord one thousand nine hundred and eleven, and were called to order at seven-thirty o'clock, by the Town Clerk, who read the warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

Article 1 taken up. (Choice of Moderator.) John G. Brackett was unanimously elected Moderator and was sworn to the faithful performance of his duties by the Town Clerk.

Article 2 taken up. (Reports of Committees.) Harry G. Porter read the report of the Committee appointed to build an addition to the Crosby School House. The report showed the total cost of the addition to the Crosby School to be (exclusive of the land purchased) $54,580.34. The report was accepted, ordered filed and the Committee discharged. File No. 708.

Peter Schwamb presented the report of the Committee on High School enlargement. The report presented four different schemes for the enlargement of the present High School Building. Scheme three as reported was approved by the Committee, and it was

Voted: That a committee of four (4) be appointed by the Moderator, one member to be chosen from the School Committee, to procure plans and estimates from a responsible architect for an addition to and alteration of the present High School Building, substantially as outlined by Scheme No. 3 as presented by the Committee. This Committee to report to the Town at the next annual Town Meeting. File number of report, 709.

The Moderator appointed Messrs. Peter Schwamb, Fred F. Low, Jacob Estabrook and Edward W. Goodwin to serve on this Committee.

Report of Committee of Twenty-one taken up. Voted, on motion of Francis L. Maguire: That the various articles in the Warrant calling for appropriations be now taken up, and that the recommendations made by the Committee of Twenty-one, under these articles, so far as they appear in their printed report, be considered as now before the meeting, to be voted on, without further motion, separately, and in the order in which they appear in said report. File number of report, 710.

Article 3 taken up. (Appropriation for Gypsy and Brown-tail Moths.) Voted: That the sum of two thousand five hundred ($2500.00) dollars be appropriated, to be expended from November

30, 1911, to November 30, 1912, under the direction and control of the Selectmen, in suppressing the gypsy and brown-tail moths in the Town of Arlington, in accordance with the provisions of Chapter 381, Acts of 1905, and amendments thereto; said sum to be raised by general tax in 1912.

Article 4 taken up. (Additional appropriation for Town House Account.) Voted: That the sum of two hundred fifty (250.00) dollars be appropriated for the Town House Account; said sum to be taken from the Interest Receipts.

Article 5 taken up. (Incidentals Account.) Voted: That the sum of five hundred (500.00) dollars be appropriated for Incidentals Account, two hundred fifty (250.00) dollars thereof to be applied to the payment of bills contracted, or to be contracted, by the committee appointed by the Town to consider the alterations and extensions necessary for the High School Building; said sum to be taken from the Interest Receipts.

Article 6 taken up. (Additional appropriation for Health Department.) Voted: That the sum of sixteen hundred (1600.00) dollars be appropriated for the Health Department; said sum to be taken from the Interest Receipts.

Article 7 taken up. (Additional appropriation for Board of Health.) Voted: That the sum of five hundred (500.00) dollars be appropriated for the Board of Health; said sum to be taken from the overlayings of 1911.

Article 8 taken up. (Additional appropriation for Wire Department.) Voted: That the sum of two hundred fifty (250.00) dollars be appropriated for the Wire Department; said sum to be taken from the overlayings of 1911.

Article 9 taken up. (Land and building for Fire and Library purposes.) The Committee recommended that no action be taken under this article.

Article 10 taken up. (Sinking Fund Committee to liquidate debts.) Voted: That the Sinking Fund Commissioners be and hereby are duly authorized to pay over to the Town Treasurer, from funds in their possession, the sum of ninety-one thousand (91,000) dollars, the same to be used in liquidation of the Town Debt maturing January 1, 1912.

Article 11 taken up. (Extension of Henderson Street and bridge.) Voted: That there be appointed by the Moderator a committee of three citizens, representing the Centre section, the Heights section and the East End section of the Town, to confer with a committee appointed, or to be appointed, by the City of Somerville, relative to the extension of Henderson Street and bridge necessary for that purpose, said Committee to make a report at the next annual Town Meeting.

The Moderator appointed Jacob Bitzer, Robert W. Pond and Max H. Meyer to serve on said Committee.

Article 13 taken up. (Alterations in Almshouse property.) Voted: That the sum of five hundred (500) dollars, be appropriated for making alterations in the Almshouse, under the direction and control of the Selectmen; $200.00 of said sum to be taken from the Interest Receipts and the balance, $300.00, to be taken from the Summer Street Estate Account.

Article 14 taken up. (Filling in Meadow Brook Park.) Voted: That the sum of thirty (30) dollars be appropriated to meet the charges for filling deposited on the park lands adjoining Mt. Pleasant Cemetery; said sum to be taken from the overlayings of 1911.

Article 15 taken up. (Grading of new plots in Mt. Pleasant Cemetery.) Voted: That the sum of five thousand (5000) dollars be appropriated for laying out and grading two new plots in Mt. Pleasant Cemetery, the same to be expended by the Cemetery Commissioners; said sum to be raised by general tax in 1912.

Article 18 taken up. (Additional appropriation for State Aid.) Voted: That the sum of fifty (50) dollars be appropriated for State Aid; said sum to be taken from the Military Aid Account.

Still acting under Article 2 (Reports of Committees), Peter Schwamb presented the final report of the Committee on Fire Apparatus and Combination Auto Chemical and Hose Truck. The report showed the total cost of the new apparatus to be $5426.25, and the cost of alterations in station houses to adapt them to changes made necessary by the installation of the new apparatus and the rearrangement of the other pieces of apparatus, to be $852.44. The report of the Committee was accepted, ordered filed and the Committee discharged. (File number of report 711.)

Article 16 taken up. (Authority of Treasurer to borrow money.) Voted: That for the purpose of procuring a temporary loan to and for the Town of Arlington, in anticipation of taxes of the municipal year 1912, the Town Treasurer is hereby authorized and directed to borrow, on and after January 1, 1912, from time to time, with the approval of the Selectmen, a sum or sums, in the aggregate not exceeding one hundred fifty thousand (150,000) dollars and to execute and deliver therefor the note or notes of the Town issued in accordance with and conforming to the requirements of Chapter 616 of the Acts of 1910, payable within one year from the time the loan is made. Any debt or debts incurred by a loan or loans to the Town under this vote shall be paid from the taxes of said municipal year.

Article 12 taken up. (Selectmen to dispose of building on Town House site.) Voted: That the Selectmen be and hereby are, authorized in the name and behalf of the Town to dispose of, at auction or otherwise, the building now standing on the Town House site.

Article 17 taken up. (Acceptance of Gray Street Extension.) Voted: That the Town accept and establish as a public way

the extension of Gray Street, so-called, from the present end of Gray Street, as accepted by the Town in 1897, to Oakland Avenue, as shown on plans approved by the Board of Survey June 16, 1900 and March 5, 1904, as laid out by the Joint Board of Selectmen and Board of Public Works, March 25, 1911, under the provisions of law authorizing the assessment of betterments. Said extension is described as follows:

The northerly line is described as follows: Beginning at a point on the northerly side of Gray Street, as already accepted three hundred seventy-six and eighty-nine-hundredths feet (376.89) northwesterly from the west corner of Bartlett Avenue; thence, north forty-four (44) degrees, thirty (30) minutes west, two thousand two hundred thirty-three and three-hundredths (2233.03) feet to a stone bound on the west line of Mt. Vernon Street; thence, north forty-three (43) degrees, twenty-five (25) minutes west; one thousand four hundred twenty-three and seventy-two-hundredths (1423.72) feet to a stone bound on the west line of Robbins Road; thence, north forty-one (41) degrees, forty (40) minutes west, four hundred sixty-one and ten-hundredths (461.10) feet to a stone bound; thence, westerly on a curve to the left whose radius is six hundred fifty-nine and three-hundredths (659.03) feet, a distance of four hundred sixty-two (462) feet to a stone bound; thence, northerly on a curve to the right whose radius is thirty-eight (38) feet, a distance of sixty-three (63) feet, more or less, to the easterly line of Oakland Avenue.

The southerly line is described as follows: Beginning at a stone bound on the southerly line of Gray Street at the division line between the property of Frank W. Wunderlich and the heirs of Henry J. Locke, the above mentioned stone bound also being at the northerly end of Gray Street, as accepted by the Town November 8, 1897; thence, north fifty-two (52) degrees, fourteen (14) minutes west, thirty-three and one-tenth (33.1) feet; thence, north forty-four (44) degrees, thirty (30) minutes west, two thousand one hundred sixty-two and sixty-six-hundredths (2162.66) feet; thence, north forty-three (43) degrees, twenty-five (25) minutes west, one thousand four hundred twenty-four (1424) feet, more or less; thence, north forty-one (41) degrees, forty (40) minutes west, four hundred sixty-two (462) feet, more or less, to a stone bound; thence, on a curve to the left, whose radius is six hundred and nine and three-hundredths (609.03) feet a distance of four hundred twenty-six and ninety-five-hundredths (426.95) feet; thence, on a curve to the left whose radius is sixty seven (67) feet, more or less, a distance of eighty (80) feet, more or less, to the easterly line of Oakland Avenue.

The above described lines are shown on plans of Gray Street Extension and Atwood Avenue made by H. S. Adams, C. E., and approved by the Board of Survey, May 28, 1898, June 16, 1900

and March 5, 1904, said plans being on file in the office of the Town Clerk.

Article 19 taken up. (Straightening of lines of Spring Valley.) Voted: That the Town authorize and empower the Board of Selectmen, in the name and behalf of the Town, to release to John T. Trowbridge, all right, title and interest in and to a certain strip of land situated on the southerly side of Spring Valley, so-called, described as follows: Beginning at a point on the southerly side of Spring Valley one hundred ninety-two and thirty-five-hundredths (192.35) feet from the easterly side of Pleasant Street; thence easterly on a curve to the left, whose radius is two hundred feet, thirty-five and seventy-five-hundredths (35.75) feet; thence, easterly on a curve to the right whose radius is one hundred and sixty (160) feet, forty-six and ninety-two-hundredths (46.92) feet; thence, easterly on a curve to the left whose radius is one hundred seventy-five and eight-hundredths (175.08) feet, forty-three and sixty-seven-hundredths (43.67) feet to a point on the southerly side of Spring Valley; thence, westerly on the present line of Spring Valley one hundred twenty-six and twenty-three-hundredths (126.23) feet to the point of beginning and containing four hundred fourteen and ninety-three-hundredths (414.93) square feet.

Said deed to be executed and delivered upon the completion of the construction of a suitable and proper alteration on the northerly side of said Spring Valley at the expense of the said John T. Trowbridge and upon the receipt from said Trowbridge of a proper release deed to the Town of certain lands situated on the southerly side of the said Spring Valley.

Voted: That the Town authorize the Board of Selectmen to accept, in the name and behalf of the Town, a properly executed deed, of certain land situated on the northerly side of Spring Valley, so-called, and bounded and described as follows:

Beginning at a point on the northerly side of Spring Valley two hundred eight and eighty-six-hundredths (208.86) feet from the easterly side of Pleasant Street; thence, easterly on a curve to the left, whose radius is one hundred and eighty (180) feet, thirty-two and seventeen-hundredths (32.17) feet; thence, easterly on a curve to the right, whose radius is one hundred and eighty (180) feet, fifty-two and seventy-eight-hundredths (52.78) feet; thence, easterly on a curve to the left, whose radius is one hundred and fifty-five and eight-hundredths (155.08) feet, thirty-eight and sixty-eight-hundredths (38.68) feet to a point on the northerly line of Spring Valley; thence, westerly by the present line of Spring Valley one hundred twenty-three and forty-eight-hundredths (123.48) feet to point of beginning and containing four hundred sixteen and eighty-three-hundredths (416.83) square feet.

The number of voters attending the meeting, as determined by

the Constables in charge of the turnstiles, was two hundred twenty-two (222).

All articles in the Warrant calling the meeting having been acted on it was

Voted: That this meeting be now dissolved.

Meeting dissolved at nine o'clock.

A true record. Attest:

THOMAS J. ROBINSON,
Town Clerk.

REPORT OF THE BOARD OF SELECTMEN.

The Board of Selectmen herewith submit the following report for the fiscal year ending December 31, 1911.

On March 8, 1911, the newly elected Board, consisting of Herbert W. Rawson, Jacob Bitzer and Frank V. Noyes, met in the Selectmen's room in Town Hall, where the oath of office was administered to them by the Town Clerk. The Board organized as follows: Herbert W. Rawson, Chairman; Thomas J. Robinson, Secretary.

Standing Committees.

Herbert W. Rawson, Police Department and State Aid.
Jacob Bitzer, Fire Department and Public Lands.
Frank V. Noyes, Outside Poor, Town House and Public Buildings.

The Board of Selectmen is composed of three members, elected at the regular annual town meeting (the first Monday in March), all for the term of one year.

The Board also acts as Overseers of the Poor and as Board for the Suppression of Gypsy and Brown-tail Moths.

The regular meetings of the Board are held Monday evenings, at 7.30 o'clock, in the Selectmen's room, in Town Hall.

Town Debt and Tax Rate.

On December 31, 1910, the fixed debt was	$774,650.00
Amount paid during the year	26,950.00
On December 31, 1911, the fixed debt is	$747,700.00

The above figures show a decrease in the fixed debt of the Town of $26,950.00, for the year, there being nothing added during that time.

Sinking Fund.

On December 31, 1910, the Sinking Fund was	$176,195.58
During the year the following amounts have been added to the Fund, as follows:	

For interest	$7,124.54	
By appropriation	12,000.00	
From Lexington Peat Company	3,237.30	
		22,361.84
		$198,557.42

During the year the following amounts have been paid from this fund, as follows:

Rent of Safety Deposit Box	$10.00	
Depreciation on sale of bond	25.00	
Amount paid Treasurer to pay water bonds due January 1, 1912	91,000.00	
		$91,035.00

On December 31, 1911, the Sinking Fund is $107,522.42

The total fixed debt remaining is $747,700.00, or $26,950.00 less than it was a year ago.

The tax rate for 1911 is $20.40 on $1,000.00, which is thirty cents more than it was in 1910.

The total increase in personal and real estate April 1, 1911, as compared with the year 1910, was as follows:

Personal Property.		Real Estate.	
1910.	1911.	1910.	1911.
$1,506,781.00	$1,672,875.00	$10,380,486.00	$11,437,608.00

Increase in 1911 of	$166,094.00
Increase in 1911 of	$1,057,122.00
Increase in both Real and Personal Property in 1911	1,223,216.00

STATE, COUNTY AND METROPOLITAN TAXES.

	1911.	1910.	Increase.
State Tax	$16,610.00	$16,610.00	.....
County Tax	10,605.00	11,519.57	$914.57*
Metropolitan Sewer Tax	10,948.00	10,319.02	628.98
Metropolitan Water	18,249.50	16,241.07	2,008.43
Metropolitan Park Tax	9,226.69	5,537.80	3,688.89
Charles River Basin Tax	2,879.39	.....	2,879.39
Alewife Brook Tax	1,803.33	.....	1,803.33
*Decrease.	$70,321.91	$60,227.46	$10,094.45

The total State, County and Metropolitan taxes for 1911 are $70,321.91, or $10,094.45 more than was the total for 1910. This amount is made up as follows:

Alewife Brook Assessment (not levied in 1910)	$1,803.33
Charles River Basin Tax (not levied in 1910)	2,879.39
Excess on Park Tax over 1910	3,688.89
Excess on Water Tax over 1910	2,008.43
Excess on Sewer Tax over 1910	628.98
	$11,009.02
Less decrease in County Tax from 1910	914.57
	$10,094.45

This is the first year that a tax has been levied on the Town for the Charles River and Alewife Brook Improvements, and the large increase in the State, County and Metropolitan Taxes is directly responsible for the increased rate of taxation. We can see no indication of a reduction in these taxes in the near future.

Corporation and Bank Tax Received by the Town.

	1911.	1910.	Increase.
Corporation Tax	$5,787.32	$5,316.93	$470.39
Bank Tax	7,216.99	5,063.94	2,153.05
Street Railway Tax	16,816.33	15,552.43	1,263.90
Boston Elevated Ry. Tax	2,949.17	2,860.14	89.03
Bay State Street Ry. Tax.	226.93	346.03	*119.10
Lex. & Bos. St. Ry. Tax .	68.04	66.40	1.64
	$33,064.78	$29,205.87	$3,858.91

The total receipts as shown above for 1911 amount to $33,064.78, which is an increase of $3,858.91 over the receipts of 1910.

Debt Maturing.

In the next five years the debt maturing as it stands December 31, 1911, anounts to $259,353.00, divided as follows:

*Decrease.

1912	$113,950.00
1913	88,550.00
1914	20,450.00
1915	19,450.00
1916	16,950.00
	$259,353.00

Of this amount $91,000.00 water bonds mature January 1, 1912, and will be taken care of from the Sinking Fund. The balance due in 1912, amounting to $22,950.00 must be raised by taxation.

In 1913 the total debt maturing is $88,550.00, of which $64,600 is for High School bonds, which will be paid from the Sinking Fund, leaving the balance of $23,950.00 to be paid by general tax.

Bonds of Treasurer, Collector and Town Clerk.

The bond of the Town Treasurer of Arlington is given by the American Surety Company of New York, in the sum of $20,000.00, for the municipal year 1911–1912, and until his successor is elected and qualified. His services as Treasurer of the Sinking Fund of the Town are also covered by this bond, and which is binding until his successor in the office of Treasurer of said Sinking Fund is elected and qualified.

The bond of the Collector of Taxes of Arlington is given by the United States Fidelity and Guarantee Company, Baltimore, Md., in the sum of $10,000.00 for the municipal year 1911–1912, and until his successor in said office is elected and qualified.

The bond of the Town Clerk, Clerk of Departments and Clerk of the Cemetery Commissioners is given by the American Surety Company of New York in the sum of $1,500.00 for the municipal year 1911–1912, and until his successor in said office is elected and qualified.

All of the above bonds have been examined and approved, as to form, by the Town Counsel.

The bonds are in the custody of the Board of Selectmen.

Town Hall.

The recommendations of the Board last year as to the advisability of expending about $300.00 in making changes, agreeable to the State authorities, in order to allow our citizens to conduct

entertainments where scenery could be used was early in the year considered by the Board. Unofficial information reached the Board that the Town was to receive, through the noble generosity of Mr. Winfield Robbins, a gift of a new Town Hall, which would be fitted for all kinds of entertainments as well as business offices. Nothing further was done as regards changes in the present Town Hall building. Only ordinary and necessary repairs have been made in the building during the year. Numerous complaints have been made to the Board by voters, at elections, of the unnecessary delay in voting, caused by having but one ballot box. The Board is informed by the Town Clerk that about three hundred ballots have been cast in one hour, about five a minute, and that voting with one box cannot be done more quickly. It is, therefore, the intention of the Board to provide another set of booths and another ballot box, so that all the voters may be accommodated.

Metropolitan Park Assessments.

As reported last year the fixed proportionate part of all the cities and towns in the Metropolitan District was established by a decree of the Commissioners, appointed by the Supreme Court. Under the terms of the decree Arlington will pay each year for the next four years (the first assessment was paid this year) its proportionate part, as follows:

For Parks	.00564
For Boulevards	.01057
Nantasket Beach Reservation	.00515
Charles River Dam and Basin	.00517
Charles River Basin Sinking Fund and Interest requirements	.00462

Purification of Alewife Brook and Adjacent Area.

Under the provisions of the decree apportioning the cost of the work on Alewife Brook, between the cities of Cambridge and Somerville, and the towns of Belmont and Arlington, we were called upon this year to pay our assessment for this improvement amounting to $1,803.33. In the early part of the year the Park Commissioners asked for a further appropriation of $50,000.00 (in addition to the $125,000.00 already appropriated) for the completion of this work. A conference was held by the representatives

of this Town, Belmont, Somerville and Cambridge, and a unanimous protest was filed against this large additional appropriation. A compromise was effected, by which the sum of $15,000.00 was appropriated for the extension of this work to "Little Spy Pond" and the completion of the work already commenced. Arlington's share of this $15,000.00 will be twenty-four per cent, or $3,600.00. It is expected that the whole improvement will be completed in the near future.

Military Aid, State Aid and Soldiers' Relief.

Military Aid. This aid is rendered a soldier or sailor who, through no fault of his, is in urgent need of assistance and the amount paid for State Aid is insufficient to properly care for him. It is only given in extreme cases and during the reception of Military Aid his State Aid is suspended. One-half the amount paid by the Town for Military Aid is reimbursed by the State the following year. There is but one case at the present time receiving Military Aid.

State Aid. The number of persons receiving this aid is larger this year than ever before and it would appear that as your population increases and new comers find residences here from other places, this aid would increase from year to year. All applications for this Aid must be approved by the Commissioner of State Aid before being paid as the full amount approved by the Commissioner is returned to the Town by the Commonwealth the following year.

Soldiers' Relief. Two cases have been added to this list during the year and one has been discontinued, making one more on the list than in 1910. This relief is only given in very urgent cases. The Town bears the entire expense.

Grade Crossing at Massachusetts Avenue.

As reported last year, by a decree of the Railroad Commissioners, the time during which the West End Street Railway Company could maintain and use the existing grade crossing over the Boston & Maine Railroad tracks on Massachusetts Avenue in Arlington Centre, was extended to June 1, 1912. Unless a further extension of time is granted work should begin toward abolishing this crossing during the coming year.

Street Car Traffic at Arlington Centre.

Practically the same conditions exist today that existed a year ago, as to the congestion of traffic at the Centre caused by the switching of cars of the Boston Elevated Railway Company at Water Street and the turnout opposite the First Parish Church. While the Board feels that conditions at this section should be changed the remedies offered are so many and varied that a solution of the problem is a most difficult one. The subject is more fully reported on in the report of the Joint Board.

Outside Poor.

The number of persons receiving aid during the year is larger than in previous years, twenty-two more than in 1910, made up principally of young children, who will probably be a care to the Town for some years to come. This is unavoidable and a matter that cannot be foreseen or estimated upon. The Board examines thoroughly every individual application for aid and only renders aid when, in its opinion, it is deserving. It is impossible to foresee from year to year what changes may be brought about by the hand of death. During the year sixteen children have been left fatherless, and in each case the mother, thus left without means of support, has applied for aid. The Board keeps in close touch with all cases and encourages self-support where possible. During the year one case has been discontinued. For financial statement as to the amount expended for this work during the year see Auditor's Report, as the law now forbids the publication of the names of any persons receiving aid.

Liability Insurance.

The liability insurance of the Town covering work done by the Highway, Sewer, Water and Health Departments is carried by the Travellers' Insurance Company of Hartford, Conn., and will not expire until May 20, 1913. There have been no serious accidents during the year.

Fire Insurance.

The subject of Fire Insurance of Town property is one that has been before this and previous Boards for a number of years.

The feasibility of the Town carrying its own insurance has been seriously considered. The change would necessitate a larger ap-

propriation each year, for the creation of a fund for this purpose, until a sufficient sum had been accumulated, than is now paid for renewals. The total insurance carried by the Town on December 31, 1910 was, in round figures $472,000.00, at the rate of $1.35 per hundred for five years. Previous efforts made for a reduction of this rate had failed. This year Mr. Noyes, of the Board, took the matter up and had a new list of values of Town property made, showing value and character of risks. With this list and the fact that the Town had a most efficient fire department he was able to secure a reduction on the rate for the Town property from $1.35 to $1.05 on a hundred. With this reduction in rate the Town is now carrying $600,000.00 insurance at practically the same expense as was formerly paid for $472,000.00. The credits received from unexpired policies, in addition to the appropriation made for insurance was more than sufficient to meet the premiums on the additional insurance.

The increase in the amount of insurance carried was made necessary by the new addition to the Crosby School, the new Auto Truck and the undervaluation of property in the Robbins Library.

Jury List.

While, under the law, the list of jurors need not be made up until July of each year, the Board feels that the custom of previous Boards in publishing the list in the Town Report should be continued. A copy of this list is filed with the Town Clerk, the Clerks of the various Courts, and the Sheriff of Middlesex County.

The list as made up for 1912 appears in its proper place in this report.

Municipal Loans.

By virtue of the provisions of Chapter 616 of the Acts of 1910 all municipal notes issued for any purpose must be authenticated by the Director of the Bureau of Statistics of the State. Under this Act there is absolutely no possibility of forgery unless by collusion, of the Selectmen, Treasurer and Town Clerk, as all notes are signed by the Treasurer and countersigned by the Selectmen in the presence of the Town Clerk. As a further safeguard a certificate from the Director's office is mailed to each of the Selectmen and to the Town Clerk, stating that a note has been presented to the Director for authentification, bearing their name and asking

if such a note was signed by them. All notes thus authenticated must be in strict conformity to the vote of the Town authorizing the issue of such note. The expense on each note is but $2.00.

Town Yard.

Nothing of a particular character has been done on this property during the year. The buildings situated thereon are rented and the Town derives a revenue therefrom.

The Health Department continues to use the container for house offal constructed two years ago.

Telephone Rates.

Beginning with the fiscal year 1911 the old custom of making an appropriation each year for telephones was discontinued. It was found that the annual appropriation of $625.00 for this service did not represent one-half of the amount annually paid by the Town. Each department, or official, now pays for this service from the appropriation made for such department, or official. There has been a tendency to keep the use of the telephone within the prescribed number of calls allowed by the contract.

Following the recommendations of the State Highway Commission, the New England Telephone and Telegraph Company submitted new rates and contracts for all telephones used by the Town and paid for from municipal funds. Early in the year the new contracts were made and in most cases three hundred additional calls were added to the number of calls allowed under the old contract, with no additional expense to the Town. We are informed that the new contracts are giving satisfaction.

Police Department.

During the year this department has gone along in a satisfactory manner. Nothing of an unusual character has occurred. During the year it became necessary, in order to maintain the discipline of the department, to drop one patrolman from the regular force. The vacancy thus created was filled by the appointment of Edwin C. Jacobs, on October 16, 1911.

At the town meeting held March 20, 1911, the Town voted to accept the provisions of Section 37, of Chapter 19, of the Revised Laws, relative to the laws of Civil Service applying to the Police

Department. Acting under the provisions of said Law three applicants having taken the examination were certified to this Board by the Civil Service Commissioners. Mr. Jacobs, receiving the highest percentage in the examination, received the appointment.

The force at the present time consists of a Chief, a Lieutenant, a Sergeant, and five Patrolmen, the rank of Sergeant being created this year and Patrolman Duffy appointed to the position.

For further details your attention is called to the Report of the Chief of Police.

Fire Department.

During the past year there have been a number of changes made in the department. The Highland Hose House has been remodeled so as to adapt it to the changes made necessary by the installation of the new Auto Chemical and Hose Truck Combination. The Committee appointed November 23, 1909, made their final report to the Town Meeting, held November 20, 1911.

The report states that the cost of the new Combination Auto Chemical and Hose Truck was $5426.25.

The cost of remodelling the Highland Hose House to accommodate this piece of apparatus was $852.44.

Following the instructions given the Committee by the Town the following changes were made in the location of the various pieces of apparatus:

The horse-drawn chemical wagon was transferred from the Highland Hose House to the William Penn Hose House on Broadway.

The Hook and Ladder Truck was transferred from the William Penn Hose House on Broadway to the Highland Hose House on Massachusetts Avenue.

A modern and fireproof system of the handling of gasoline was installed at the Highland Hose House for the use of the Combination Auto Chemical and Hose Truck.

With these changes the Board feels that the efficiency of the department has been greatly increased.

Attention is called to the urgent necessity of the Town taking some action in the very near future to the erection of a building at the Heights to accommodate the department in this section. Land has already been purchased, adjoining the present house, and it would seem advisable that a new building be erected thereon as

soon as possible. Particularly is this true in view of the fact that the present building has been condemned by the Building Inspector.

From a close study of the cost of installing and maintaining power-propelled apparatus as compared with horse-drawn apparatus there will be no reduction in the annual appropriation of this department, the result of the use of such apparatus being in the vastly improved efficiency of the department. For details of work done by the department you are referred to the report of the Chief of the department.

Contract for Furnishing Coal to Town Departments.

Following the custom of many years, the Board issued requests to the several departments of the Town to furnish the Board with the kind and amount of coal required for each department for the year. This practice was inaugurated and continued because of the fact that better prices could be obtained by purchasing the entire amount of coal required in one contract and from one concern. This method has always worked to the advantage of the Town.

This year, however, the School Committee, exercising their undoubted right to expend money appropriated for the use of the schools, decided to purchase the coal necessary for the schools and their department is not included in the departments furnished under this arrangement.

Invitations were extended to ten different concerns for furnishing the remaining Town Departments with coal for the year. Five bids were received. The bid of the Peirce & Winn Company being the lowest of those received, they were awarded the contract.

The prices for the various kinds and grades of coal were as follows:

D. and H. Lackawanna egg, furnace and stove, per ton ...	$5.95
William Penn, Reading Hard and Hazeltine, furnace, egg and stove	6.20
Honey Brook, furnace, egg and stove	6.45
D. and H. stove (Outside Poor)	6.90

The departments furnished with coal are Town Hall, Library, Fire, Water, Highway and Outside Poor.

Contract for Printing Annual Town Report.

Eight invitations were issued to different firms for proposals to print, bind and deliver two thousand copies of the Annual Town Reports for the year 1911. Four bids were received. Gardner & Taplin Company were the lowest bidders and they were awarded the contract. The number to be printed, two thousand copies, is four hundred more than were printed in 1910, owing to the fact that fully two hundred citizens of the Town were unable to procure copies of the 1910 report.

Gypsy and Brown-Tail Moth Department.

The work of this department continues under the efficient direction of the Superintendent, William H. Bradley.

Mr. James F. Higgins was reappointed Clerk.

As in previous years the policy of the Board has been to keep in close touch with this work. Superintendent Bradley not only makes a weekly written report to the Board, but appears personally at every meeting of the Board, in order to discuss, if necessary, any questions that may arise, relating to the work.

The following is Superintendent Bradley's report of the conditions in the Town:

"The force and maintenance of this department the past year has been kept at the minimum. The conditions of the Town will compare favorably with surrounding towns. In the residential sections, the infestation was so slight that it was deemed wise to commence exterminative measures. Therefore, a section was laid out, and in addition to treating the nests, the dead limbs were cut off and holes and crevices covered with tin or filled with cement, thus eliminating many breeding places. The woodland adjoining Menotomy Rocks Park and Kensington Park has been cleaned up, also on a number of small vacant lots the underbrush was cut and burned, the trees trimmed, dead trees cut down, and a general cleaning up made, which improved the property, will increase the value, and materially aid in reducing the future cost of moth work. By continuing this policy of cleaning up a section each year, the Town will in a very short time be on a self-sustaining basis. All trees wherever possible received careful attention during the spraying season. Nine tons of arsenate of lead was used the past season in this very important feature of the work.

Parasites.

"Thus far no appreciable decrease in the Gypsy and Brown-tail Moths has been noted that could properly be accredited to the Parasites. The Flacherie or 'Wilt Disease,' which is a natural cholera among caterpillars caused by insufficient nourishment, over-production, etc., is being propagated artificially under the direction of the State Forester's Office, to be distributed to the infested towns for planting in woodlands this coming year. In a few towns where plantings of this disease were made last year good results have been reported. There still remain a number of vacant and neglected wood lots to be cleaned up, and with the regular routine work, such as spraying, treating the nests, etc., I would recommend an appropriation of seven thousand dollars for the maintenance of this department the ensuing year."

Respectfully,

WILLIAM H. BRADLEY,
Local Superintendent.

Almshouse Property.

This property was vacated during the year and owing to the size of the house and the number of rooms it has not been occupied since. In November the Board asked for an appropriation of five hundred dollars, to enable them to make such alterations in the building as to convert it into a two-tenement house. The sum asked for was voted by the Town and contracts for the work have been made. The increase in revenue after the change is made will, no doubt, amply repay the Town for the amount expended.

Licenses for Dances, Entertainments, Etc.

Numerous complaints were received by the Board from parents and others, relative to the conduct of young people attending dances in the Town. No regulations governing these dances had ever been made and the Board, after investigation of the complaints, passed the following orders

First. That no person shall open, maintain or operate any theatrical exhibition, public show, public amusement or exhibition of any description, to which admission may be obtained upon payment of money or upon the delivery of any valuable thing, or by a ticket or voucher obtained for money or any valuable thing without

first having obtained a license therefor from the Board of Selectmen, subject to the conditions as the Board of Selectmen may establish.

Second. That at all licensed theatrical performances, public shows, public amusements, or exhibitions of any description, a police officer, in uniform, shall be in attendance during all the time of such performance, show, amusement, or exhibition, provided the same may be deemed necessary by the Chief of Police, the expense of such officer to be paid by the licensee. All applications for licenses shall be made to the Town Clerk, who shall submit the same to the Chief of Police for his approval before issuing, and he shall designate thereon whether such officer is required or not.

This action of the Board is not to be construed as a desire to, in any way, interfere with or place obstacles in the way of the social or fraternal organizations of the town in conducting dances, entertainments, etc. The action was made necessary in order that when occasion requires or complaints are made the Board will be in a position to revoke or suspend the license.

Licenses.

Licenses granted during the year were as follows:

Common Victuallers. A. C. LaBreque, 606 Massachusetts Avenue; Isabella M. MacDonald, 1406 Massachusetts Avenue; A. O. Sprague, 5 Mystic Street; Louis C. McKenna, 460 Massachusetts Avenue; Charles F. Ford, 1111–1113 Massachusetts Avenue; Napoleon J. Hardy, 657 Massachusetts Avenue; James Scanlan, 10 Sawin Street; *Ernest H. Ricker, 1410–1412 Massachusetts Avenue; *Ralph E. Milbury, 1399 Massachusetts Avenue; Mary E. Ricker, 1410–1412 Massachusetts Avenue; *Herbert C. Hurd, 1381 Massachusetts Avenue; Joseph J. Devlin, 55 Teel Street; Warren E. Davis, 1390 Massachusetts Avenue; George H. Baxter, 1041 Massachusetts Avenue; William H. Ahern, 124 Paul Revere Road; Lawrence Barrieau, Spy Pond Shore; Willard A. Thompson, 77 Dudley Street; Louis C. Taylor, Spy Pond Boat House.

Junk. Max Rosenfeldt, 1306 Cambridge Street, Cambridge; Benny Klaymer, 470 Columbus Street, Somerville; Joseph Berkman, 134 Pine Street, Cambridge; Samuel Wax, 10 Minot Street, Boston.

* Revoked.

Pool Table. Joseph W. Ronco, Post Office Building; Raphael D. Guarente, 612 Massachusetts Avenue; Harvey E. Giles, 444 Massachusetts Avenue.

Auctioneers. Arthur J. Hendrick, 99 Medford Street; Frank Y. Wellington, 15 Wellington Street; James H. Shedd, 28 Draper Avenue; Frank V. Noyes, 11 Gray Street; George D. Moore, 133 Broadway; F. Alfred Patterson, Arlington Heights; Winthrop Pattee, Janson Street; James M. Mead, Mt. Vernon Street.

Intelligence Office. Arlington Exchange, Ellen M. Dow, Wyman Street.

To Transport Spirituous or Intoxicating Liquors under Provisions of Chapter 421, Acts of 1906. George W. McClellan, 7 Webster Street; Wood Brothers, 1 Water Street; Arthur M. Curtin, 963 Massachusetts Avenue; Jesse C. Fletcher, 32 Sawin Street; American Express Company, Railroad Station, Arlington.

No sixth-class licenses were granted during the year. Attention is called to the financial statements and comparative tables herewith submitted. For further detail of expenditures see Auditor's Report.

HERBERT W. RAWSON,
JACOB BITZER,
FRANK V. NOYES,
Selectmen.

GYPSY AND BROWN-TAIL MOTH DEPARTMENT.

Classification of Expenditures as to Character of Work. January, 1911, to January, 1912.

	Labor	Materials	Sundries

ANNUAL REPORT OF THE CHIEF OF POLICE.

ARLINGTON, MASS., January 1, 1912.

To the Honorable Board of Selectmen.

Gentlemen: I have the honor to submit herewith the following report of the police department for the year ending December 31, 1911.

During the year there were 221 arrests classified as follows:

Abandoning wife	1
Arson	2
Assault and battery	13
Assault with a dangerous weapon	3
Assault indecent	2
Bastardy	1
Being present at a game on the Lord's day	6
Breaking and entering and larceny	9
Capias	4
Disturbance of the peace	13
Disturbance on a street car	2
Drunkenness	78
Forgery	1
Giving a false alarm of fire	1
Having a loaded revolver in possession	1
Having adulterated milk in possession	1
Illegal sale of liquor	2
Illegal taking of a team	1
Insane	1
Keeping a liquor nuisance	5
Larceny	17
Manslaughter	1
Malicious injury to personal property	5
Non-support	2
Receiving stolen property	1
Safe-keeping	4
Selling obscene books	1
Stubborn child	1

Tramp	2
Trespass and larceny	8
Uttering a forged check	1
Vagrancy	4
Suspicion	1
Violation of by-laws	5
Violation of the pure food laws	1
Violation of the automobile laws	12
Violation of the game laws	6

The above cases were disposed of in the Third District Court as follows:

Committed to the House of Correction	9
Committed to the House of Correction and appealed	2
Committed to the State Farm	5
Committed to the State Farm and appealed	2
Committed to the Danvers Insane Hospital	1
Committed to the Foxboro Hospital	1
Committed to the Lancaster School for Girls	1
Continued cases	3
Defaulted	4
Discharged	10
Fined	31
Fined and appealed	9
Held for the Grand Jury	4
Held for the police of other places	17
Placed on file	40
Placed on probation	41
Released from station (first offense of drunkenness)	41

Cases were disposed of in the Superior Court as follows:

Arson, two cases, discharged.

Breaking and entering and larceny, two cases sentenced to the Massachusetts Reformatory.

Assault and battery, one case plea of nolo and paid $20 as costs.

Disturbance of the peace, one case fined $10 and paid.

Disturbance of the peace, one case sentenced to six months in the House of Correction.

Drunkenness, one case placed on probation.

Liquor nuisance, one case placed on file.

Liquor nuisance, two cases pending.

Malicious injury to personal property, one case plea of nolo and paid $10 as costs.
Selling obscene books, one case sentenced to one year in the House of Correction.
Tramp, one case sentenced to the State Farm.
Reckless driving an automobile, one case pending.

Of the above number arrested 127 claimed residence, 94 were non-residents, 31 were under the age of seventeen years, 21 were females and 3 were colored. Fines to the amount of $788.00 were imposed. Twenty-five were arrested on warrant, 69 were arrested on summons and 127 were arrested without warrants. The chief attended the district court 58 days and the officers 174 days.

Those arrested were born in the following countries:

Armenia	1
Canada	6
England	1
France	2
Italy	19
Ireland	40
New Brunswick	2
Norway	1
Nova Scotia	9
Prince Edward Island	1
Poland	3
Russia	2
Sweden	4
Scotland	1
United States	128

Miscellaneous Work.

Accidents reported	61
Ambulance calls	31
Buildings reported vacant and specially protected	79
Cases investigated	534
Dead bodies cared for	5
Defective streets reported	2
Defective electric lights reported, Arc	69
Defective electric lights reported, Incandescent	227
Defective wires reported	44

Defective water pipes reported	13
Defective gas pipes reported	2
Details for public assemblages	11
Dogs killed	7
Disturbances suppressed without arrest	18
Fires extinguished without alarm	1
Fire alarms given	5
Glass in fire alarm boxes reported broken	77
Injured persons assisted home	10
Injured persons assisted to hospitals	23
Lanterns placed on dangerous places	45
Lost children cared for	13
Messages delivered	39
Notices served for the Selectmen	17
Number of officers attending fires	56
Obstructions in streets reported	41
Sick persons assisted home	2
Sick persons assisted to hospitals	3
Stores found unlocked at night and secured	140
Search warrants for liquors served	3
Search warrants for obscene literature served	1
Stolen property reported, value	$1544.54
Stolen property recovered, value	$554.00
Duty calls on police signal system	28,693
Telephone calls received over the police signal system	793
Wagon calls	4

Officers have been off duty sick during the year 61 days.

The enforcement of the liquor and gaming laws during the year has been vigorous and successful: the town of Arlington still maintains the position of being one of Massachusetts' cleanest towns in this respect.

The Police Signal System.

28,693 duty calls have been rung in by the officers while patroling the streets and 793 telephone calls have been received at police headquarters from them in regard to their work while on duty.

As has been said in other reports, without this system, this department would have been unable to perform its duty as well as it has; it is a safeguard to the officer doing conscientious work and a watch

dog on those inclined to shirk, and lightens rather than adds to his labor.

Officers do not ring in the same box twice in succession only in cases of emergency and do not follow a certain course or ring in a certain box at a fixed time.

That certain sections of the town may be better patrolled and that we may know for a certainty that the officer has been through these sections four new police boxes are needed very much.

There should be a box placed near the junction of Florence and Hillside Avenues at Arlington Heights, one on Brattle Street near Summer, one on Warren Street near Beacon and one on Lake Street near the depot.

No additional boxes have been placed or purchased since the system was first installed July 1, 1906, and I would respectfully recommend that the sum of $560 be appropriated for this specific purpose.

Boxes are now located as follows:

Box No.	
12	Junction of Henderson and Massachusetts Avenue.
14	Junction of North Union and Broadway.
15	Junction of Tufts and Massachusetts Avenue.
141	Junction of Broadway and Massachusetts Avenue.
21	On Medford Street near Lawrence field.
23	Junction of Mystic and Fairview Avenue.
31	Junction of Mill and Massachusetts Avenue.
32	Junction of Gray and Bartlett Avenue.
34	Junction of Pleasant and Kensington Road.
41	Junction of Grove and Massachusetts Avenue.
44	Junction of Forest and Massachusetts Avenue.
412	Near the car barns, Massachusetts Avenue.
431	Junction of Westminster and Westmoreland Avenue.

A By-Law Needed to Prevent the Use of Fire Arms within the Limits of the Town.

The actual need of a by-law to prevent the discharge of fire arms and air rifles within the town, has been brought forceably to the attention of every man in this community the past year who has had any regard for the safety of his neighbor's life at heart.

One life has been sacrificed and several hurt by the use of fire

arms and air rifles and during a certain portion of the year it has been actually unsafe for one to walk in the woods or around the shores of our ponds; in the excitement for game, gunners discharge their pieces without any regard for the safety of others, stray shot not only coming too close for comfort but in many instances hitting the houses in these localities.

The town has or is becoming too thickly populated to allow these conditions to continue longer; in many instances I have personally investigated conditions and have remonstrated with some of those using guns, to little or no effect, and I ask that every effort be made to have the following by-law accepted and approved at this annual Town Meeting.

Proposed By-Law.

Section 1. No person shall, except in the performance of some duty required of him by law, discharge any cannon, gun, pistol or other fire arm, loaded with ball or shot, or with powder or other explosive only, or any flobert rifle, so called, or any air gun, within the limits of the town of Arlington, without a permit from the board of Selectmen.

The Ambulance.

If this branch of the service is to be maintained and patients taken to the new Arlington Hospital certain alterations must be made at once that will necessitate an outlay of about $100.00. It must be converted from a one-horse vehicle to a two-horse.

It was built for the use of one horse only, and is so heavy that the horses we are compelled to use have never been able to haul it up some of the hills in the residential districts.

I have suggested that the ambulance be turned over to the hospital authorities for their use and that when necessary for the police to use an ambulance to go to other than the hospital, we pay for such use.

During the year we have been called upon to assist in 61 accident cases and the splendid spirit and promptness which our local doctors have shown in responding to our calls in these cases deserve special mention and commendation.

I would recommend that the sum of $300.00 be appropriated for repairs, maintenance and horse hire for the ambulance for the ensuing year.

That we need another patrolman is apparent to any person who

is familiar with the layout of the town and of the routes now covered by the officers.

Route number 1 is at Arlington Heights, all territory west and north of the junction of Massachusetts Avenue and Forest Street, and is about twelve and one-half miles long.

Route number 2 is all territory between Mill and Academy Streets and Forest Street, and is about eight and one-half miles long.

Route number 3 is all territory from monument to Mill Street, including Pleasant and Mystic Streets, and is about eight and one-fourth miles long.

Route number 4 extends from the monument to Medford line and Broadway to the Somerville line, and is about six miles long.

Route number 5 is from the monument to the Belmont line, including Massachusetts Avenue to the Cambridge line, and is about six miles long.

Each of these routes is extra long and should never be doubled or left uncovered, but under present conditions where the men have one day off in thirty, this has to be done 96 days in the year.

That we may obviate this condition I would ask that the sum of $685 be appropriated for the services of one additional patrolman.

Owing to the large influx of strangers on Sundays and holidays, and the ever increasing number of automobiles passing through the town, certain points have become very dangerous to foot passengers, and on these days a special officer should be placed on duty to protect life.

I have reference to Massachusetts Avenue at the car barns, to the crossing at the junction of Massachusetts Avenue and Pleasant Street, and at the junction of Mystic Street and Massachusetts Avenue. This would mean about thirty days' work for three men and would cost $225.00.

In view of the estimates for the purposes herein mentioned I would respectfully recommend that the sum of $12,300.00 be appropriated for the maintenance of the police department for the ensuing year.

In conclusion I wish to take this opportunity to express to your Honorable Board my deep appreciation for the many courtesies rendered during the year.

Respectfully submitted,

THOMAS O. D. URQUHART, *Chief of Police.*

ANNUAL REPORT OF THE CHIEF ENGINEER OF THE FIRE DEPARTMENT.

ARLINGTON, January 1, 1912.

To the Honorable Board of Selectmen of the Town of Arlington.

Gentlemen: I respectfully submit my annual report of the Arlington Fire Department for the year ending December 31, 1911, giving details of the force, apparatus, record of alarms and fires, with the amount of losses and insurance on property endangered, as near as could be ascertained; also appropriations and expenditures, together with recommendations and suggestions for the best interests of the department and the town.

ORGANIZATION.

The number of companies is the same as last year, although in different places, this change being occasioned by the purchase of an Auto Chemical Combination, which was placed in Hose 2 house and Hose 2 wagon put out of commission. The ladder truck was moved from the Central Station on Broadway to Hose 2 house on Massachusetts Avenue and chemical engine moved to take the place of ladder truck in Central Station. By this change we have the ladder truck in a more central location, with a down grade for most of the alarms, therefore a saving to the horses. During the past year a mutual aid system has been put in operation with the city of Somerville, whereby, on first alarm from five boxes, in the east end of the town, calls are answered by a Steamer and Hose Company from Somerville Fire Department the same as if in their own city. The Arlington Department returns the favor by answering three boxes in Somerville, with Hose Company and Chemical Engine under the same conditions. This arrangement is a decided benefit to both places, and is accomplished without any extra expense to either department outside of connecting the fire alarms.

MANUAL FORCE.

The force consists of forty-four men assigned as follows: Walter H. Peirce, Chief Engineer; T. J. Donahue, First Assistant Chief;

F. P. Winn, Second Assistant Chief and Clerk. There are seven permanent men, placed as follows: D. J. Sullivan, Auto Combination A; D. B. Tierney, Auto Combination A; William C. Mead, Ladder Truck; J. F. Sweeney, Hose Company No. 1; G. W. Corbett, Hose Company No. 3; Patrick O'Brien, Chemical A; J. M. Hurley, spare driver.

Hose Company No. 1 is manned by the following men: Robert Murry, Captain; George N. White, Lieutenant; George Baxter, Richard Jenkins, Robert Austin, E. V. Gay.

Hose Company No. 3: F. W. Russell, Captain; E. J. Crowe, Lieutenant; James McWilliams, E. L. Smith, Warren Beers, Daniel Barry, Roscoe Kimball, W. P. Luddy, Thomas K. Millett.

Ladder Company No. 1: J. W. Kenney, Captain; George Finley, Lieutenant; William Spires, T. W. Hurley, William T. Canniff, George Mead, Ed. Mead, E. H. Griffin, John Donahue, Daniel Hourtey, William T. Slattery.

Auto Combination A: John Finley, Lieutenant; John Tierney, William P. Dale, Charles J. Donahue.

Chemical A: J. L. Hughes, Captain; J. H. Harwood, Lieutenant; James Underwood, John Barry.

Salaries Paid the Department.

Chief per year	$300.00
First Assistant Chief per year	150.00
Second Assistant Chief and Clerk	150.00
Permanent drivers per year	$936.00 each
Captains per year	85.00 each
Lieutenants per year	80.00 each
Call men per year	75.00 each

Apparatus.

The department has two hose wagons, one chemical engine, one ladder truck, one auto combination hose and chemical truck, two hose wagons in reserve and two exercise wagons. There are ten hand chemicals on the several pieces. The outfit is all in good condition.

Hose.

There are 7200 feet of 2½ cotton, rubber-lined hose in the department, 300 feet having been discarded as unfit for use. This number of feet will have to be replaced the coming year with new

ARLINGTON FIRE ALARM.

Box	Location.
13.	Corner Henderson and Sawin Street.
14.	Corner Massachusetts Avenue and Teel Street.
15.	Corner Massachusetts Avenue and Winter Street.
16.	Corner Massachusetts Avenue and Tufts Street.
162.	Massachusetts Avenue between Palmer and Wyman Streets.
17.	Lake Street opposite D. Wyman's house.
21.	North Union Street opposite Fremont.
212.	Broadway corner Gardner Street.
221.	Somerville alarms from Transmitter Box.
22.	Town Hall, Police Station (special).
23.	Junction Broadway and Warren Street.
24.	Beacon Street near Warren.
25.	Central Fire Station, Broadway. (Hose No. 3, Chemical A.)
26.	Corner Medford Street and Lewis Avenue.
27.	Corner Mystic and Summer Streets.
28.	Mystic Street near Fairview Avenue.
31.	Kensington Park.
32.	Pleasant Street near Lake Street.
34.	Pleasant Street opposite Gray Street.
35.	Pleasant Street between Addison and Wellington Streets.
36.	Town Hall.
37.	Russell Street corner Russell Terrace.
38.	Academy Street near Maple Street.
39.	Massachusetts Avenue corner Mill Street.
4.	Jason Street near Irving Street.
41.	Massachusetts Avenue near Schouler Court.
43.	Corner Summer and Grove Streets.
45.	Highland Fire Station, 1007 Massachusetts Avenue. (Combination A, Ladder No. 1.)
46.	Brattle Street near Railroad Station.
47.	Massachusetts Avenue opposite Forest Street.
48.	Forest Street north of railroad track.
52.	Westminster Avenue corner Westmoreland Avenue.
54.	Junction Park and Westminster Avenue, Lowell and Bow Streets.
512.	Elevated Railroad Carhouse, Massachusetts Avenue.
61.	Corner Florence and Hillside Avenues.
63.	Wollaston Avenue opposite Wachusett Avenue.

64. Fire Station, Park Avenue (Heights). Hose No. 1.
65. Appleton Street near Oakland Avenue.
71. Massachusetts Avenue near Hibbert Street.

2 — 2 at 7.15, 8.30 A.M.; 12.45, 1.15 P.M., no school. At any other time department will answer same as Box 36.

2 blows, 6.45 A.M., 1 blow noon and 2 blows, 6.45 P.M., test blows.

2 blows, dismissal.

3 blows twice, second alarm.

3 blows three times, third alarm.

8 blows followed by two rounds box number, forest fire.

10 blows, out of town signal. Companies report at their stations and await orders.

12 blows twice, police signal.

5 blows (special signal). Engine 6, Somerville, to respond to any box in Arlington from which a fire alarm has been sounded.

Still alarm. 6 blows on bell. This signal sounded on tower bell of each fire station only.

WALTER H. PEIRCE,
Chief Fire Department.

R. W. LE BARON,
Superintendent of Wires.

hose. Out of the 7200 feet there are 4850 feet of good hose; the balance of 2350 feet cannot be used with safety on account of its age.

Horses.

There are at present eight horses in the department, one of which will have to be replaced the coming year. The past year we lost one horse by death, which happened at the Heights Station, the horse dropping dead while being exercised. Two horses have been sold the past year, on account of the installing of the auto, and the proceeds credited to the department account. During the past year we received a check of $75 from Brooks Farm, West Medford, for the use of a horse which was loaned them two years ago. The horses have consumed 962 bushels of grain, 43,072 pounds of hay, 3262 pounds of straw, at a cost of $1060.64, which makes the cost of each horse per week $2.36.

Buildings.

Hose 2 building has been thoroughly repaired the past year. This was necessary on account of the installing of the auto and ladder truck, and was paid for out of a special appropriation voted for that purpose. This building will not require any repairs for some time. The building at the Heights is in very bad condition, and has been condemned by the Building Inspector. It is in such a condition that it would not pay to spend any money on repairs. A new building must be provided immediately. The Town has already purchased additional land for this purpose. The building at the Centre, on Broadway, is in fair condition and nothing will have to be done here, unless the Town installs an Auto Pumping Engine, which is needed. If that is done, the building will have to be changed somewhat to accommodate the same.

Auto Combination Chemical.

The department installed on March 18 a Knox Auto Combination Chemical and Hose Truck. This has proved, so far, a decided benefit to the department, and the cost of maintenance very small, compared with horses. Up to this date it has answered 97 alarms, has traveled 203.2 miles at a total cost of $52.

It has been the means of cutting down the fire loss at a number of fires. I cannot speak too highly of the working of this car and

only hope that we may be able to have more of them in the near future.

Appropriations.

The appropriations for year ending December 31, 1911.

General appropriation	$11,800.00	
Receipts	462.00	
		$12,262.00

Expenditures.

Permanent men pay roll	$6,370.50	
Call men and engineers	3,138.75	
Rent	35.00	
New horses	580.00	
Horse hire	43.00	
Hay and grain	1,060.64	
Fuel	279.86	
Laundry	37.36	
Light	57.34	
Blacksmith work	141.26	
Supplies and incidentals	173.97	
Repairs	89.77	
Veterinary service	41.75	
Telephones	181.12	
Unexpended balance	31.68	
		$12,262.00

For further details see auditor's report.

Fire Alarms.

There have been 46 bell alarms, 73 still alarms. Out of the 46 bell alarms three have been false. The several companies have performed the following fire duty:

Hose 1 has answered 42 bell alarms and 12 still alarms, traveled 99 miles, on duty 51½ hours, laid 2950 feet hose, used 35 pony chemicals.

Hose 3 has answered 28 bell alarms, 14 still alarms, traveled 63 miles, on duty 40 hours, laid 10,550 feet hose and used 19 pony chemicals.

Chemical engine A has answered 14 bell alarms, 7 still alarms, traveled 28¼ miles, on duty 20 hours, used 9 tanks of chemical and 17 pony chemicals.

Ladder Company No. 1 has answered 46 bell alarms, traveled 67 miles, on duty 23 hours, used 585 feet ladders and 2 pony chemicals.

Hose 2 has answered 5 bell alarms, 2 still alarms, traveled 19¼ miles, on duty 8½ hours, laid 750 feet hose and used 3 pony chemicals, to March 18th, when it went out of commission.

Auto Combination A has answered 41 bell alarms, 49 still alarms, traveled 197½ miles, on duty 68½ hours, laid 4250 feet hose, used 18 tanks of chemical and used 102 pony chemicals. The alarms of fire were as follows:

List of Fires, 1911.

January 11. Still alarm, 4.45 P.M.; Wyman, East Massachusetts Avenue. Grass. No loss.

January 11. Still alarm, 5.30 P.M. Niles, East, Mystic Street. Grass; no loss.

January 22. Box 16, 1.05. Wooden boat house owned by L. C. Taylor. Value of building $600, insurance on building, $500, insurance paid on building $5, value of contents $300, insurance on contents $200, insurance paid on contents $50.

January 22. Box 16, 1.34 P.M. False.

January 23. Box 24, 11.10 P.M. Boiler house on Rawson Estate off Park Street. Value of building $1500, insurance on building $1200. No loss. Value of contents $2000, insurance on contents $1000. No loss.

February 1. Still alarm, 1.35 P.M. Cutter Estate off Mill Street. Grass; no loss.

February 3. Still alarm, 8.27 A.M. Wooden dwelling, owner M. J. Gallagher, Pleasant Street. Value of building $6000, insurance on building $5000. No loss. Value of contents $1500, insurance on contents $1000. No loss.

February 20. Box 45, 12.45 A.M. Brick factory, Massachusetts Avenue, owner Standard Jewelry Company. Value of building $8000, insurance on building $7500, insurance paid, $3700. Value of contents $10,000, insurance on contents $14,500, insurance paid, $3750.

February 23. Still alarm, 9.08 P.M. Unfinished dwelling house, on Norfolk Road, owner E. A. Snow. No damage.

February 28. Box 15, 10.35 P.M. Unfinished dwelling house, on Cleveland Street; owner C. S. O. Petersen. No damage.

March 5. Still alarm, 6.19 P.M. Woods and grass, near H. McMann. No loss.

March 6. Box 16, 10.10 P.M. Unfinished dwelling house, Marion Road; owner John Lyons. Value of building, $4500; insurance on building, $4000; insurance paid, $250.

March 11. Still alarm, 7.20 A.M. Dwelling house, Upland Road; owner, F. Cousens. Value of building, $5000; insurance on building, $4500; insurance paid, $10. Value of contents, $1500; insurance on contents, $1500; insurance paid, $35.

March 24. Still alarm, 5.16 P.M. Woods Menotomy Park. No loss.

March 21. Box 36, 5.57 A.M. Wooden shop, Massachusetts Avenue; owner, Hodgdon Estate. Value of building, $4000; insurance on building, $3000; insurance paid on building, $150. Value of contents, $2100; insurance on contents, $900; insurance paid on contents, $150.

March 25. Still alarm, 12.08 P.M. Lowell Street. Grass; no loss.

March 25. Still alarm, 1.30 P.M. Pile of rubbish on land of A. Bain, Lowell Street. No loss.

March 25. Still alarm, 1.45 P.M. Brush fire, Williams Street. No loss.

March 25. Still alarm, 6.00 P.M. Grass fire near stable of F. S. Mead, Massachusetts Avenue. No loss.

March 26. Still alarm, 10.29 A.M. Grass, near C. T. Hartwell's building. No loss.

March 26. Still alarm, 12.20 P.M. Grass; Claremont Avenue. No loss.

April 1. Still alarm, 12.02 P.M. Grass; Brattle Street Extension. No loss.

April 2. Still alarm, 11.20 A.M. Grass; near Lexington line, Appleton Street. No loss.

April 3. Still alarm, 9.20 A.M. Grass; Casey Estate, Grove Street. No loss.

April 3. Still alarm, 2.20 P.M. Brush, near Symes Hospital. No loss.

April 4. Still alarm, 10.22 A.M. Grass; Summer Street Estate. No loss.

April 7. Box 71, 8.15 P.M. False alarm.

April 7. Box 24, 1.41 P.M. Wooden barn, Beacon Street; owned by P. Collins. Value of building, $740; insurance on building, $1100; insurance paid on building, $160. Value of contents, $500; insurance on contents, none.

April 13. Box 14, 11.48 A.M. Grass; Magnolia Street. No loss.

April 13. Still alarm, 12.55 P.M. Grass, Lowell Street. No loss.

April 17. Box 52, 3.27 P.M. Wooden dwelling, 75 Westminster Avenue; owner Mrs. H. T. Elder. Value of building, $3000; insurance on building, $2000; insurance paid on building, $10. Value of contents, $1500, insurance on contents, $1000; insurance paid on contents, $50.

April 17. Still alarm, 3.27 P.M. Brush off Forest Street. No loss.

April 17. Still alarm, 5.20 P.M. Brush off Forest Street. No loss.

April 17. Still alarm, 7.15 P.M. Brush off Forest Street. No loss.

April 19. Still alarm, 11 A.M. Grass; Massachusetts Avenue, near Grove. No loss.

April 19. Still alarm, 2.37 P.M. Grass; Chapman Street. No loss.

April 19. Still alarm, 3 P.M. Grass; Walnut Street. No loss.

April 22. Still alarm, 10.05 A.M. Grass and rubbish; Moore Court. No loss.

April 23. Still alarm, 7.40 P.M. Grass; Pleasant Street. No loss.

April 24. Still alarm, 11.50 A.M. Woods; Forest Street. No loss.

April 24. Still alarm, 8.30 P.M. Grass; Bow Street. No loss.

April 26. Still alarm, 9.30 A.M. Grass; Russell Estate, Medford Street. No loss.

April 26. Still alarm, 1.40 P.M. Grass; Park Avenue. No loss.

April 27. Box 52, 11.08 A.M. Brush; Crescent Hill. No loss.

April 27. Still alarm, 2.16 P.M. Brush; Church Hill Park. No loss.

April 27. Still alarm, 7.30 P.M. Grass; Norfolk Road. No loss.

April 27. Box 17, 10.50 P.M. Wooden barn, Lake Street; owner, J. Silk. Value of building, $1000; insurance on building, $2000; insurance paid, $1500.

April 28. Still alarm, 11.07 A.M. Rubbish off Gray Street. No loss.

April 29. Still alarm, 8.10 A.M. Grass; Mystic Street, near Mystic Lake.

April 29. Still alarm, 9.16 A.M. Grass; Bartlett Avenue. No loss.

April 29. Still alarm, 12.07 M. Grass; corner Mystic and Russell Streets. No loss.

May 1. Box 48, 3.02 A.M. Call from Turkey Hill in Winchester.

May 2. Still alarm, 11.15 A.M. Dump off Gray Street. No loss.

May 2. Still alarm, 5.10 P.M. Dump off Mill Street. No loss.

May 3. Box 27, 12.55 A.M. Wooden factory, Mystic Street; owner S. W. Gould & Bros. Value of building, $8000; insurance on building, $5000; insurance paid on building, none. Value of contents, $5000; insurance on contents, $3000. No loss.

May 4. Still alarm, 1.55 P.M. Brush; Robbins Road. No loss.

May 5. Still alarm, 4 P.M. Grass; Robbins Road. No loss.

May 6. Box 61, 12.50 A.M. Pile of telephone poles, Park Avenue.

May 6. Still alarm, 9.10 A.M. Grass; Locke Estate, Massachusetts Avenue. No loss.

May 6. Still alarm, 1.20 P.M. Grass; Locke Estate, Massachusetts Avenue. No loss.

May 6. Still alarm, 2.42 P.M. Brush; Menotomy Park. No loss.

May 6. Box 27, 3.25. P.M. Test for Auto Combination A.

May 6. Box 17, 3.40 P.M. Test for Auto Combination A.

May 6. Still alarm, 5.30 P.M. Grass; Menotomy Park. No loss.

May 6. Still alarm, 12.07 P.M. Grass; off Highland Avenue. No loss.

May 7. Box 36, 7.31 A.M. Wooden dwelling, corner Massachusetts Avenue and Water Street; owner, Almira F. Whittemore. Value of building, $3000; insurance on building, $2500; insurance paid on building, $350. Value of contents, $1000; no insurance. Loss on contents, $100.

May 7. Still alarm, 7.55 P.M. Grass; Eastern Avenue. No loss.

May 8. Still alarm, 1.05 A.M. Grass; Robbins Road. No loss.

May 8. Box 45, 10.48 A.M. Brush and woods; Robbins Road. No loss.

May 8. Box 52, 11.10 A.M. Grass; Crescent Hill. No loss.

May 8. Still alarm, 2.15 P.M. Brush; Paul Revere Road. No loss.

May 8. Box 45, 2.44 P.M. Woods, Robbins Road. No loss.

May 8. Still alarm, 3.08 P.M. Brush; Paul Revere Road. No loss.

May 13. Still alarm, 10.40 A.M. Brush; Oakland Avenue. No loss.

May 13. Still alarm, 12.17 M. Brush; Bow Street. No loss.

May 23. Box 24, 10.13 A.M. Wooden dwelling, 24 Beacon Street; owner, J. P. Nelligan. Value of building, $2000; insurance on building, $1500; insurance paid on building, $136. Value on contents, $500; no insurance. No loss.

May 28. Box 71, 10.48 A.M. Wooden building, 48 Dundee Road; owner, F. H. Albers. No loss.

May 29. Still alarm, 4.30 P.M. Brush off Jason Street, Hill Estate. No loss.

June 4. Still alarm, 12.50 P.M. Woods off Park Avenue. No loss.

June 6. Box 64, 7.11 A.M. Wooden dwelling, Lowell Street; owner, Brady Estate. Value of building, $400; insurance on building, $400; insurance paid, $15. Value of contents, $500; insurance on contents, $500; insurance paid on contents, $25.

June 7. Box 65, 7.58 P.M. Wooden dwelling, 32 Appleton Street; owner, T. H. Fay. Value of building, $3000; insurance on building, $2000; insurance paid on building. $175. Value of con-

tents, $1000; insurance on contents, $1000; insurance paid on contents, $125.

June 20. Still alarm, 11.50 P.M. Dump near Schouler Court. No loss.

June 26. Box 36, 11.10 A.M. Alarm pulled by accident.

June 28. Still alarm, 9.11 P.M. Haystack, Brooks Avenue. Small loss.

June 29. Box 17, 12.31 A.M. Haystack, Lake Street. Wyman Brothers.

July 3. Box 14, 8.25 P.M. False alarm.

July 4. Box 24, 3.19 A.M. False alarm.

July 4. Box 46, 3.31 A.M. Wooden stable, Dudley Street; owner, M. McGregor. Value of building, $50; insurance on building, $50; insurance paid, $50.

July 4. Box 61, 3.40 A.M. Henhouse, Eastern Avenue; owner, E. Robbins Estate. Small loss.

July 4. Still alarm, 8.35 P.M. Wooden dwelling, 791 Massachusetts Avenue; owner, Estate W. H. Allen. Value of building $2000; insurance on building, $2000; insurance paid on building, $25. Value of contents, $2000; insurance on contents, $1500. No loss.

July 7. Still alarm. 3.12 P.M. Grass, Medford Street. No loss.

July 9. Still alarm. 4.30 P.M. Grass, Medford Street. No loss.

July 11. Still alarm, 4.15 P.M. Woods, Crescent Hill. No loss.

July 12. Still alarm, 1.24 P.M. Woods, Crescent Hill. No loss.

July 13. Still alarm, 11.45 A.M. Brush off Montague Street. No loss.

July 15. Still alarm, 11.15 A.M. Dump near Schouler Court. No loss.

July 16. Still alarm, 6.08 P.M. Grass, Medford Street. No loss.

July 31. Box 43, 10.03 A.M. False alarm.

August 14. Still alarm, 9.25 P.M. Dump, Chestnut Street. No loss.

August 17. Still alarm, 11.10 A.M. Lunch cart, 460 Massachusetts Avenue. No loss.

August 22. Still alarm, 3.36 P.M. Dump, Chestnut Street. No loss.

December 28. Box 16, 9.56 P.M. Fence and boards off Brooks Avenue; owner, J. Lyons. Small damage.

December 29. Still alarm, 11.07 P.M. Grass; near Brattle Station. No loss.

December 29. Box 212, 6.46 P.M. Wooden stable, 35 Gardner Street; owner, J. Silk. Value of buildings, $1000; insurance on building, $600. (Insurance on this fire not settled yet.)

December 29. Still alarm, 9.37 A.M. Cement house, 5 Wildwood Avenue. No loss.

December 30. Box 64, 10.30 A.M. Wooden dwelling, 1271 Massachusetts Avenue; owned by A. G. McDonald. Value of building, $5000; insurance on building, $4000; insurance paid on building, $70. Value of contents, $2500; insurance on contents, $1500. No loss on contents.

Value of buildings endangered	$81,215.00
Insurance on buildings endangered	65,350.00
Loss on buildings endangered	10,825.00
Insurance paid on buildings endangered	10,160.00
Value of contents of buildings endangered	39,400.00
Insurance on contents of buildings endangered	35,900.00
Loss on contents of buildings endangered	5,810.00
Insurance paid on contents	4,235.00

Recommendations.

I recommend the appropriation of $12,600, for the maintenance of the Fire Department and the purchase of new hose, for the ensuing year.

The need of a steamer or auto combination pump is very evident, and we cannot get it any too soon. At the recent fire on Belknap Street, the want was very plainly illustrated to the citizens of the town. I therefore recommend the purchase of a combination auto pump, chemical and hose truck to be installed in the Central Station on Broadway, to take the place of the chemical engine and hose wagon now stationed there. By so doing we will do away with the keeping of four horses and still have better fire protection.

I recommend the erection of a fire station at the Heights, and the purchase of an auto combination chemical and hose truck to instal there in place of the horses which are now in use there. The reason for this is that a building is imperative, and something must be done. It seems to me foolish to build a building to accommodate horses for a few years, as it will only be a short time

when horses will be discarded entirely from fire department work. The proposition of a building to accommodate an auto is very much cheaper than one for horses. I think that enough can be saved in building for auto use to buy the auto, and then the upkeep of building used for auto instead of horses is much cheaper.

I recommend the purchase of 1000 feet of new hose the coming year. This is a matter which must be taken care of; the hose is continually wearing out and must be replaced. Some of the hose in the department has been in use a long time and is getting unreliable.

Conclusion.

In closing my report I respectfully thank your honorable board for the courteous manner in which you have received me in my official capacity. I also wish to thank all other officials of the town who have so willingly given their services, when called upon. To my assistants and members of the department my thanks, for the able manner in which they answered all demands made upon them, making the work of the department a great benefit to the town and a pleasure to command a force of such a character.

Respectfully submitted,

WALTER H. PEIRCE,
Chief.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES.

ARLINGTON, MASS., December 31, 1911.

To the Honorable Board of Selectmen:

Gentlemen: I herewith respectfully submit my fifth annual report of the services of this department, for the year ending December 31, 1911.

Number of scales, weights and measures sealed	3643	
Number of scales, weights and measures condemned	79	
Total		3722
Number of milk jars sealed	7009	
Number of milk jars condemned	93	
Total		7102
Weights found incorrect and adjusted	167	
Scales found incorrect and adjusted or repaired	91	
Pumps having measuring devices adjusted	18	
Total		276
Weights condemned	21	
Scales condemned	14	
Measuring pumps condemned	6	
Slot weighing machines condemned	8	
Liquid measures condemned	14	
Dry measures condemned	16	
Total		79
Number of visits made to stores	267	
Weighed out packages tested at stores	331	
Number of complaints of short weights and measures	31	
Number of inspections of milk jars in use on milk teams	61	

Number of complaints of short weights and measures investigated 31
Number of inspections of scales and measures used by junk collectors, hawkers and peddlers 94

One thousand and forty-one (1,041) weights and measures were inspected, sealed or condemned at places of business, and statutory fees of $40.00 were received and the same paid to the Town Collector. The remainder of the sealing was done at the office, for which no fees were charged, in accordance with Chapter 65, Section 35, of the Revised Laws.

Of the thirty-one complaints investigated, ten (mostly ice) were found to be imaginary, seven were caused by defective scales, which were promptly adjusted or condemned, while the remaining fourteen were distinct cases of carelessness or dishonesty.

The annual report to the State Commissioner of Weights and Measures was made in November of the work done up to November 15.

The bread question is still and always will be one of the most important of the department. While no prosecutions were made, I have compelled dealers to take back loaves of bread which were not up to the standard.

Much work is required in the inspection of berry boxes, especially at the first of the season, for at this time most berries come from the states where the standards are smaller than ours or have practically no standards at all. The sealers have presented bills for legislation that, if adopted by Congress, will make some standards uniform throughout the country.

In many instances, I have found dealers using short boxes and have compelled them to use larger ones. I have also at different times turned away from the town outside peddlers who had in their possession boxes of berries which were under legal standard.

Milk Jars.

Although, under the laws of this state, the manufacturers' seal is acceptable under certain conditions, there is still the necessity of sealing and inspecting in this line, and the work is greater proportionally than it was in the past as the bottles now brought in are in small quantities.

Store Inspection.

Of the three hundred and thirty-one packages tested during the year, forty-nine were found short. With few exceptions, these were mingled with those of overweight, indicating carelessness rather than intention. The store inspections have been responsible for finding defects in weighing and measuring devices, and losses to the dealer as well as the consumer.

Coal Inspection.

Loads of coal and certificates of weights examined	231
Loads weighed	16
Loads found short	5
Bags of coal weighed	43
Bags found short	7

As required by law, a certificate properly made out was found with all loads examined. The shortage on the five loads examined was, 26 pounds on 1000 net; 34 pounds on 2000 net; 63 pounds on 4000 net; 19 pounds on 2000 net, and 71 pounds on 5000 net.

Loads from the same firms were weighed afterwards, and showed the required amount. Four loads were weighed upon complaint. Three of them were in favor of the purchaser, and the other showed a shortage of a few pounds.

Measurer of Wood and Bark.

I have measured forty-one loads of manure, twenty-four cords of wood, five lots of kindling, and one load of loam. On complaints, I have measured three carloads of manure and seven cords of wood.

As Inspector of Petroleum, I have had no requests for testing petroleum products the past year.

In conclusion, I wish to express my sincere appreciation to the Town officials and citizens who have assisted me in various ways in the discharge of my duties.

Very respectfully submitted,

CHARLES F. DONAHUE,
Sealer of Weights and Measures.

REPORT OF THE INSPECTOR OF BUILDINGS.

ARLINGTON, MASS., January 3, 1912.

To the Honorable Board of Selectmen, Arlington, Mass.

I herewith submit my report of the inspection of buildings for the year 1911. One hundred and eighty permits were issued covering work classified as follows:

Dwellings, one family	55	$159,635
Dwellings, two family	59	307,400
Dwellings, three family	6	34,200
Dwellings, six family	1	4,000
Additions and alterations	33	36,040
Stables, sheds and garages	23	11,390
Ice houses	2	11,000
Railway substation	1	30,000
	180	$593,665

Respectfully submitted,

WILLIAM GRATTO,
Inspector of Buildings.

REPORT OF INSPECTOR OF ANIMALS.

ARLINGTON, MASS., January 1, 1912.

To the Honorable Board of Selectmen of the Town of Arlington.

Gentlemen: I have herein the honor to submit to you my annual report as Inspector of Animals for the year ending December 31, 1911.

During the year there have been only five cases of glanders within the town limits.

The annual inspection is now made in the spring instead of the fall. During this inspection I have inspected one hundred and sixty-three cows, five hundred fifty-nine hogs and sixty-four stables wherein these animals were stabled. In all cases the proper papers were made out and given to the owners.

Respectfully submitted,

LAURENCE L. PEIRCE, M.D.V.,
Inspector of Animals.

REPORT OF TOWN PHYSICIAN.

ARLINGTON, MASS., December 31, 1912.

To the Honorable Board of Selectmen.

Gentlemen: I have the honor to submit my report as Town Physician for the year 1911.

Number of office calls	58
Number of houses visited	69
Number of emergency calls at Police Station	61

One patient was sent to the Eye and Ear Infirmary, suffering from otitis media; one patient was sent to the hospital, suffering from chronic appendicitis; and one case of pulmonary hemorrhage was rushed to the State Hospital at Tewksbury. The above list also includes one case of insanity.

There has been an unusual number of emergency calls to the Police Station. Several of these calls were for serious accidents. They were all sent to the Massachusetts General Hospital. The worst feature of this is the long ride over the road, taking, in nearly every case, one hour to get to the hospital. On this account the suffering of these patients is greatly increased and the length of time elapsing before they are properly attended to decreases somewhat their chances of recovery.

The present Clerk of the Overseers of the Poor has been of great assistance to me in carrying on the work. Medicines and supplies have been furnished in abundance. From him, especially, all cases have received thorough attention.

Respectfully submitted,

HAROLD R. WEBB,
Town Physician.

LIST OF JURORS.

List of Jurors of the Town of Arlington, Revised by the Selectmen, January, 1912.

Name	Occupation	Residence
Adams, Frank H	Creamery	441 Mystic St.
Ahern, John P. S	Fish Dealer	107 Medford St.

REPORT OF THE TRUSTEES OF THE ROBBINS LIBRARY.

To the Town of Arlington:

The Trustees of the Robbins Library submit their annual report. The circulation shows a surprising increase, the largest in the history of the library for any single year, 59,053 for 1911 as against 44,179 for 1910, a gain of 14,179. The Children's Room shows a gain of 1,113 — 13,611 for 1911 as against 12,498 in 1910. The average daily attendance in the Children's Room has risen from 25 to 26, that of the Reading Room from 56 in 1910 to 63 in 1911.

This increase in the number of books taken must be due to the new arrangement which went into operation in July whereby the Library was opened continuously from 10 A.M. till 9 P.M., except in the month of August, when the Library is closed four mornings of the week — Monday, Tuesday, Thursday and Friday — but open on Wednesday and Saturday from 10 A.M. till 9 P.M. and on the other afternoons from 2.30 till 5.30 P.M.

More books were taken out last August than any previous August. The Stack Room continues to be used by students and scholars, the number of books taken home for examination being 43,488 for 1911 as against 29,238 for 1910, and 2,786 periodicals as against 2,578 for 1910, a gain of 208.

We sent 489 less books to the Branch Library at Arlington Heights, but this was doubtless due to the larger number of books now accessible to that section of the town. Of the 190 volumes added in 1911, 142 are books for circulation and reference. We are fortunate in being able to use a room in the Locke School, but we can hope to have this privilege only for a limited period. Steps therefore should be taken to obtain suitable accommodations in the near future.

By the will of Mr. Winfield Robbins the generous gift of $25,000 was made to care for and increase his splendid collection of prints, part of which is now on exhibition in the Art Gallery.

The electric wiring of the Library has been further extended by new work in the upper stories of the Stack Room.

The Library has been enriched by the gift of books from Howard H. Carroll, Dr. Fanny Berlin, Mrs. Elizabeth C. Brown, Miss Louisa C. Felton and others.

The editors of the *Advocate* have continued to send us a file of that paper.

Exhibitions of photographs, etc., have been given in addition to those reported hitherto.

January. No. 120. Naples, No. 2.

Arlington, December 31, 1911.

REPORT OF THE SCHOOL COMMITTEE FOR 1911.

December 31, 1911.

To the Town of Arlington:

The year covered by this report shows gratifying progress by the Town in solving its most important problem of training its youth for life and citizenship.

The creation and conduct of our schools calls for about one-third of all the money expended by the Town, and this expenditure is justified only by legitimate demand and satisfactory results. To keep our schools up to the average of other communities similarly situated is the least that can be demanded, and to do this in our rapidly growing population requires good equipment and high-class management.

Equipment.

In the matter of housing our schools, your committee can report that the last few years have shown marked improvement in the development of a consistent system by which the needs of all sections of the town are to be met, and the providing of the necessary buildings be so distributed over the years as to lighten the burden on the tax payers.

The building of the addition to the Locke School two years ago, and the Crosby addition finished during the past year, furnishes two buildings which are an honor to the town and afford relief to crowded conditions which were becoming serious. Too much credit cannot be given to the patriotic citizens who gave so generously of their time and talents and secured for the town such excellent results, in both cases completing the work within the appropriation allowed.

The next step in the development of this general scheme for housing our schools is the enlargement of the High School building. This problem, which has resisted solution for a number of years, is in a fair way of being successfully solved by the present special building committee, and if their plans are carried out, we shall not only secure accommodations for our High School for the next eight years, in a building which will be an ornament to the town, but

will also afford relief to the Russell district until such time as new accommodations can be provided there.

With the changes in the character of High School training now demanded in the line of specialization, making it necessary for every town to provide for Commercial, Manual, Domestic and General Technical training in addition to former courses, we must face new requirements. By the time the capacity of this enlarged building is reached, a new English and Classical High School building can be erected, leaving the present building for the Commercial and Technical High.

That this consistent scheme for housing our schools may be successfully carried out, two suggestions are offered, First, that the Town shall at an early date secure a suitable site of ample size upon which the future High School may be built, and second, that there should be created a Permanent Commission on Buildings, through which the valuable experience won in erecting one building can be utilized in others, and the great amount of information collected can be used in securing wise and harmonious plans for meeting these ever enlarging needs.

Teaching Force.

The Committee feels justified in congratulating the Town upon the corps of teachers which has been assembled; upon their individual ability, and upon the *esprit de corps* which prevails.

It is a fact that it has been possible to obtain and retain teachers of exceptional talent in Arlington, in the face of more immediately profitable offers, because our teaching standards and conditions are recognized as superior. At the same time it is necessary for the citizens to face the fact, that in view of the raising of salaries in all places, the appeal of other walks of life which are more remunerative, it is becoming more and more difficult to get such teachers as our parents demand for their children, and also the fact that an increased number of teachers is required to care for the rapidly multiplying school population. And this means that larger appropriations must be made.

In the efforts of our Committee to bring its expenses within the appropriation, we have been obliged to employ during the last few years that false economy which postpones needed equipment and

service. The time always comes when we must pay, and it is now upon us.

It will be necessary to ask for at least $80,000 for the ensuing year.

Fully aware of the seriousness of this increase the Committee has invited the co-operation of the Committee of Twenty-one, in an investigation of the conditions here and in other towns of the Metropolitan District, only to find that Arlington, while keeping its schools in the front rank, is really below the average in school expenses, estimated on the basis of cost per pupil, and tax rate per thousand of valuation. Our people will not consent to a lowering of our standards and must therefore face the necessary expense, which fortunately the Town is able to do.

The only way to maintain our high standard is by being able to command the best teachers and retain them; this we cannot do as long as other towns outbid us, winning away our best and most experienced teachers, and breaking up the continuity of our work.

The Play Ground.

The detailed report on the Spy Pond Play Ground appears in the report of our Superintendent, revealing the great benefits derived from it and the necessity of its more complete utilization. To get the best returns from this department of the training of our youth, it absolutely requires a Director to fill a position not less important than that of our most experienced and best fitted teacher. The sum of one thousand dollars is required to get the best results from this department.

The Vacation School.

This feature of school work which has been developed during the last few years has proven a most valuable auxiliary to our schools, not only affording many forms of practical education, but assisting many backward students to retain their places in their classes, and of even more importance, has conserved the interests of health and morals.

The Vacation School in Arlington has been supported by voluntary contributions, collected through the personal efforts of the Superintendent. It has fully justified itself, but can no longer in justice depend upon this form of maintenance. The Town must now for its own self-respect, as well as for the great good accom-

plished, assume the responsibility for its continuance. This calls for an appropriation of but $750, and the Committee recommends that the Town provide this sum.

Relations of Citizens to the Schools.

Your Committee is pleased to report that Arlington, like many other places, is encouraging a closer relation of the citizens to the schools by a more liberal use of the school buildings for the public good. We are pleased to instance the Locke School Association, which is an organization of all the people of the district, and which holds regular meetings for the purpose of bringing parents and teachers into personal relations, and for discussion of school and civic interests and listening to able lecturers and instructors. It is to be hoped that other organizations of a like nature may be formed in other districts.

The education of our children is the paramount interest of the Town, and it is the wish of the Committee that the citizens will heartily co-operate, not simply by financial support, but by their personal interest, in making the schools of Arlington not only our chief honor, but our greatest asset.

Respectfully submitted,

FREDERICK A. BISBEE,
Chairman.

REPORT OF SUPERINTENDENT OF SCHOOLS.

To the School Committee of Arlington:

In compliance with the rules and regulations, I present herewith my seventh annual report for your immediate consideration, and subsequently for consideration by the citizens of the Town.

In the performance of their official duties, members of the School Board become well acquainted with local educational conditions, and stand in need of little formal or extended statements from the Superintendent. But the case of the general public is quite different. Families having children in the schools naturally form their impressions as to the worth and efficiency of the system from their individual experiences. It is obvious that such impressions rest on knowledge too restricted to justify a safe or sane estimate.

While as a result of this limited knowledge we sometimes get unjust criticism, we occasionally get, also, extravagant laudation, which may be even more mischievous in its results. In the case of households not represented in the schools, estimates will be made from utterances of acquaintances and friends who are so represented. It is fair to say that in a system of schools, characterized in general by loftiness of aim and unity of endeavor, marked differences are bound to exist in different schools, and even in different rooms in the same school; and that an extended knowledge is necessary before one may safely condemn or unduly praise. This knowledge, to a certain extent, may be given in the reports of the School Committee and the Superintendent.

Every superintendent, in preparing his report, is conscious of two distinct audiences,— the citizens of the town, and the great number of educators who gain through school reports a knowledge of what "the other fellow" is trying to do, and to what degree he is being successful. It is to the first of these audiences to which this report is intended to appeal, for while it is true that the immediate management of the schools is in the hands of the School Committee, what they may accomplish is ultimately, and in the largest degree, determined by the measure of public confidence which the schools can command.

The annual report of the Superintendent of Schools ought to have a larger sphere of influence. Such report, while making a record of such facts and figures as are worthy of preservation, ought to do something to broaden and strengthen the foundations of public confidence, on which the public school must rest, if it is to accomplish its ends. Not that I think that public confidence can be gained by a report alone, be it never so good. Public confidence is too valuable an acquisition to be so easily won. But it is desirable that the motives and policy of the schools may be made clear. I do not mean to imply that an enlightened public will care to acquaint itself with matters of mere detail. It is more likely to show its enlightenment by refusing to become so acquainted. Reserving the statistical matters for subsequent attention, I undertake briefly to discuss under various headings what the schools are trying to do for the children of the town.

The Cost of Schools.

Modern schools are undoubtedly expensive. Our community, in common with most others, has some citizens who feel that our schools are costing too much. If one contrasts the old and the new education, one cannot escape the fact that the increase in expense has been great, and it is perfectly natural, even for those who believe in the efficacy of modern school systems, to question whether there has been a corresponding increase in the value of the product.

Let us look for a moment at the position of Arlington among the towns and cities of the State in regard to school expenditures. By the last State report (1909–1910) Arlington spent $33.23 for each child in the average membership of the schools. This placed our town in the fifty-ninth position, that is, there were fifty-eight cities and towns in the State paying more per pupil for education than were we. Turning now to the table in which the cities and towns are numerically arranged, according to the proportion of their taxable property appropriated for the support of public schools, I find Arlington is number one hundred thirty-seven, with $5.58 on every thousand dollars of taxable property appropriated for the support of schools. This means that one hundred thirty-six towns and cities felt the burden of school taxation to a greater extent than our Town. Our position may fairly be considered a reasonable one; we have nothing to brag about or to be deeply distressed over in our standing.

Let us consider for a moment how the money appropriated for schools is being spent. Out of a total appropriation of $73,400, $62,463.94, or 85%, is spent for salaries. Care and economy are practiced in the matter of text-books, light and power, and other miscellaneous expenditures incident to the running of a system of schools. No saving of any moment can be made on those items. The only way in which a saving could be brought about is either by reducing salaries or increasing the number of pupils to a teacher. It is universally conceded that the teacher's financial recompense is pitifully inadequate. As a result of this realization there has been, for the last five years, a constant upward trend of teachers' salaries all over the land. In the last five years we, in Arlington, have increased the maximum salary in the grades from six hundred to seven hundred dollars, sixteen and two-thirds per cent, and in the

High School from eight hundred to nine hundred dollars, or twelve and one-half per cent. Towns and cities all about us, and particularly those places with whom we come in closest competition, have raised salaries far above ours, so that we are at a decided disadvantage in our selection of new teachers. We must not lose sight of the fact that, while Arlington is a town in its organization, we are a part of the Metropolitan district. There is a warning which we dare not fail to heed in the loss, during the last few years, of many of our best teachers, who have gone to schools paying larger salaries.

Our teachers, as a rule, are a very efficient body. Proof of this may be found under the heading of grading and promotions to follow. But the highest degree of efficiency consistent with the desires of those interested in the success of school work has by no means been reached, and the only way to secure this efficiency is to pay sufficiently high salaries to retain our best teachers, to make improvement as much as possible in the filling of every vacancy, and to eliminate with justice and fair dealing all who fail, after a reasonable time, to measure up to a high advancing standard of efficiency. If we hope to do all this, the time is not far distant when a further advance in salaries will be necessary.

From the standpoint of the teacher we must take into account the increased cost of living, the high standard of scholarship and professional training demanded, and the temptations for young women of exceptional ability to enter some other field of productive occupation which requires less preparation, and makes less demand upon nervous strength.

The growth of salaries during the past ten years has not kept pace with the increase in the cost of living, or with the "more exacting though proper demands for a professional and social efficiency" which is required the country over.

The following table of increase in costs of necessaries may be enlightening in this connection:

	1896-1910	1907-1910
Fruits	40% increase	18% decrease
Textiles	73% increase	0% decrease
Provisions	73% increase	12% increase
Live stock	116% increase	20% increase
Breadstuff	100% increase	28% increase

It will be seen from the above that a large percentage of the increase has taken place in the last four years. This condition affects salaried people and other wage earners more than it does other people. Salaries always lag behind in the procession to a greater extent than other incomes, as a rule, and require more thoughtful attention on this account. With these facts in mind, can we for a moment consider any reductions in salaries, if we would do justice to so faithful and deserving a body of public servants?

Grading and Promotions.

One of the best tests of the efficiency of any school system is the success in promoting pupils regularly and successfully through the grades. No subject has been more discussed by educators and those interested in educational matters of late than the matter of grading and promotions. It has come to be generally recognized that a more elastic system than that which has generally obtained is not only desirable but really necessary for efficiency. The basis of administration in graded schools has long been that at stated intervals, usually of one year, a reclassification of pupils takes place, the more proficient ones being promoted to the next higher grade, and those who have failed to cover the required ground satisfactorily staying where they are.

The most obvious defect of this plan is that the child who fails in one or more subjects, but who has been successful in the rest, is compelled to do again the whole work of the grade, repeating work which he has already successfully completed, as well as that in which he has failed.

A step toward mitigating this evil, which has been adopted in many places, is that of semi-annual promotions, by which the pupil who fails has only to repeat the half year's work, instead of that of the entire year. This method of organization is rapidly spreading. In some places promotions are made three or four times a year even. The most thorough study of the various grading and promotion schemes ever made was lately completed by the Brooklyn Teachers' Association, and the results of their investigation have appeared in print. I present here a short summary of their findings, together with a description of the plan we are now using, to show that we are doing our part in a great movement which is

bound to make graded schools much more efficient, and the product of these schools of a higher, though less uniform, standard.

There are at least twenty well-recognized plans for securing flexible grading, most of which are named from the places in which they originated. Most of these plans may be placed in one of two groups. In the first group are those whose object is to secure uniform progress through the grades of the pupils. The plans depend on giving special instruction to the dull pupils, in order that they may be able to keep up. The Batavia plan is typical of this group.

In the other group the schemes are based on the idea of encouraging pupils of differing abilities to complete the work of the grades in different lengths of time. The Cambridge and "large city" plans are typical of this group.

The chief characteristics of the Batavia plan are large classes, with additional teachers in each room to give individual instruction to the backward pupils. The progress of all the pupils is planned to be uniform. The objections to the plan seem to be that it is not wise to group too many children in one room, and that the best interests of the brightest are sacrificed for the interests of the dullest children. Of 138 educators who tried this plan, 62% favored it after trial.

In the North Denver plan, while uniform progress through the grades is sought, opportunity is offered for the bright pupils to do more intensive, more extended, and more individual work than the other members of the class. Home work is minimized, and pupils trained to depend less upon their teachers. Of 169 educators who have tried this plan, 94% favor it after trial.

Of the Cambridge plan I have spoken before. It has excellent features, but is dependent for its effective use upon large schools, with several classes of each grade. Of 75 educators who tried this plan, 92% favored it after trial.

The so-called "large school" plan used in cities like Chicago and New York could not be used in a small system, so I will not discuss it.

The Pueblo plan is the most individualistic of all those being tried. This plan aims to have each child advance as rapidly as he can accomplish the work, without reference to the other pupils. The unit in recitation, progress, and graduation, is the individual

and not the class. The teacher is the director of the work, going from pupil to pupil. Of 207 who have tried this plan, 96% favored it after trial.

In working out a plan for Arlington, no reference was made to what was being done in any particular place; but a scheme which seemed to best fit our local conditions was sought.

By our plan a class is divided into at least three groups; A, gifted pupils, who in a year may cover as much ground as the normal children are expected to do in thirteen or fourteen months; B, normal pupils, constituting the bulk of the class, who do what the course of study lays down as a year's work; C, slow pupils, who do eight or nine months' normal work in a year. To carry this plan to completion, work in a vacation school should be provided for these backward pupils, which will enable them to complete the year's work and go into the next grade at the opening of school. In schools where there are two or more classes in a grade the grading is made as close as possible, that the groups may be more homogeneous.

The results obtained by this plan seem gratifying. We have reduced the repeaters in the grades from 18.5% in 1904–1905 to 8.8% last year. The promotion sheets of June show: 1906, 14.4%; 1907, 13.4%; 1908, 12.5%; 1909, 11.8%; 1910, 10.5%; 1911, 8.8%. This showing was improved by the work of the vacation school, in which eighteen pupils included in this percentage secured their promotion, so that as a result of the year's efforts but 145 or 7.85% of the pupils in the grades are this year repeating the work of the last year. A tabulation of the results for 1910–1911 follows:

	Promoted	*Not Promoted*	*Per cent of Repeaters*
Grade I	188	30	13.7
Grade II	229	19	7.7
Grade III	204	19	8.5
Grade IV	192	15	7.2
Grade V	186	26	12.3
Grade VI	183	22	10.7
Grade VII	197	16	7.5
Grade VIII	127	11	7.9
Grade IX	177	5	2.7
Totals	1683	163	8.8

It is interesting to note what this change has meant in a financial way. Had we continued to hold back 18.5% of the pupils, a result which is not at all uncommon throughout the country, we should have this year 342 repeaters, instead of 145. Assuming that all of these pupils would remain till graduated from the grammar schools, it would, theoretically, cost the Town in round numbers nearly $6000 more than it costs under present conditions. This result has been brought about by the earnest co-operation of the grade teachers, and would not have been possible if the size of the classes had averaged 45 to 50, instead of 37.

An equally important result has been obtained through the opportunities offered the gifted children. Much less effort has been expended on this class of children throughout the land than has been devoted to backward children. However, through the publicity being given this phase of educational opportunity through the Bureau of Municipal Research of New York City, the Russell Sage Foundation, and the United States Bureau of Education, well directed efforts are being made in many places to give to these super-normal children the opportunities which their natural abilities demand. We believe that these plans are of the greatest value because they differentiate pupils of ability independent of the ordinary schemes of grading, and give every pupil an honest chance to make the best of his natural abilities. In five cities special classes for exceptionally gifted children have been organized, and have proved their worth. These places are Baltimore, Worcester, Indianapolis, Lincoln, and Rochester. We have this year two classes so organized. These are made up of children who last year, as groups in regular classes, did the seventh grade work and half the eighth grade work. They have at Christmas time finished the work of the eighth grade, and done the regular work in Latin of the ninth grade, and are now enrolled as ninth grade pupils.

It should be understood in this connection that it is intended that no work be "skipped" by this plan, but that the work be gone over more rapidly by these children who have exceptional ability. It is a fact so familiar to all that it need hardly be stated that different people require different lengths of time to do a piece of work whether it be mental or manual, and that more often than otherwise the quickest workers are the most accurate and thorough.

As a result of our plan, during the last school year 155 pupils gained a year in their school life. This means that whereas 7.9% are repeating this year, 8.4% have advanced an extra grade. I believe this is a showing which reflects the greatest of credit upon the principals and teachers in the elementary schools. As I said in my report of last year, in the schools where the plan has had the best trial, the principals assert that the whole tone of school effort and discipline is being raised by the opportunity to advance which every child sees held out to him. In no other business (for preparing children for the work of life is a business proposition) is the advancement of the individual dependent upon the success of the mass. It is economically absurd to keep a child thirteen years doing what he can accomplish as well or better in eleven or twelve years because of: (1) The value of the time saved to the pupil, (2) The saving of the child's support for one or two years to his parents, (3) The saving of the cost of one or two years' education to the Town, and (4) the value of the lasting influence of this success on the character and economic value of the individual.

These children, most of whom will go through the grades and probably through the High School, will get through the schools one year earlier, and the Town will be saved nearly $5000, or an amount sufficient to employ eight additional teachers at an initial salary of $600. Again, this result would have been impossible with very large classes.

A summary of a study of the grading and promotion of exceptional children made by a committee appointed by the United States Bureau of Education follows:

"The first unquestionably valid conclusion which comes from a study of the various plans designed to secure flexible grading and promotion is that the 'lock-step' system is prejudicial to the interests of the pupils. In this method of mass promotion, the individual is lost. Under it pupils are not so classified that the work given may be adapted to their individual abilities. It places the emphasis on the weak instead of on the strong, and so makes it difficult to shorten the elementary school period for the more able pupils.

"There is no simple, ready-made plan for avoiding the evils of the lock-step system, and securing for each child that full opportunity to advance according to his individual ability that is the

goal of the ideal school system. Every plan must be modified to meet local conditions. In many cities several modifications, and even several different plans, are needed.

"There is general consensus of opinion that the object of a grading and promotion plan should be to bring together children of similar abilities and like capacity for carrying the work, so that each group shall be as nearly as possible homogeneous. Frequent opportunity should be provided for reclassification, so as to allow for changes in the ability of the child to carry the work, giving children who have been making slow progress opportunity to go forward rapidly, and, where necessary, those that have been making rapid progress opportunity to go forward more slowly.

"The emphasis of the system, and the strength and efforts of the teachers, should be primarily devoted to assisting the bright pupils, rather than directed toward forcing forward the dull ones."

The failure of a graded system to meet the requirements of the individual child is demonstrated in the result given below of an investigation of the 179 pupils, not all of whom did all or part of the work in our schools, constituting the entering class in our High School in September. We find the time spent in the grades to be as follows:

2 or	1.1%	spent 6 years	
10 or	5.6%	spent 7 years	
42 or	23.5%	spent 8 years	
81 or	45.2%	spent 9 years	(Normal time.)
41 or	22.9%	spent 10 years	
3 or	1.7%	spent 11 years	

From these figures one concludes that the present nine-grade system, with entrance into school at the age of five, results in only 45% of the children accomplishing the work in the normal time of nine years. Most of the pupils in this class have had at the most but two years under the working of the plan now in use, and that in its most elementary stages. Next year's class will make a much better showing.

The term "retarded" as used with regard to the pupils in the grades is used with increased uniformity to describe the condition of children who are too old for the grades in which they are placed. There are two reasons why children may be too old for their grades

— they may have entered school late, or they may have progressed slowly. The following table, based on a form generally accepted, gives the conditions in our schools as they were on the second Monday in December, 1911. This date is one adopted by the United States Bureau of Education, and the United States Immigration Commission.

AGE AND GRADE DISTRIBUTION, SECOND MONDAY IN DECEMBER, 1911.

Grades.	Ages.																
	5	6	7	8	9	10	11	12	13	14	15	16	17	18	Total	Over age	Per cent
I	154	92	**12**	5	...	...	...	...	...	...	...	...	...	...	263	17	6.5
II	2	106	79	**23**	7	4	...	...	...	...	...	...	...	...	221	34	15.4
III	...	6	99	72	**31**	12	3	1	...	...	...	...	...	...	224	47	21.
IV	...	...	10	71	80	**44**	19	5	...	...	1	...	...	...	230	69	30.
V	...	...	...	12	77	71	**35**	15	6	4	...	...	...	...	220	60	26.8
VI	...	...	...	...	9	58	62	**41**	24	5	1	1	...	...	201	72	35.8
VII	...	...	...	...	...	10	59	61	**41**	22	7	1	...	...	201	71	34.8
VIII	...	...	...	...	...	...	10	34	42	**31**	15	...	1	2	135	49	36.3
IX	...	...	...	...	...	...	6	26	65	45	**26**	15	...	...	183	41	22.4
	156	204	200	183	204	199	194	183	178	107	50	17	1	2	1878	460	24.3

All figures to the left of the bold figures tell the numbers of pupils who are of proper ages for the grades they are in. The other figures represent the number of pupils in each grade who are over age for the grade they are in. It comes to one as a distinct shock to find so many children a year or more above the normal age for the grade. One of two reasons accounts for their condition — either they entered school late or they have had to repeat grades. If they entered late the fault does not lie with the school; if they made slow progress in the grades, it may have been unavoidable, but the responsibility primarily must be taken by the school. This showing seems serious in spite of the efforts we have been making the last five years to prevent retardation. An investigation was last spring made by the Russell Sage Foundation in twenty-nine smaller cities to secure information as to causes which result in backwardness among school children. This investigation covered the school histories of 206,495 children enrolled in eight

elementary grades. The figures reduced to percentages were as follows:

Total above normal age	37%
Above normal age because of:	
Late entrance	13%
Slow progress	17%
Late entrance and slow progress	7%

The figures in the different cities ranged from 19% in Quincy, Mass., to 51% in Passaic, N. J.

Now that we have permanent record cards, giving the school and home history of each child, it will be possible for us to have always up-to-date information with regard to promotions and retardations which will be accurate and reliable, and enable us to trace every individual child's progress from the day of his entrance to graduation.

We have used the Binet-Simon Measuring Scale for Intelligence in testing some of our backward children. This test while possessing many faults has been tested on 2000 normal children and found to be fairly accurate. Much use is made of it in training schools for delinquent children and it is a valuable aid. We find that the mental development of some of the over-age children is one, two, or even three years behind that of the normal child. The mental age and the chronological age are not in accord and, as we have to deal with the mental equipment largely, such children are really where they belong, for they are with children of the same mental age.

School Accommodations.

At no time since I have been connected with the schools of the Town has there been more complete provision for housing the children of the grades and a consequent freedom from over-crowded rooms as during the year past. The completion of the Crosby School addition has relieved the situation both in that school and the Russell district. If the proposed addition to the High School is made, by utilizing some of the unused room for the overflow from the Russell and Parmenter Schools, an addition to the accommodations in that district can be postponed for three or four years and perhaps longer. The next need is likely to be for more room in the Cutter School building, for that district is growing rapidly, and

a warning of what we may expect is given by the size of the first grade, which now has over fifty pupils. Conditions in the Locke School are very satisfactory.

Changes in Organization.

The age of admission to the first grade is almost universally six years outside of New England, and during the last few years the majority of places in Massachusetts have adopted this as the entering age. A proposal to make this change in Arlington met with considerable opposition, but a change was adopted which makes the session for children entering the first grade but three hours long, from nine to twelve. It is the intention to make this class a sub-primary grade, and to make the serious work of the school begin in the second year. We are finding, however, that almost as rapid progress is being made with one session as was formerly made with two. The teachers of these grades spend the same number of hours as formerly at school work, giving the time of the afternoon sessions to helping the slow and backward children, not only of their own grade, but of the second and third grades also. We believe that the end of the year will show excellent results in the primary grades from this change.

The removal of the ninth grades from the High School building has gradually been forced upon us, and this year the elimination is complete. The greatest care is being taken to keep the pupils of this grade up to the best High School standards and I believe, advantageous as it was to have the work which is an introduction to the High School studies done under High School conditions, the classes will enter the higher institution as well prepared as ever before. There is bound to be more of a break than formerly, but that is being bridged by more careful oversight of the pupils' work during the first year in the High School. A careful estimate of every pupil is sent to the High School principal by the principals and teachers of the ninth grades, and reports of the progress of the pupils sent to the schools from which they come. Another step which is bound to be helpful is that of assigning to every teacher in the High School a group of first year students to whom he or she is to be guide, counselor, and friend. We hope by these methods to keep every pupil up to a high standard of scholarship

and conduct, and to prevent first-year failures which are so common in High Schools.

The policy of placing men as principals of large grammar schools was this year applied to the Crosby School by the appointment of Thomas E. Freeman as principal of that district. Miss Mary F. Scanlan, who was principal of that school for many years while it was an eight-room building, is one of the most competent and high-minded women I have known in my experience. She was a successful principal in every way, and it is a matter for congratulation to the Town that Miss Scanlan could be retained as teacher of grade eight and principal's assistant at the same salary she had received as principal. It is rarely that a teacher, after having given thirty-eight years of her life to teaching in one town, retains her progressiveness and cheerful helpfulness to the extent that Miss Scanlan has done. Would that we could find more of her type!

High School.

No part of the school system has undergone as many logical and far reaching changes in aim during the last few years as the High School. Ten years ago the chief aim of secondary schools was to prepare for college. The boy preparing for the ministry, law, or medicine found that the courses offered were eminently fitted to prepare him for his vocation, while the pupil intending to enter mercantile, manufacturing, or agricultural pursuits found little in the curriculum which would be of practical use in his calling. The character of the studies was determined by the few who were to go to college while the many, seventy-five or eighty per cent, were not considered as having any special needs to which the High School was called upon to minister. In this respect it was the undemocratic part of the school system. This condition was based upon the general belief that the cultural courses offered in preparation for college were the best preparation for life's work in any field. There was nothing fundamentally wrong in this basic principle that culture is the aim of school work but the mistake was made of thinking that culture is the only aim and that everything necessary could be accomplished by the study of a very limited number of subjects which bear only remotely upon practical living. All the good that results from the so-called cultural subjects, Latin, French, German, literature, and history has been retained but added to

these are subjects which teach the fundamentals of commerce, industry, and accounting, besides a complete course in stenography and typewriting. Manual training has been developed to include in most schools not only wood working, but pattern making, forging and machine-shop practice, sewing and cooking, thus directing the pupil's efforts towards his future as a member of a producing community. The old-type school educated away from labor and industry, and produced in many pupils a contempt for commonplace affairs centering around the trades and the home. The modern High School places these subjects as well as the sciences — chemistry, physics, biology and physical geography — on a level with Latin and Greek as subjects not only worthy but demanding concentrated and intensive study.

This change in aim accounts in a measure for the phenomenal growth of our High School during the last five years. The average membership figures follow:

Year	*Average Membership*	*Gain*
1904–1905	153	
1905–1906	163	10
1906–1907	170	7
1907–1908	196	26
1908–1909	240	44
1909–1910	292	55
1910–1911	328	36
Membership, December 31, 1911	410	82

The method of organization and the opportunities for more extended, more intensive, and more individual study in subjects in which pupils are especially interested has added to the attractiveness and consequently the growth of the school. This extended study is made possible by the formation of so-called honor sections in many subjects. The results from the plan tried experimentally last year were so gratifying that there was a general demand on the part of the pupils for its continuation this year. At the end of the first eight-weeks' period those pupils who were doing exceptional work in each subject were grouped into sections that they might have more extended work than is possible for the majority of the class. No time in the period required for graduation is

saved by this plan, but the opportunity for a broader grasp of each subject is greedily seized by pupils who, because of their particular interest in or ability for a certain study, do exceptional work. It is often pathetic to see the efforts made by pupils to enter honor sections, knowing that more work and a higher grade of work is required, and the quality of the work done is in many cases greatly improved by such efforts. It is possible for a pupil to get into one of these sections at any time that the quality of his work warrants such advancement. Opportunity is open to pupils of unusual ability to complete a course in three years; last year five succeeded in doing this.

The influence upon the other sections of the various classes has been marked. Pupils who were considered to have no particular ability before the change of sections suddenly blossom out into excellent students, because they feel no longer overshadowed by a few brilliant minds which previously have somewhat dominated the recitations of the class. Work is given these sections to fit the needs of the individuals much better when they are grouped according to their intellectual powers. We have come to realize that it is unreasonable to expect either the same amount or the same grade of work from all pupils. Our duty lies in bringing each individual up to a sane use of his natural abilities and when we have done this we have obtained from him practically all that we have a right to expect. We are trying in the High School, as we are in the grades, to deal with the individual and give to each as nearly as we can that education and culture which finds expression in right living, in the wise selection of a vocation, in a tolerant and sympathetic attitude toward others, in self-control, and an interest in the civil institutions of the State. This is the new practical culture which the modern High School is endeavoring to inculcate.

I spoke last year of the social activities of the school through the formation of literary and scientific clubs. It is but very lately that educators have come to realize that pupils of the adolescent age demand social organizations of some sort. While they have endeavored to banish organizations of a harmful sort they have done nothing to encourage clubs and societies whose objects are helpful and educational. Encouraging the good activities of students is the most effective way of discouraging the mischievous. No school organization that encourages anything but real merit has any place among school activities. When membership of clubs means scholarship and actual accomplishment, the influence

on the school is of an elevating character. Such is the character of our school organizations. The English Club, which is open to all pupils who do work in English which merits a mark of "A" or "B," has produced some excellent work. Monologues, poems, stories, and plays have been written. Three of the plays were produced by pupils and one was used as the class play by another High School of exceptional standing. School creeds published in the form of school calendars have received hearty commendation from teachers of English from many parts of New England. By means of this club special talents are being discovered and developed and the vocation of some pupils determined. The German Club, French Club, and Science Club have done equally commendable work.

Entrance to our High School is open to every pupil qualified to profit by attendance upon it and any pupil who is willing to pay the price of faithful endeavor can maintain his connection with the school. The successful government of a High School particularly in the Metropolitan district requires qualities of an exceptional nature. To supply the sort of government which every pupil has a right to expect demands high qualities of firmness, fairness, insight, sympathy, and enthusiasm. Teachers who have forgotten their own trials during the adolescent period, or who never had trials, will have but small success with High School pupils. There must be on the part of the successful teacher a readiness and willingness to grasp the pupil's view. While this good government must necessarily be largely of a repressive character, it should never fail to develop the capacity for self-government, and, in the last analysis, its success may be gauged by the success with which it develops this habit. The spirit and discipline of our High School are commendable. We desire the help and earnest co-operation of the parents to sustain us in our efforts. In order to understand the attitude of the teachers and assure that co-operation so essential to the largest degree of success, parents should visit the school more generally. I have spoken of this before, but with poor results. I know that pupils have been known to indicate at home that visitors are not desired. The reasons for such statements are not hard to analyze. Much good would come to both pupils and teachers if parents would more generally visit the school. I append some statistical information which may be instructive:

Whole number belonging, January 1, 1912		410			
Number of boys		184	45%		
Number of girls		226	55%		
		1st	*2d*	*3d*	*4th*
		Senior			*Freshman*
Number in each class	Boys	23	37	42	78
	Girls	37	39	63	85
	Total	60	76	105	163
Number of special students		0			
Number of post graduates		6			
Number in College Course		132			
Number in Commercial Course		160			
Number in Technical Course		65			
Number in General Course		53			

A feature of the High School which has come to be a most important factor and one which presents some of the most difficult problems for adjustment is that of athletics. The discipline, scholarship, and general spirit are dependent with a certain element of the school to a great degree upon the conduct of organized sports. It is difficult to handle firmly yet tactfully all matters pertaining to eligibility. We believe in being very strict in regard to scholarship. Any boy whose work is unsatisfactory for any week is ineligible to represent the school in any team during the next week. It is easy to see how, from a boy's standpoint, unfairness or undue severity may be shown. Unfortunately a large part of the general public whose interest in and knowledge of the school are confined to athletic matters is very quick to condemn the faculty for disqualifying boys whose conduct or scholarship is unsatisfactory. Such attitude is very harmful to discipline and good feeling. It is generally believed that the Hockey Team lost the Metropolitan championship last year because one of its best players was disqualified because of low scholarship. We believe it much more important to uphold the principle that good scholarship must come first than to win a championship, and I believe the lesson in the above case was not lost. The attitude of the boys towards a rigid scholarship requirement is generally good. Parents and the general public should uphold the school in this matter.

The dealing with the financial side of athletics has come to be both difficult and complicated. There has grown up a custom in all High Schools of furnishing all the paraphernalia, uniforms, etc., for every individual on the athletic teams, and of paying all travelling expenses. Many of us can remember when each individual on a team furnished his own suit and paid his own expenses. I believe they played as well and got as much fun and exercise as boys do now. Athletics have come to be too much of a business. During last year in the conduct of our school athletics, including work done in the lunch room, more than $900 passed through the hands of the treasurer, who is one of the sub-masters. The raising of sufficient funds has come to be a serious matter. In schools having an enclosed field to which admission may be charged the matter is easy enough. We are seeking ways to simplify and improve the financial side of our problem.

Spy Pond Athletic Field.

The value of Spy Pond Athletic Field grows upon us more and more. It satisfies a long-felt want for a place in which young people can gather for those enjoyable out-door games which we have come to realize exert such a powerful influence on the mental and moral as well as on the physical development of the youth of our time.. The growth in interest in athletics is something which by some is deplored, but with those who have given the matter the most careful consideration and study it is a matter of deep gratification. In places where young people have no organized sports, moral conditions are almost invariably a difficult matter to deal with. I feel that an interest in sports and games is the best preventive known for a morbid interest in things much less desirable which is so common in the adolescent child. Interest in athletics tends to keep boys clean minded and the training that goes with the work teaches the value of making the body a good servant of the mind. While great good has come from this playground, its greatest usefulness will not be realized until we have a playground instructor who shall be present on the field whenever boys are there for play. The Playground Association of America asserts "better no playground than one without a director." We need sanitary accommodations very badly on the grounds. We should also have a grandstand and a locker building containing dressing

rooms for our own and visiting teams. These, we realize, the Town is not in a condition to furnish at the present time, but we hope we may in some way secure them within a reasonable time. It seems regrettable that so noble a gift should fall short of its greatest possible effectiveness because of lack of proper equipment.

Health.

In these days of conservation no more important subject claims the attention of school authorities than the conservation of the health of school children. Public interest in this matter has been aroused and much is being done in all progressive communities to make school conditions as healthful as possible. There can be no doubt that it is the duty of school officials to guard children from all physical harm during the period of enforced attendance at school and to give them practical instruction in hygiene. This is the least that can be expected but much more can and should be done. It may not be out of place to mention the things done in our town, in common with most communities, to make the school a safe place in which children may spend the five or six hours of the school day. In the buildings, the boilers are regularly inspected, sanitaries frequently disinfected, floors oiled to keep down dust from sweeping, dustless crayons used to reduce the evil from chalk dust, sanitary drinking fountains and individual paper towels provided, seats and desks adjusted to the requirements of pupils in the grades, and lighting, heating, and ventilating given careful attention. The system of physical training used in the grades is designed to prevent certain physical defects and to correct many others, and is doing much to aid in producing strong bodies capable of resisting disease. Our system of medical inspection includes the effective prevention of the spread of communicable diseases through the work of the school physician and the testing of the sight and hearing of every child above grade one annually by the teachers. Through the use of a series of books on hygiene recently adopted, it is believed that more effective instruction in the formation of health habits than has before been possible will result. Instruction in hygiene is not difficult to give, but training children to practice what they are taught is difficult, and needs that which is difficult to secure, home co-operation. Every effort possible will be made to make the instruction as efficient as possible. Phys-

iology which has always been a subject of more or less horror to sensitive children will be limited to the absolute essentials. It may be seen from this brief summary that school officials have realized the importance of attention to matters of health and are making an effort to do their duty in conserving the health of the children under their care. Much more could be done and would be done were it not for the expense involved.

As a whole our buildings are well heated and ventilated. There are in most of our buildings a combination of so-called direct and indirect systems; that is, steam radiators furnish the direct heat, and currents of air, heated by passing over coils of steam pipes in stacks, enter the top of the room and after circulating are drawn off by ventilators in the lower part of the room. These systems are good, but there are two faults in their application in some buildings. First, the air is taken from outside in such a manner as to draw dust and other impurities. The intake of the air should be high enough to avoid surface impurities or it should pass over grassy plots of considerable size. It is quite a common practice in up-to-date buildings to wash the air before passing it into heat chambers. This is not a very expensive process when we take into consideration the importance of the preserving of the health of young children. The air they breathe in school ought to be clean and pure. Second, the air the children breathe in all the rooms is too dry. The hot dry air must be breathed, that is what it is for. The result is that the mucous membrane of the nose, throat, and lungs is dried, the vitality is lowered, irascibility of both pupils and teachers caused, and colds easily contracted. This condition could be changed into one where it would be a pleasure to breathe soft and sufficiently moist air by introducing a jet of live steam, to be mixed with the air which is to enter the rooms, into the stacks above the coils of pipes. This is not an expensive undertaking; in fact, it would doubtless prove an economy in the end, for this humidifying of the air reduces materially the temperature at which the school-room is comfortable. It has been found that whereas 68 degrees is considered the proper temperature, 60 degrees is found to be sufficiently warm with the right conditions of humidity, because heat is much more evident in moist than in dry air.

I have spoken several times of the need of dental inspection and

it now appears possible to make an arrangement with the dentists of the town to undertake this examination. Great good will doubtless follow here as it has in other communities.

Such remarkable mental development has resulted from the removal of adenoids and enlarged tonsils from the throats of some children, as a result of examinations made by the school physician, that it has come to be realized that great benefit would be derived from the systematic examination of all children in the lower grades. This has been done in some communities and has proven to be of great benefit to many children.

Vacation School.

As stated by your chairman, the Vacation School had its second season in the Russell School building during July and August of last summer. The school opened on July 5, and was in session for five weeks. A greater degree of success was secured than during the preceding year both in the number of children attending and in the standard of work resulting. There were classes in carpentry, basketry, cane seating, sewing, crocheting, knitting and hammock making; a class for young children in kindergarten games and occupations, and two classes for backward children and for children needing help to secure a double promotion. Nine teachers in the building and two on the playground were employed, and all who visited the school during the summer or during the hours of the closing day can testify as to the value of the work done. The duty of a community towards its children is not limited to opportunity for work in graded schools for forty weeks. It is the function of the school to do all that can be done to help individual children to a higher plane of living and accomplishment. As a proof of the demand for school work during the vacation I need only give the attendance figures, which speak for themselves. The total number enrolled was 255, and the average attendance was 234, or 91.8%. Attendance was entirely voluntary, the only spur used being the attraction of the work and games offered. Every pupil was given part time in some department of the school and part time on the playground. The police department report that they had a smaller number of complaints from people annoyed by mischievous boys than ever before during vacation time. The school has proven to be a good "preventive medicine," the best of modern cures.

Eighty pupils attended the classes for school work. Eighteen of these secured a promotion otherwise lost, which means theoretically a saving to the Town of about $600. Besides this, many more removed conditions and fitted themselves to do successfully the work of the next grade. These pupils, as a rule, worked faithfully and attended regularly, seeming appreciative of the opportunity offered them to make up deficiencies. I will not go into details of the work accomplished because it was so well described by the local paper at the close of the school term. We were very fortunate in our choice of teachers. They gave of their time and strength unsparingly and made the work both attractive for the children and valuable as a training. The funds for the support of the school were obtained largely by subscriptions. It was very gratifying to me to find the large number of people who were interested in the project to the extent of giving toward its support. Of the funds raised, $208 was given by the Woman's Club and its individual members; $100 was contributed by the Teachers' Club; $50 was raised at a baseball game on June 17; and the remainder contributed by individuals. The receipts and expenditures follow:

Receipts.

Balance from last year	$24.42
Woman's Club	208.50
Teachers' Club	98.50
Ball game	53.40
Sowers' Lend-a-Hand	25.00
Lend-a-Hand	25.00
Eastern Star	5.00
Clover Lend-a-Hand	50.00
Individual contributions	310.56
Total	$800.38

Expenditures.

Salaries	$590.00
Lumber	23.81
Materials, reeds, raffia, cane, etc.	41.78
Expressage	26.60
Playground materials	12.15

Printing	$5.38
Miscellaneous expenses	28.89
Total	$728.61
Balance	71.77
	$800.38

It seems to me that the Vacation School has justified its continuance, and that it is of sufficient value for the Town to support. I am anxious to do everything I can to help the school except solicit funds for its further support.

Teachers.

The progress and improvement of our school system are hampered by constant changes of teachers. While this evil is not as marked as formerly when lower salaries were paid, it is still a serious detriment. Sixteen, over twenty per cent, of our teachers are new to the work of Arlington this year. While all of these are experienced teachers, their first year's work cannot be the best because of the necessity of adapting themselves to new conditions, new courses of study, and new methods. The first year must be given largely to learning local conditions, becoming acquainted with children and parents, and fitting themselves into our scheme of work and discipline. Some do this much more quickly than others, and a few never succeed at all.

Resignations.

High — Ruth Tenney, Harriet P. Ryder.
Russell — Florence A. Morrison.
Crosby — Ina J. Pearson, Martha T. Foster, Victoria Jansson.
Cutter — Lola H. Taylor.
Locke — Laura M. Dermon, Lucy E. Evans, Bessie M. Hartshorne, Jennie M. Dunlap, Gertrude Sanderson.

New Teachers.

High — Carolyn R. Holt, Ruth Jennison, Ethel H. Woods, Elizabeth H. Briggs.
Russell — Sarah Hirst, Pearle Diffin, Edith L. Shorrock.

Crosby — Thomas E. Freeman, Ethelyn Brown, Elizabeth Merrill.

Cutter — Carrie E. Fletcher, J. Adelaide Moffit.

Locke — Eva M. Farrington, Ruby Christie, Harriet S. Bishop, Bertha W. Richardson.

The difficulty of securing the type of teacher we desire for our schools is growing constantly more difficult, especially for the upper grammar grades. Many other respectable and remunerative vocations that seem more attractive than teaching are now open to young women, and many of the most promising High School graduates choose these callings in preference to teaching. Many of those who become teachers stay in the work a comparatively short time. While there are some teachers in service who have taught more than twenty-five years, the average term of service in our country is only four years. Nearly one-half the teachers in our town have taught here less than three years.

I feel that I can justly say of the teachers of Arlington that there are as small a proportion of poor teachers and as large a proportion of good ones as can be found in any system in the Metropolitan district. They are an earnest, progressive, optimistic body, bent upon doing their best for the boys and girls who come under their instruction, willing to work in school and out for the good of the cause, and striving with enthusiasm to realize the highest possible standards of accomplishment. They realize that teaching is more than hearing lessons; that it means the most careful study and most correct estimate of the possibilities in every individual child, and the training of these powers to the highest point of efficiency. I cannot say enough in appreciation of the faithful efforts made, and the gratifying results obtained by our teachers during the past year. A large measure of public appreciation and confidence is due these faithful public servants who are giving the best years of their lives to a noble calling, and receiving as a recompense salaries too small to enable them to save enough to remove the dread of a dependent old age.

The Teachers' Club held eight meetings last year, the last of which was a banquet. In April the drama "Cranford" was produced with excellent success. As a result of one performance $100 was given to the Vacation School fund. The object of the club is social and professional profit. The meetings have been a source

of great enjoyment to the teachers, practically all of whom are members, and a fine spirit of harmony and co-operation between teachers has resulted.

A Final Word.

I believe I am warranted in saying that the schools are generally in good condition. The year has been marked by a spirit of co-operation and earnestness among the teachers, and progress throughout the system. We can see many ways in which we may improve, many faults which must be corrected, but in general I believe we are facing in the right directions. Our ideals are high, but the highest ideals are often the most practical. Today we are shaping the lives of the young people who twenty years from now will be running this town or city. Their ideals and standards will be the results of our ideals and sacrifices today. The future of Arlington is in our hands. Let us give these young lives in our keeping the best possible opportunities for development — mental, physical, and moral; let us make this year better than last; let us realize that the best training of our youth is of greater importance to the future than a few cents' reduction in the tax rate. Then our reward shall be freedom from regret and the knowledge that we have performed our duty.

Respectfully submitted,

JOHN F. SCULLY,
Superintendent of Schools.

REPORT OF THE SCHOOL PHYSICIAN.

Mr. John F. Scully, Superintendent of Schools, Arlington:

I herewith submit my report as School Physician for the year ending December 31, 1911.

The total number of children examined is 1964, a considerable increase over last year. The Locke and Crosby Schools, being the largest, naturally furnished the greatest number of examinations. All new pupils were examined as to vaccination and all either had a satisfactory scar or presented a physician's certificate of disability.

Sixty-nine pupils were temporarily excluded from school, for the following causes: nausea, fever, exposure to diphtheria, too early

return after diphtheria, and cut of nose, 1 each; mumps and whooping cough, 2 each; scarlet fever, headache, sore throat and measles, 3 each; measles in household, 5; ringworm and pediculosis, 6 each; chicken pox, 7; acute conjunctivitis and exposure to scarlet fever, 12 each.

The work has been conducted on practically the same lines as last year and I consider that it has been efficient.

There are two subjects to which I would like to refer which are of the greatest importance. One is the child of sub-normal mental development. In a few cases there is actual mental defect, but the great majority of this class are below the average development of a child of their age from malnutrition or ill health. A certain number of cases are capable of rapid relief by attention to the eyes, ears, or throat, while others, naturally inattentive, may be taught to apply their minds to the work in hand. I consider much good might be accomplished if these backward pupils could be placed in a class by themselves, where they could have more individual instruction than is possible in the regular grade.

Another class of afflicted children which is always with us is the boys and girls with defective teeth. The trouble is well-nigh universal, and the best dressed child is just as likely to have an unsanitary, neglected mouth as the one obviously coming from a humble home. If every one having children in his charge who reads this report will resolve to see to it that his children's teeth are kept clean and free from decay, a great deal will be accomplished.

We have fortunately had no serious outbreak of contagious disease during the year.

Respectfully submitted,

CHARLES F. ATWOOD, M.D.

REPORT OF TRUANT OFFICER.

ARLINGTON, MASS., January 1, 1912.

John F. Scully, Superintendent of Schools,

I herein present my sixth annual report as Truant Officer to the Town of Arlington, Mass., for the year ending December 31, 1911.

	Crosby	Cutter	Russell	Locke	
Number of calls	144	17	14	2	177
Number of truants	6	5	4	1	16
Kept at home by sickness	62	3	5	1	71
Number taken to school	6	5	1	0	12
Kept at home by parent	25	0	3	0	28
No one at home when officer called	30	2	1	0	33
Kept at home for lack of clothes	15	2	0	0	17

WILLIAM T. CANNIFF,
Truant Officer.

REPORT OF THE BOARD OF HEALTH.

The Board of Health respectfully submits the following report for the year ending December 31, 1911.

The present Board, consisting of Dr. Laurence L. Peirce, Dr. Guy E. Sanger and Alfred H. Knowles, held its first meeting March 28, 1911, and organized temporarily, Dr. Peirce being ill. On May 10, the Board organized for the year with Dr. Laurence L. Peirce as Chairman and Thomas J. Robinson as Clerk.

The general health of the Town during the year will compare favorably with previous years, the increase in the number of contagious diseases reported being due to the fact that tuberculosis has never been reported until this year.

Collection of Offal and Ashes.

The cost of the collection of ashes and offal of the Town has been greatly increased during the past year, so much so that it became necessary for the Board to come before the Town at the November Town Meeting and ask for an additional appropriation of $1600.00 in order to carry on this most important work. The reason for the increased cost may readily be seen from a perusal of the report of the Inspector of Buildings. This Board has been informed by the Inspector, and the information is verified by his report to the Town, that permits have been issued during the year for buildings to accommodate two hundred and four (204) families. As a great many of these buildings, in fact a large majority of them, have been erected on new streets and in districts where heretofore no collections were necessary, a large item of the increase is at once evident. The other causes for the increase are easily found in the compulsory compliance with the eight hour law, which deprives the Town of about one hour per day on each man and horse employed, and the fact that two of the dumps formerly used have been closed, this necessitating a much longer haul from both ends of the Town.

The Board look for an even greater increase in the number of buildings erected the coming year, making it exceedingly difficult

to estimate the cost of collecting. The Board feel that, while the cost of this work must necessarily increase from year to year, the citizens are receiving excellent service, a fact evidenced by the very few complaints received as compared with previous years.

For the cost of this work we refer you to the following comparison table with that of the year 1910:

	1911			1910		
	Labor	*Horses*	*Total*	*Labor*	*Horses*	*Total*
Offal	$2,836.71	$798.73	$3,635.44	$2,053.73	$747.76	$2,801.49
Ashes	3,093.39	1,175.01	4,268.40	2,589.07	1,061.53	3,650.60
Total	5,930.10	1,973.74	7,903.84	4,642.80	1,809.29	6,452.09

Sanitary Conditions.

The sanitary conditions in the Town show a decided improvement and complaints under this head have been noticeably less than in former years. Every complaint received is immediately referred to the Sanitary Inspector, to investigate, with instructions to make an immediate report to the Board together with such recommendations as he deems proper, to remedy the trouble. For further details as to this work we refer you to the reports of the Sanitary and Plumbing Inspectors.

Treatment of Contagious Diseases, for which the Town has Become Liable.

Under Chapter 213, Acts of 1902, as amended, the Town has been liable for twelve (12) cases of contagious diseases, at a cost of $752.31, and for which we have received reimbursements amounting to $178.71, thus making a net cost to the Town of $573.60, as against $800.00 for the year 1910. As has been stated in previous reports this matter of contagious disease is liable to be the cause of an overdraft each year, as it is impossible to foresee the amount necessary to care for such cases.

Appointment of Inspector of Slaughtering.

In May of this year the Board appointed a new Inspector of Slaughtering to fill the vacancy caused by the resignation of Mr. Frank P. Winn. Dr. William J. McCarty received the appointment. Dr. McCarty is a graduate of Cornell Veterinary College and has given efficient service.

For further details of this work we refer you to the report of the Inspector.

Inspection of Markets.

From complaints received and investigation thereof made, the Board is convinced that there should be an inspection of markets and the appointment of such an Inspector in the very near future is contemplated by the Board.

Spy Pond.

Early in the summer the Cambridge Ice Company made application to the Board, for permission to treat the waters of Spy Pond with copper sulphate for the purpose of killing the algæ or vegetable growth contained therein. This has since been done by the Company. In looking into the matter it was exceedingly interesting to learn that the water of Spy Pond had been tested in the early spring by as good an authority as John C. Sparks, B. S., of F. C. S. of New York, the chemist for the Board of Health of the City of New York.

Dr. Sparks made the following voluntary statement, "I may tell you as a question of comparison that the water from your lake is superior to the usual Groton water we drink here in New York."

Reports of Officers of the Board.

The reports of the several officers of the Board are approved, to which attention is called.

Financial.

Reference is made to the report of the Auditor for details as to expenditures.

Licenses.

Licenses have been granted as follows:

Stables: George Clark, 30 Mystic Street; John Lyons, Buckman Court; Mary A. Law, Mill Street.

Undertakers: J. Henry Hartwell & Son, 4 Medford Street; Daniel W. Grannan, 378 Massachusetts Avenue; William D. Grannan, 378 Massachusetts Avenue; James P. Daley, 1 Park Terrace.

Slaughtering: Frank Bowman, Broadway.

Miscellaneous — Board of Infants.

The Board has given its approval to applications for licenses to board infants or children, as follows: Mary E. Hallice, 45 Teel Street; Georgianna Fouquet, 51 Teel Street; Mrs. Sarah Scanlan,

41 Teel Street; Mrs. Emma L. Hill, 17 Cottage Avenue; Mina Lovering, 58 Teel Street; Jennie M. Rourke, 63 Teel Street; St. Johns House for children, 18 Claremont Avenue; Martha Forsyth, 15 Henderson Street; Catherine Smith, 162 Massachusetts Avenue.

LAURENCE L. PEIRCE,
GUY E. SANGER,
ALFRED H. KNOWLES,
Board of Health.

Attention is called to the following regulations of the Board of Health and extracts from the Revised Laws:

DISEASES DANGEROUS TO THE PUBLIC HEALTH.

From Regulation of Board of Health.

Section 3. Upon the outside of every house in which there is a person sick with smallpox, diphtheria, membranous croup, measles or scarlet fever shall be placed a suitable placard with the name of the disease. The Board of Health may in special cases permit the placard to be placed upon interior apartments only. This placard shall not be defaced or removed by any person without authority of the Board of Health.

Sec. 4. No person shall remove or permit to be removed from any house or apartment upon which a placard has been placed, as provided in Section 3, any clothing, books or other property without a permit from the Board of Health; nor after a house is established as a hospital, under provisions of Chapter 80 of the Public Statutes, shall any occupant of such house take up a residence elsewhere without such permit. No public or circulating library book shall be taken into any house or apartment whereon a placard has been placed, as provided in Section 3, before the authorized removal of said placard. All books, papers, toys and other articles in a room where there is a person sick with scarlet fever or diphtheria which cannot be thoroughly disinfected must be destroyed.

Sec. 5. No person living in a house or interior apartment upon which a placard has been placed, as provided in Section 3, shall attend or visit any school in the Town without a permit from the Board of Health.

Sec. 6. No person who has visited a house in which there was at the time a case of smallpox, diphtheria, membranous croup, or scarlet fever, shall attend school until the expiration of two weeks from such visit.

Sec. 7. Danger of conveying smallpox, diphtheria and scarlet fever shall not be considered to have passed until two weeks have expired after the rooms occupied by a person who has been sick with either of said diseases, and the articles used by him have been disinfected to the satisfaction of the Board of Health.

Sec. 8. In case of the removal of a child from the house where a person is sick with any of the diseases mentioned in Section 11 of Chapter 496 of the Acts of the year 1898, two weeks must elapse before such child is allowed to attend school.

SEC. 9. No case of diphtheria shall be considered recovered until a negative culture has twice been obtained, at not less than three days' interval, from such patient.

SEC. 10. No case of scarlet fever shall be considered recovered until desquamation is complete on every part of the body.

SEC. 11. No child having chicken-pox or mumps shall be allowed to attend any school in this Town.

EXTRACTS FROM THE REVISED LAWS AS AMENDED.

CONTAGIOUS DISEASES.

Chapter 480, Acts of 1907: An act to provide for the compulsory notification and registration of tuberculosis and other diseases dangerous to the Public Health.

Be it enacted, etc., as follows:

SECTION 1. Sections forty-nine and fifty of Chapter seventy-five of the Revised Laws, as amended by Chapter two hundred and fifty-one of the Acts of the year nineteen hundred and five, and Section fifty-two of said Chapter seventy-five are hereby amended by inserting after the word "disease," wherever it may occur in said sections, the words — declared by the State Board of Health to be, — so as to read as follows: Section 49. A householder who knows that a person in his family or house is sick of smallpox, diphtheria, scarlet fever or any other infectious or contagious disease declared by the State Board of Health to be dangerous to the public health shall forthwith give notice thereof to the Board of Health of the city or town in which he dwells. Upon the death, recovery or removal of such person, the householder shall disinfect to the satisfaction of the Board such rooms of his house and articles therein as, in the opinion of the Board, have been exposed to infection or contagion. Should one or both eyes of an infant become inflamed, swollen and red, and show an unnatural discharge at any time within two weeks after its birth, it shall be the duty of the nurse, relative or other attendant having charge of such infant to report in writing within six hours thereafter, to the Board of Health of the city or town in which the parents of the infant reside, the fact that such inflammation, swelling and redness of the eyes and unnatural discharge exist. On receipt of such report, or of notice of the same symptoms given by a physician as provided by the following section, the Board of Health shall take such immediate action as it may deem necessary in order that blindness may be prevented. Whoever violates the provisions of this section shall be punished by a fine of not more than one hundred dollars. SECTION 50. If a physician knows that a person whom he is called to visit is infected with smallpox, diphtheria, scarlet fever or any other disease declared by the State Board of Health to be dangerous to the public health, or if one or both eyes of an infant whom or whose mother he is called to visit become inflamed, swollen or red, and show an unnatural discharge within two weeks after the birth of such infant, he shall immediately give notice thereof in writing over his own signature to the Selectmen or Board of Health of the town; and if he refuses or neglects to give such notice, he shall forfeit not less than fifty or more than two hundred dollars for each offense. SECTION 52. If the Board of Health of a city or town has had notice of a case of smallpox, diphtheria,

scarlet fever or any other disease declared by the State Board of Health to be dangerous to the public health therein, it shall within twenty-four hours thereafter give notice thereof to the State Board of Health stating the name and location of the patient so afflicted, and the secretary thereof shall forthwith transmit a copy of such notice to the State Board of Charity.

SEC. 2. This act shall take effect upon its passage. [Approved June 6, 1907.]

VACCINATION.

Chap. 75, Sec. 136. A parent or guardian who neglects to cause his child or ward to be vaccinated before the child or ward attains the age of two years, except as provided in section one hundred and thirty-nine, shall forfeit five dollars for every year during which such neglect continues.

Chap. 75, Sec. 137. The Board of Health of a city or town, if in its opinion it is necessary for the public health or safety, shall require and enforce the vaccination and revaccination of all the inhabitants thereof and shall provide them with the means of free vaccination. Whoever, being over twenty-one years of age and not under guardianship, refuses or neglects to comply with such requirement, shall forfeit five dollars.

Chap. 44, Sec. 6. [Revised Laws, as amended by Chap. 371, Acts of 1906.] A child who has not been vaccinated shall not be admitted to a public school except upon presentation of a certificate signed by a regular practicing physician that he is not a fit subject for vaccination. A child who is a member of a household in which a person is ill with small-pox, diphtheria, scarlet fever, measles, or any other infectious or contagious disease, or of a household exposed to such contagion from another household as aforesaid, shall not attend any public school during such illness until the teacher of the school has been furnished with a certificate from the Board of Health of the city or town, or from the attending physician of such person, stating that danger of conveying such disease by such child has passed.

NOTE. Section 139, referred to above, exempts children who present a certificate signed by a registered physician that they are unfit subjects for vaccination. Application for free vaccination by persons who are unable to pay for it, may be made to the Clerk or Agent of the Board of Health.

Note. Under the Law, Tuberculosis is now considered a contagious disease and reportable by physicians. This (1911) report is the first report published of the number of these cases reported to the Board.

REPORT OF SANITARY INSPECTOR.

Arlington, Mass., December 31, 1911.

Board of Health,

Gentlemen: I have the honor to submit my report as Sanitary Inspector for the year ending December 31, 1911.

The character of work of this office has been about the same as that of previous years.

All complaints have been given consideration and thoroughly investigated. Where actual nuisance or unhealthful conditions were found to exist the same have been abated.

Satisfactory adjustments have been made of all complaints.

Respectfully submitted,

CHARLES T. HARTWELL,
Sanitary Inspector.

REPORT OF THE FUMIGATOR.

ARLINGTON, MASS., December 31, 1911.

Board of Health,

Gentlemen: I have the honor to submit my report as Fumigator for the year ending December 31, 1911.

Whole number of cases fumigated sixty-eight (68).

Twenty-six cases of scarlet fever requiring the fumigation of sixty-seven (67) rooms.

Twenty-three cases of diphtheria requiring the fumigation of forty-three (43) rooms.

Seventeen cases of tuberculosis requiring the fumigation of thirty (30) rooms.

Halls, stairways and closets whenever necessary.

Respectfully submitted,

CHARLES. T. HARTWELL,
Fumigator.

REPORT OF INSPECTOR OF MILK.

ARLINGTON, MASS., January 1, 1912.

To the Board of Health, Arlington, Mass.

Gentlemen: I have herein the honor to present to you my second annual report as Inspector of Milk. I have begun this year the keeping of a more accurate record of the conditions under which the milk supply of the town is raised. I have in my possession statements of where each milk dealer derives his supply and where such milk is raised and under what conditions.

The amount of milk sold in the town at the present time is about 3000 quarts per day, of which only about 600 quarts is raised within the town limits. The amount of cream consumed is about 125 quarts per day, this being the so-called heavy cream. I have issued fifty-three licenses to dealers of milk, about one-half of which are to stores, and turned over to the Town Treasurer twenty-six dollars and fifty cents ($26.50) for the same.

I have made examinations of milk from time to time and have in the great majority of cases found it to be of excellent quality. In one instance where I found adulteration to the extent of eighteen per cent added water, I summoned the dealer to court and on his plea of guilty the court placed a fine of fifty dollars.

In almost all cases my duties with the milk dealers have been very pleasant. I find them more than willing to do what is right in the direction of clean milk, and willing to make any reasonable changes in their milk rooms and methods which I may suggest.

Respectfully submitted,

LAURENCE L. PEIRCE, M.D.V.,
Inspector of Milk.

REPORT OF INSPECTOR OF SLAUGHTERING.

To the Board of Health.

Gentlemen: I herewith submit to you my first report as Inspector of Slaughtering, from May 23 to December 31, 1911.

Animals were inspected at the time of slaughter and according to B. A. I. rules and regulations on inspection.

Tuesday and Wednesday are the days set for inspection.

License has been granted to Frank Bowman to slaughter.

Have inspected 1175 animals. Number passed 1150. Number condemned 25, owing to age, weight and diseased conditions.

Respectfully submitted,

W. T. McCARTY, V. S.,
Inspector of Slaughtering.

REPORT OF THE INSPECTOR OF PLUMBING.

LEXINGTON, MASS., January 1, 1912.

To the Board of Health, Arlington, Mass.

Gentlemen: Below please find my report as Inspector of Plumbing for year of 1911.

Number of permits issued for the year, 149. Number of applications received for which permits were issued and on which work has not yet been seen in completed condition, 35.

The work generally has been of good quality and there have been very few occasions for complaint.

Respectfully,

GEORGE W. DAY,
Inspector of Plumbing

REPORT OF COMMISSIONERS OF CEMETERIES, ROBBINS FUND, SOLDIERS' MONUMENT FUND AND SAMUEL C. BUCKMAN FUND.

ARLINGTON, January 20, 1912.

The Commissioners of Cemeteries, Soldiers' Monument Fund, Robbins Fund and Samuel C. Buckman Fund herewith submit their report for the year ending December 31, 1911.

The large increase in the sale of single graves and three and four grave lots during the past few years made it necessary during the past year to grade and lay out two new sections in Mt. Pleasant Cemetery. The Commissioners accordingly, at the November Town Meeting, asked for and received an additional appropriation of $5000.00 for this purpose. A contract was made with Michael Kelly for this work and the work is expected to be completed the coming spring. With the completion of these two plots a sufficient number of lots and single graves will be provided to meet the requirements for some few years.

Number of lots sold		14
Number of single graves sold		15

REPORT OF JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS.

The Joint Board of Selectmen and Board of Public Works herewith present their eighth annual report for the year 1911.

The Board met March 7, 1911, and organized by electing Herbert W. Rawson, Chairman, and Thomas J. Robinson, Clerk.

Regular meetings have been held Monday evenings of each week, at eight o'clock.

The Board is made up of three members of the Selectmen and three members of the Board of Public Works, sitting jointly.

The duties of this Board are indicated in Section 5 of Chapter 3 of the Acts of 1904, which reads as follows:

"Section 5. Upon the election of said Board of Public Works all the powers, rights, duties and liabilities of the Selectmen in said town, now existing or hereafter created by law, relating to highways, town ways, the laying out and discontinuance of ways, bridges, sidewalks, guide posts, monuments at the termini and angles of roads, public squares, playgrounds, shade trees, sewers, drains, street watering, street lighting, the assessment of damages and betterments, water pipes, gas pipes, conduits, poles, wires, street railways, the granting of locations, rights or licenses for structures upon, under or over highways or other ways, shall be exercised, enjoyed, performed and incurred by a Board consisting of the Selectmen and the Board of Public Works created by this act, sitting jointly ás the Board of Survey."

The Act establishing this Board was accepted by the Town February 8, 1904, and the operation of the Board appears to have given general satisfaction.

Appointments.

The following appointments were made by the Board, all for the term of one year from April 1, 1911.

Town Counsel, Philip A. Hendrick; Consulting Town Engineer, Robert W. Pond; Acting Town Engineer, George E. Ahern; Superintendent of Wires, Reuben W. LeBaron; Superintendent of Streets, Robert A. Vesper.

Street Watering.

Under Chapter 289, Acts of 1909, which reads as follows:

"Section 1. Any city or town may sprinkle or spread on its public ways, or parts thereof, water or any liquid or material suitable for laying or preventing dust and preserving the surface thereof, and for sanitary purposes, and all statutes providing for watering such public ways shall apply to the use of such liquids and materials, including the appropriation of money, the expenditure thereof at the expense of the city or of the abutters, the assessment upon abutting estates, and the collection of such assessments and proceedings therefor."

This branch of the work is under the control of the Board of Public Works, and it is in their discretion to use water or other means of preventing dust and preserving the surface of the streets. No contracts have been let for watering during the past year owing to the increased use of tar and other preventatives.

The cost for the treatment of the streets for the past year was $4500, of which $1700 was raised by general tax, and the balance, $2800, by assessments on the abutters.

The assessment this year is 2½ cents per front foot; last year it was 2 6-10 cents per front foot.

It would seem that a larger appropriation would be necessary in the near future, owing to the number of new streets and the demand for protection from dust by residents on streets not heretofore treated.

Underground Conduits.

During the year the Boston Elevated Railway Company petitioned for permission to lay underground conduits in Massachusetts Avenue from the Cambridge line to Water Street, and in Water Street to property of the Company; also from Massachusetts Avenue about three hundred fifty feet in Broadway; and in Medford Street about two hundred feet. These conduits were to be laid for the purpose of taking care of the heavy feed wires of the Company to connect with the new transformer station on Water Street. Permission was granted for the laying of these conduits, and the work done to the satisfaction of the Town Engineer.

Later a petition was received from the same Company for per-

mission to lay conduits for the same purpose through Henderson Street to connect with similar lines in Somerville. This, the Board did not grant, Henderson Street being in first-class condition, and the laying of said conduits being of no direct benefit to the Town.

Gray Street Extension.

As reported by this Board last year, the Board had voted its intention to lay out this street. Hearings in accordance with law were given in the early part of the year. All abutters having been notified, and no one appearing in opposition, it seemed to be the unanimous opinion that this improvement should be made. The matter then came before the Town Meeting of March 20, 1911, at which meeting it was voted to accept and establish as a Town way the extension of Gray Street, in accordance with the plans approved by the Board of Survey authorizing the assessment of betterments; said plans being on file in the office of the Town Clerk.

It will be necessary that some action be taken toward establishing this street during the coming year in order to retain the rights which the Town now has under said vote.

The estimated cost of this extension, including takings, building of the street, sidewalks, etc., is about $35,000.00, meaning that the net cost to the Town after deducting the betterments would be in the neighborhood of $20,000.00.

The building of this street will greatly relieve the congested condition of Massachusetts Avenue by automobile traffic and more rapidly develop, for residential purposes, one of the most desirable sections of the Town. The cost of the undertaking will be vastly more than offset by the increased value of the property through which it passes.

Summer Street Extension.

Early in the year the urgent necessity of extending Summer Street, so as to relieve in a measure the congestion on Massachusetts Avenue, was manifest. The committee appointed from this Board has held conferences with the State Highway Commission with an idea of having the State build and maintain this street as a state highway. Under this arrangement the Town would be liable only for the damages for the land taken.

The proposition is a large one, necessitating the appropriation of a large amount of money, and should be thoroughly investigated

before any definite action is taken. There is at the present time a Committee, appointed by the Town, to make a topographical study and survey of the territory lying between Massachusetts Avenue and Winchester and it would seem advisable to defer further action until this Committee has reported.

New Streets Laid Out or Constructed.

Wellington Street, Magnolia Street, Belknap Street, Marion Road, Harvard Street, and Norfolk Road were laid out by the Joint Board under the provisions of law authorizing the assessment of betterments.

The estimated cost of the construction of these streets by the Engineering Department was $14,000.00, but owing to the large amounts appropriated for other purposes last year, but $9,000.00 was appropriated for the construction of these streets. This amount allowed for the construction of Norfolk Road, Magnolia Street, Marion Road, Belknap Street, and the installation of paved gutters, storm drains, catch-basins, in the other streets. It also provided for brick sidewalks on some of the streets.

Pole Locations.

Fifty-three petitions for pole locations have been granted during the year, twenty-nine to the New England Telephone and Telegraph Company, and twenty-four to the Edison Electric Illuminating Company of Boston, on all of which hearings were given as required by law. Sixty-three poles have been replaced on the highways during the past year by the various companies owning the same. These poles were unsafe or unsuitable to support a new construction. Nineteen petitions have been received and granted to the New England Telephone and Telegraph Company to attach wires on the poles of the Edison Electric Illuminating Company, on all of which hearings were given and notices sent as required by law.

Under Chapter 506, Acts of 1911, hearings are no longer necessary for the attachment of wires and fixtures to poles of any one company on petition of another company. All that is required is a permit from this Board for such permit. The Act, however, makes it still necessary for hearings to be given where a new pole location is to be granted.

Street Lighting.

During the past year thirty-seven 40 c. p., seventeen 60 c. p., seven 100 c. p. and three arc lights were installed. Eight 40 c. p., one 80 c. p., and six arc lights were removed, making a net total of forty-nine new lights installed for the year. The total number of lights in service December 31, 1911 is as follows:

Incandescent Lights, 40 c. p.,	278
Incandescent Lights, 60 c. p.,	17
Incandescent Lights, 80 c. p.,	3
Incandescent Lights, 100 c. p.,	1
Incandescent Lights, 100 c. p., burning all night,	6
Arc Lights, 1200 c. p.,	82
Total,	387

As stated in the report of this Board last year a petition was received from the Arlington Business Men's Association for better street lighting in the center of the Town.

On May 13 of this year the new system, as recommended by the Superintendent of Wires, was put in service in the center of the Town, and seems to meet the general approval of the public. The new system consists of seven 100 c. p., seventeen 60 c. p., and five 40 c. p. Tungsten incandescent lights. Six of the seven 100 c. p. lights installed in the center of the Town are burned all night. By this system the business section of the Town is amply lighted from sundown to sunrise, and has proven a vast help to the patrolmen in covering this most important beat.

For further details of the work done, we refer you to the Report of the Superintendent of Wires.

Permanent Sidewalks.

Three thousand five hundred (3500) dollars was appropriated in March for the construction of permanent sidewalks, not less than fifteen hundred (1500) dollars of said sum to be used for extensions carried out under the sidewalk act, Section 13 of Chapter 49 of the Revised Laws.

Ten applications have been received for sidewalks, eight of which have been granted. The policy of the Board has been, and continues to be, to install permanent sidewalks whenever peti-

tioned for, when the appropriation made for the purpose will allow.

Brick or granolithic walks are laid wherever possible, as, in the opinion of the Board, sidewalks constructed of these materials are of a more permanent and economical character.

By a special appropriation the brick sidewalk on Massachusetts Avenue, constructed last year, has been extended from Schouler Court to Mt. Vernon Street. The value of this permanent sidewalk is fully appreciated by the residents of the upper section of the town and should be extended each year, thus providing one permanent sidewalk the entire length of the town. For details and cost of this work reference is made to the reports of the Town Engineer and Superintendent of Streets.

Discontinuance of Lights on Private Ways.

On April 1 all lights located on private ways and maintained at the expense of the Town were ordered discontinued. This action of the Board was made necessary by the large number of petitions received from residents of streets not as yet accepted by the Town, and the increasing number of such streets.

In all such cases the lights may be installed and paid for by the residents of such ways at the same price as paid by the Town, i.e., $15.14 net for 40 c. p. incandescent lights, and $64.91 net for arc lights per year.

Development of New Territory.

During the year numerous petitions have been received by the Board for approval of plans for the opening up and development of land in different sections of the town. In each case the policy of the Board has been to approve only such plans as are acceptable to them and to the Town Engineer, looking toward the development of all contiguous property, rather than a desire to accommodate any individuals or further the interests of any financially interested parties in such development.

In this position the Board feels that it should have the strong support of every citizen of the Town, who looks to the future development and maintenance of our Town.

All petitions for approval of plans are submitted and acted upon under the provisions of the "Board of Survey Act" of 1897. If there be anything in this Act that in any way deprives your

Board of Survey of the powers supposed to be contained therein, the Act should be amended and that power conferred, thus enabling the Board of Survey to prevent the development of property within the town in any way contrary to the plans of such development as approved by the Board. This would secure the future from the manipulations of all parties whose interests might be termed personal rather than municipal.

Plans Approved.

Petitions were received from various persons, asking for approval of plans of proposed streets. Hearings were given in each case and the Board, sitting as the Board of Survey, approved the following plans: Wildwood Avenue, Fountain Road, Buena Vista Road, Spring Avenue, Wyman Terrace, Farrington Street, Robbins Road Extension, Cedar Avenue, Chester Street, Eustis Street, Fayette Street, Bellington Street, Arlmont Street, Glenburn Road, Extension of Norfolk Road, Davis Avenue, Fairmont Street, Thorndike Street, Hillside Avenue Extension, Frances Avenue (Norfolk Road), Oakland Avenue Extension, Florence Avenue Extension, Charlton Street, Prospect Avenue Extension, Renfrew Street, George Street, Rhinecliff Street, Waverly Street, Inverness Road, Lorne Road, Profile of Appleton Street.

Medford Street Relocation.

As reported last year the Selectmen, as authorized by the Town, petitioned the County Commissioners to relocate Medford Street. A number of hearings were held and the Commissioners seemed to be of the opinion that the entire length of the street from Massachusetts Avenue to the Medford line should be widened. Plans showing the proposed takings were exhibited at the hearings. If the plans as shown are carried out the street will be seventy feet wide from Massachusetts Avenue to Chestnut Street, and seventy-five feet wide from Chestnut Street to the Medford line. No decree has, as yet, been returned by the Commissioners. This Board is, therefore, unable to give, at this time, the cost of the work.

Massachusetts Avenue Widening.

During the year a petition has been presented to the County Commissioners asking for the widening of Massachusetts Avenue,

from Water Street to Academy Street, and at a point near the Lexington line. Hearings have been held on said petition and while the Commissioners have not returned a decree, there is little doubt but that the decree when it comes will be in accordance with the desire of the petitioners. It seems particularly desirable that the widening between Water Street and Academy Street should take place as soon as possible, in view of the fact that all the land to be taken is on the southerly side of the Avenue and belongs to the Town. Also, that the location of the proposed new Town Hall has been established on the lines of the proposed relocation. If this relocation is established the width of the avenue at this point will be eighty feet instead of sixty-six feet as at present. The only cost to the Town will be for rebuilding the street.

Change of Crossing and Car Stops at Pleasant Street.

Many complaints have been received from pedestrians and patrons of the surface cars, of the danger from automobiles and other vehicles, at the corner of Pleasant Street and Massachusetts Avenue. To obviate this danger a new crosswalk has been installed opposite the entrance to the Post-Office Building, leading to Pleasant Street. The Boston Elevated Railway Company were requested to change the stopping place of both inbound and outbound cars from the old stop at the southerly corner of Pleasant Street to the new stop at the northerly side of the same street, and the request has been complied with by the Company.

Settlement of Lexington Peat Company Case.

After numberless delays covering a period of years, the Board is pleased to be able to report that through the efforts of the Town Counsel this case has been settled to the entire satisfaction of the Board. The Company has paid all indebtedness with interest amounting to $3967.44. As per vote of the Town, $3237.30 of this amount has been placed to the credit of the Sinking Fund. The work of the Town Counsel in this case is worthy of and receives our commendation.

Matters now Pending Before the Board.

The following important matters are now pending before the Board:

Award of damages and assessment of betterments on Medford Street.

Relocation of Mystic Street near the Winchester line.

Award of damages and assessment of betterments on Mystic Street.

Establishing the boundary lines between Winchester and Arlington.

Alewife Brook assessments.

Henderson Street Extension.

Summer Street Extension.

Topographical survey of Sucker Brook.

Abolishment of grade crossings.

Policy of the Board.

The following votes indicating the policy of the Board have been passed:

(*a*) *Width of Streets.* At a meeting held October 14, 1907, it was

Voted, That it was the sense of the Board of Survey not to approve of plans for the laying out or construction of streets less than forty feet wide.

(*b*) *Crosswalks.* At a meeting held October 28, 1907, it was

Voted, That whenever a sidewalk is changed by the construction of a new street the sidewalk, including the new crosswalk, must be relaid in as good and permanent a form as before the change, the cost to be a charge against the party constructing the street. In case the Town desires a higher cost walk than existed before the change was made the additional cost must be made by the Town in case of permanent sidewalks only.

(*c*) *Rough Grading of Private Streets.* At a meeting held December 9, 1907, it was

Voted, That after January 1, 1908, no water or sewer pipes shall be laid in streets approved by the Board of Survey until such streets, including sidewalks, have been brought to subgrade satisfactory to the Town Engineer.

HERBERT W. RAWSON, WILLIAM N. WINN,
JACOB BITZER, HENRY W. HAYES,
FRANK V. NOYES, RODNEY T. HARDY,

Joint Board of Selectmen and Board of Public Works.

REPORT OF TOWN COUNSEL.

ARLINGTON, MASS., January 1, 1912.

To the Honorable, the Joint Board of Selectmen and Board of Public Works, Arlington, Mass.

Gentlemen: I herewith submit my report as Town Counsel for the year 1911. During the year no large claims were presented against the Town and the work was largely routine. Every case against the Town has been disposed of with the exception of a petition for the abatement of taxes which was filed against the assessors during December.

The following claims against the Town were disposed of:

THOMAS CORMAY.

This was a claim against the contractor of the Crosby School for wages due. The Town was made a party to this suit under the statute but the matter was disposed of by the contractor without expense to the Town.

GEORGIANNA HOBBS.

This was a claim for damages done to land by reason of the excavation of the gravel pit on Grove Street. The encroachment was very small and the matter was settled by the payment of $15 to Mrs. Hobbs and her release of all demands taken.

WILLIAM S. MORRIS.

This was a claim for damages to a dwelling house caused by blasting on Park Avenue Extension. Suit was brought in the sum of $1000 and the case was disposed of by the payment of $30 damages and actual cash disbursements, which amounted to about $8 more.

MRS. A. T. MARSTON.

This was a claim for personal injuries caused by Mrs. Marston being dropped into a manhole on Academy Street which had been left unfastened by workmen. No suit was brought and the matter was adjusted by the payment of $150.

George L. Locke.

This was a claim for property damage caused by the wheels of a wagon sinking into a trench on Massachusetts Avenue. The work was being done by the Boston Elevated Railway Company and the Town was protected by an agreement and a bond of indemnity. This claim was paid by the Hugh Nawn Contracting Company under their agreement with the Boston Elevated Railway Company without expense to the Town.

A. M. Thompson.

This was a case which was pending in the Superior Court for some time and was for personal injuries caused by a manhole cover slipping from its place on Pleasant Street. The case was settled by the Travelers' Insurance Company under their policy, although there was some question as to whether the liability was on the Town by reason of a defect in the highway.

Robert F. Herrick, Trustee.

This case is a petition for the abatement of taxes on two lots of land on Prescott Street. The assessors valued it at nine cents a foot and Mr. Herrick's contention is that it should be valued at about five cents. This case is now pending and is the only case now pending against the Town.

The following claims, in behalf of the Town, were prosecuted to a final settlement:

Kenny Brothers.

Claim for $111 for manure sold from the Town's stables. This was settled by Messrs. Kenny by the payment of the full amount.

Lexington Peat Company.

This was a claim for $3270.30 for balance due under a contract with the Town for the cleaning of the reserve water supply basin in the Great Meadows. This was settled by the Boston Fertilizer Company, who secured the contract of the Lexington Peat Company, under foreclosure of the bonds by the payment of the sum of $3964.44, being the face of the claim with accrued interest to the date of settlement.

The Town was represented in five matters before the County Commissioners as follows:

Medford Street.

Petition for widening from Massachusetts Avenue to the Medford line. This petition has had a number of hearings both in Arlington and in Cambridge and adjudication of common convenience and necessity has been made. The final laying out by the County Commissioners has not been made.

Mystic Street.

This was a petition for the re-location and widening near the Winchester line. A number of hearings have been held on this matter at Winchester and Cambridge and no adjudication has been made.

Massachusetts Avenue.

There were two petitions filed here, one for a widening on the southerly side between Water and Academy Streets, and one, near the Lexington line. Both of these were formal matters and the adjudication of common convenience and necessity has been made but the final laying out by the County Commissioners has not been made.

Hutchinson Road.

Petition for re-location of the lines which were done in conjunction with Winchester, which was laying out that territory up to the Arlington line. Hearings were had and the matter has gone to the adjudication of common convenience and necessity.

A number of minor matters have been attended to and the Town has been represented before the Legislature on such bills as affected its interests.

Respectfully submitted,

PHILIP A. HENDRICK,
Town Counsel.

REPORT OF THE SUPERINTENDENT OF WIRES.

ARLINGTON, January 22, 1912.

To the Honorable Board of Selectmen and Board of Public Works.

Gentlemen: I have the honor to submit herewith my twelfth annual report as Superintendent of Wires for the year ending December 30, 1911.

INSPECTION OF WIRING IN BUILDINGS.

The work of inspecting interior wiring in buildings for electric lighting, heat and power has increased materially during the past year. More trouble was experienced enforcing department requirements than ever before. The large increase in building during the past year, with the fact that this new construction was principally done by out-of-town contractors, made it necessary that careful attention should be given to the inspection of electrical construction in these new buildings to the end that all local requirements should be complied with. All assistance possible is given to electrical contractors who are reliable and who intend to do work in a thorough manner. The so-called cheap contractor who attempts to "get by" with poor work receives a warm reception. Electrical construction installed in past years has been done in a substantial and safe manner, no fires having occurred from this source, and no permits will be given for service attachment or use of any electrical device that does not conform to safe working requirements.

The following tabulation of interior inspections, etc., for the years 1910 and 1911 are submitted, showing increase for the past year over the year 1910.

TABULATION OF INSPECTIONS OF INTERIOR WIRING, ETC.

	1911	*1910*
Number of inspections made	536	391
Contractors' applications received	434	340
Incandescent lights wired for	4664	3397
Motors wired for ½ to 15 horse power	18	6

	1911	*1910*
Total horsepower motors wired ½ to 15 rating	41.5	16⅔
Stereopticon arc lights wired	2	1
Stereopticon arc lights installed	2	1
Service permits issued for light and power	414	395
Incandescent lights supplied with service: New installations, 4307; old, 2011; total,	6318	4817
Horse power of motors installed,	50.75	6⅔

Poles and Wires.

Sixty-three poles were replaced on the highways during the past year by the various companies owning same. These poles were unsafe or unsuitable to support new construction. Fifty-three (53) new poles were set on the highways in accordance with petitions filed by companies and approved by the Joint Board of Selectmen and Board of Public Works, as follows:

New England Telephone and Telegraph Company — Cleveland Street (joint location), 4 poles; Appleton Street, 17 poles; Highland Avenue (joint location), 8 poles.

Edison Electric Illuminating Company — Paul Revere Road, 6 poles; Bow Street, 1 pole; Franklin Street, 6 poles; Highland Avenue (joint location), 7 poles; Pond Lane, 1 pole; Magnolia Street, 3 poles.

Underground Conduits.

The Boston Elevated Railway Company have placed underground conduits on the following streets in accordance with the petition granted September 1, 1911: Massachusetts Avenue from Cambridge line to corner of Massachusetts Avenue and Court Street; Medford Street from Massachusetts Avenue to a point 150 feet toward Chestnut Street; Broadway 550 feet southeasterly from Massachusetts Avenue; Water Street from Massachusetts Avenue to Transformer Station.

These conduits were built for installing wires to the new transformer station being built for the above company on Water Street. With the completion of this new transformer station all aerial cables supplying current to the trolley wires will be removed from the streets throughout the center of the town and underground connection will be made to the trolley wires. No report has been made by the Boston Elevated Railway Company as to number of

feet of conduit built or underground wires installed. This information will be furnished at a later date on completion of this new service. All construction of installing underground conduits was supervised by Acting Town Engineer Mr. George E. Ahern.

The New England Telephone and Telegraph Company have installed branch conduits in various locations on Massachusetts Avenue for pole connections as per their petition as granted. Branch conduits were built by the Telephone Company for the Wire Department, for the Fire Alarm and Police Signal as required by this department.

Street Lighting.

Thirty-seven (37) forty-candle power, seventeen (17) sixty-candle power, seven (7) one hundred candle power and three (3) arc lights were installed during the past year.

Eight (8) forty-candle power, one (1) eighty-candle power and six (6) arc lights were removed, making a net total of 49 new lights installed for the year.

Summary of Street Lights, December 31, 1911.

Incandescent lights, 40 candle power	278
Incandescent lights, 60 candle power	17
Incandescent lights, 80 candle power	3
Incandescent lights, 100 candle power	1
Incandescent lights, 100 candle power (burning all night)	6
Arc lights, 1200 candle power	82
Total lights in use	387

On May 13 a new system of street lighting was put in service in the center of the town as desired by the Arlington Business Men's Association. This new system of street lighting as recommended by this department seems to meet the general approval of the public. Five (5) arc lights and one (1) eighty-candle power light were removed and were replaced by seven (7) one-hundred candle power, seventeen (17) sixty-candle power and five (5) forty-candle power Tungsten incandescent lights. Six (6) of the seven (7) one-hundred candle power lights installed in the center of the town are burned all night or a total of 3828 hours a year. These lights are located at junctions of intersecting streets between corner of

Massachusetts Avenue and Water Street and junction of Massachusetts Avenue and Broadway. All other street lights in use burn from forty minutes after sundown to 1 A.M., or 2408 hours a year.

The following schedule specifies where new lights were installed and lights removed.

New Lights Installed.

Street.	*Location.*	*Pole Nos.*	*Arc*	*Inc.*
Academy Street	Near Massachusetts Ave.	80 -2		1-40 c. p.
Bow Street	Near Blossom Street			1-40 c. p.
Belknap Street		901-2		1-40 c. p.
Brantwood Road		809-10		1-40 c. p.
Broadway		812-47		1-100 c. p.
Cleveland Street	Near Waldo Road			1-40 c. p.
Franklin Street	Between Broadway and Warren Street			1-40 c. p.
Harvard Street		834-3		1-40 c. p.
Jason Street		839-21		1-40 c. p.
Jason Street		839-6, 8, 10, 12		4-40 c. p.
Linden Street		821-5		1-40 c. p.
Lombard Terrace	Near Playground Entrance		1	
Lombard Terrace	Near Railroad			1-40 c. p.
Lombard Road		2		1-40 c. p.
Lowell Street	Near Massachusetts Ave.	845-1		1-40 c. p.
Massachusetts Ave.	Near Car Barns	847-148		1-40 c. p.
Massachusetts Ave.	Between Lowell Street and Park Avenue	847-138, 140		2-40 c. p.
Massachusetts Ave.	East Franklin Street	847-52		1-40 c. p.
Massachusetts Ave.	Near Lowell Street	847-135	1	
Massachusetts Ave.	At Central Street	847-73	1	
Massachusetts Ave.	Near center of Town	1-53, 62, 63, 66		4-40 c. p.
Massachuse ts Ave.	Near center of Town	847-58, 61, 62, 63, 64, 65, 66, 67, 68, 69		10-60 c. p.
Massachusetts Ave.	Near center of town	1-56, 57, 58, 59, 60, 64		6-60 c. p.
Massachusetts Ave.	Near center of Town	847-57, 60, 70		3-100 c. p.
Massachusetts Ave.	Near center of Town	1-54, 60		2-100 c. p.
Marathon Street		848-7		1-40 c. p.
Mystic Street		854-1		1-100 c. p.

Robbins Road	(Private way)	867-13		1-40 c. p.
Woodland Street	(Private way). Corner Lincoln Street			1-40 c. p.

Fire Alarm Telegraph.

The fire alarm system has given the usual good service during the past year. Only one piece of trouble was experienced during the year, this being caused by the breaking of an aerial wire on Park Avenue January 28, caused by severe wind at that time. Careful inspection has been given all aerial and underground wires to strengthen and maintain these wires for efficient service. Boxes 31 and 48 were placed on new poles, the old poles being condemned as unsafe.

The aerial wires on Henderson and Lake Streets were replaced with new insulated wire. The following specified feet of wire was used on these streets:

Henderson Street	1210 feet
Lake Street	4750 feet

Eleven hundred forty (1140) feet of new insulated wire was installed on Winter Street from Massachusetts Avenue to Crosby School to connect bell striker on this building. Eleven thousand seventy-two (11,072) feet of insulated iron wire was installed, from the corner of Broadway and Franklin Street, via Franklin Street, Warren Street and Broadway to the Somerville line, to connect with the underground wires of the Somerville fire alarm system to establish connection between Engine No. 6 Station at Clarendon Hill, Somerville, and the Central Fire Station in Arlington. Seventeen hundred two (1702) feet of insulated iron wire was run on Wollaston Avenue from corner Hillside Avenue to new box No. 63. One new fire alarm box was installed during the year, this box

being numbered 63 and is located on Wollaston Avenue opposite Wachusett Avenue. This box was put in service May 20, 1911.

On August 16 the new mutual aid system established between the Fire Departments of Somerville and Arlington was put in commission. On September 16 the Somerville Fire Department responded to Box 13 in Arlington, this being the first alarm transmitted over this new signal system for a fire in Arlington. On December 7 the Arlington apparatus responded to its first fire alarm in Somerville. The Somerville department has answered six alarms in Arlington since this system was established and the citizens of the Town can judge for themselves as to the value of the service rendered by the new mutual aid system. All alarms for fires in Somerville which Arlington apparatus respond to are sounded from transmitter box in the Central Fire Station, the Somerville alarm being Box 221.

The bell striker and steel tower which has been in use in the Henderson Street district since June 6, 1902, was removed at request of the Squire's estate, this bell and tower being placed on land of the above estate at that time without any charge for rental, the same to be removed at any time when requested; as the land in this vicinity has been cut up into streets and house lots it was desired by owners that tower be removed. The bell and electrical apparatus operating same were placed on the Crosby School as it was not considered advisable to hire or buy land to erect the bell tower in another location, but it was considered expedient to keep the bell in commission if for no other purpose than for "No School" signals. As the removal of this bell and tower was not estimated on in annual appropriation of the Wire Department a special appropriation was asked for of two hundred and fifty ($250.00) dollars at the November Town Meeting, which was granted. The bell was put in commission on the Crosby School on September 25, 1911.

Six hundred and thirty-five (635) feet of two-conductor lead cable was installed during the year for making connections from main conduit systems to side streets, etc. No other new construction was done on underground wires.

Four (4) iron posts were purchased for fire and police boxes for connection to the underground wires. These posts are now in stock and will be placed in position when an additional appropria-

tion is made for underground construction. Forty-eight (48) storage battery elements were installed during the year on the fire alarm system to replace defective batteries. One (1) six-inch gong was installed in the Central Fire Station for sounding alarms on the Somerville-Arlington mutual aid system.

Police Signal System.

This system has given good service and very little trouble has been experienced in the operation of the various signal boxes and other apparatus. All aerial and underground wires were inspected and strengthened during the year. New batteries were placed in all signal boxes on the telephone service. Twenty-five (25) new batteries were installed at Town Hall for operating the apparatus in Police Station.

Recommendations.

I would recommend that thorough consideration be given the question of installation of additional fire alarm boxes throughout various sections of the town. New streets and buildings are rapidly being built and the fire alarm service will have to be extended for proper protection. At least two new fire alarm boxes should be put in service this coming year as follows:

One at corner of Park Avenue and Prospect Avenue near the top of Arlington Heights.

One at junction of Mystic Street and Old Mystic Street.

Other sections of the town where new boxes should be located are as follows:

Jason Street near Norfolk Road.

Bartlett Avenue near Windermere Avenue.

Massachusetts Avenue between Lowell Street and Park Avenue.

Appropriations should be continued for extensions of the underground wires of both Fire Alarm and Police Signal Systems. This class of construction has got to be constantly extended to meet work done in this line by the various electrical companies owning poles and wires on the highways.

Respectfully submitted,

REUBEN W. Le BARON,
Superintendent of Wires.

REPORT OF THE TOWN ENGINEER.

ARLINGTON, MASS., January 22, 1912.

To the Joint Board of Selectmen and Board of Public Works, Arlington, Mass.

Gentlemen: The annual report of the Engineering and Sewer Department for the year ending December 31, 1911, is herewith respectfully submitted with a statement of expenditures and a general description of the important work, also such suggestions as have been deemed proper.

The work of the Engineering Department consists in furnishing the several departments of the Town's service with such information, plans, designs, estimates and data of an engineering nature as they may require on work being done or contemplated; also keeping careful notes, measurements and locations of new work, additions, changes and extensions as they occur and properly recording the same for future reference by maps, plans, or profiles.

The Engineering Department is called upon to furnish general information on nearly all subjects relating to municipal structures and systems and it has been the aim to so systematize the office records that information may be readily and accurately given. The policy of the Board requires that the Town Engineer must be consulted on all work where the advice of a civil engineer would be of service; and no structure of any kind can be placed upon, beneath or above, any street by any Department of the Town, corporation, or individual, until a plan is furnished showing the location and approved by him.

All engineering expense is charged each week to the Department or Board for which service has been rendered and is classified for the year as follows:

Highway Division: For the markings of lines and grades, making plans, profiles, estimates, locations and records of work done and in contemplation by the division,	$582.48
Sewer Division: For all surveys, plans, profiles, lines and grades, records and superintendence on cleaning and flushing of sewers,	229.22

Plans: Lines, grades, inspection and superintendence on sewer construction,	$742.20
Superintendence and inspection on house connections	153.53
Water Division: For all lines and grades for new mains, locations and records of gates, hydrants, specials, and service boxes,	115.72
Sidewalks: For all lines, grades, and measurements of edgestone, concrete, brick, and artificial stone walks,	35.25
Board of Survey: For all surveys, plans and profiles of streets laid out by the Board including the setting of stone bounds,	220.23
Assessors' Plans: For surveys and plans in connection with general survey of the town for Assessors' use,	510.17
Topographical Survey: Survey work on the area bounded by Mystic Street, Hutchinson Road, Winchester Line, Forest Street, Boston and Lowell Railroad and Summer Street,	86.76
Abolition of Grade Crossings and Sucker Brook Improvement: For survey and plans,	225.58
Cemetery: Plans, estimates, lines, grades, marking out lots, etc.	94.23
Public Service Corporations — Boston Elevated Railway: For locations, grades and inspection of underground conduits in Massachusetts Avenue, Water Street, Broadway and Medford Street,	240.54
Arlington Gas Light Company: Lines, grades, and inspection for new mains,	1.12

Board of Public Works.

For details of cost and description of work done, reference is made to the Board of Public Works' report.

Highway Division.

Lines and grades have been given for the new streets constructed this year and record plans made.

Accepted Streets.

Wellington Street, Harvard Street, Norfolk Road, Belknap Street, Marion Road and Magnolia Street were accepted and constructed under the Betterment Act this year. Gray Street from a point about four hundred feet northwest of Bartlett Avenue to

Oakland Avenue was accepted but not constructed. The construction of this street would develop a large area of valuable land and also provide another main thoroughfare parallel to Massachusetts Avenue which is entirely inadequate for the amount of traffic it is subjected to.

I respectfully recommend that the land necessary for the construction of the street be taken at once as its value is rapidly increasing.

The extension of Henderson Street across the Alewife Brook Reservation to Woodstock Street in Somerville would greatly convenience the residents of East Arlington and a Committee appointed by the Town has this matter under consideration.

I suggest that Massachusetts Avenue be widened from Water Street to the Lexington Line and then be permanently paved with a suitable pavement adapted to its grades and the character of its traffic and that the area occupied by the Boston Elevated car tracks be paved with the same material.

Storm Drains.

The extension of the Storm Drain system on Park Avenue, Wollaston Avenue and Appleton Street is very urgent as these streets are injured by every rain storm.

Sewer Division.

Sewers have been constructed in Elder Terrace, Elmore Street, Florence Avenue, Gloucester Street, Harvard Street, Lombard Road, Lombard Terrace, Spring Valley, Trowbridge Street, Tufts Street, Windsor Street, Westminster Avenue and Wyman Terrace, a length of 3,681.8 feet at an average cost of $1.23 per foot. (See the Board of Public Works' Report for details.)

Ninety-five sewer connections were made during the year at a cost of $2,623.38, an average of $0.57 per foot.

The whole system has been carefully flushed and cleansed as in the past.

I wish to call attention to the necessity for sewers in Whittemore Park from Lake Avenue to the Boston and Lowell Railroad. The ground in this section is very low and affords no drainage for cesspools.

It would seem advisable to have the Committee on Sucker Brook Improvement report on a valley sewer from Medford Street to

serve the territory north of the Boston and Lowell Railroad and later the Town of Lexington. This would permit the laying of sewers in Dudley Street, Grove Street, Grove Street Place, Brattle and Summer Streets, a district which is thickly settled and having no facilities for proper drainage. This sewer would also enable us to discontinue the small electric pumping plant at Brattle Street.

Sidewalks.

The brick sidewalk on the northerly side of Massachusetts Avenue was extended to a point opposite Mt. Vernon Street. This sidewalk should be continued to Park Avenue.

I believe that more people would be accommodated if the new permanent sidewalks were made of less width than is the present practice, thereby obtaining greater lengths of sidewalks for the same expenditure of money.

Board of Survey.

All plans were examined on which hearings for locations and grades were held by the Board and thirty-eight plans were approved. Studies were made for the location of streets from Overlook Park thence through private lands to Appleton Street, Wollaston Avenue and the Lexington line.

The purpose of this study is to provide for a good development of that section of the town west of the standpipe.

Medford Street.

Final surveys and plans for the widening of this street were made for the County Commissioners. These plans provide for a width of seventy feet from Massachusetts Avenue to Chestnut Street and seventy-five feet from Chestnut Street to the Mystic River Reservation. The County Commissioners have not yet made a decree authorizing this widening.

Plans and studies for widening Mystic Street at the Winchester town line were made for the Board and the County Commissioners have this matter under consideration.

Plans for the widening of Massachusetts Avenue at the Lexington line and opposite the new Town Hall site were also made and are being considered by the County Commissioners.

The desirability of the extension of Summer Street to Forest Street as planned by the Board of Survey must be apparent to all.

The plan contemplates the continuation of the Boulevard now ending at Medford Street, along the shore of Lower Mystic Lake, through a portion of the Meadow Brook Park lands, owned by the Town, to Summer Street; thence continuing through Summer Street in accordance with the Board of Survey lines to Brattle Street; thence through private lands to the junction of Forest Street and Bow Street and thence through Bow Street to Lowell Street, Park Avenue and Massachusetts Avenue. This would establish a new route for travel over the new Boulevards from Cambridge, Somerville, Medford and Winchester to Lexington, Concord and towns beyond. This street, if built, will relieve the congestion on Massachusetts Avenue and greatly assist in the development of the northerly part of the town.

Assessors' Plans.

Surveys and thirty-two plans have been made of lands adjoining the Belmont, Lexington and Winchester lines. These plans show the ownership and areas of sections of land of which the Assessors have had no accurate data as the lands were never divided into lots or recorded at the Registry. The plans were finished April 1 and greatly facilitated the work of the Assessors in making their valuation list.

It is very necessary that this work be continued and if small appropriations are made each year, accurate plans of the whole town can be systematically completed.

Triangulation Survey.

The triangulation work of the survey has been completed, also a large part of the final field work and plans. When completed the Town will have plans which will provide for a desirable development of the area bounded by Mystic Street, Winchester line, Forest Street, Boston and Lowell Railroad and Summer Street, comprising about 635 acres which can be made one of the most beautiful portions of the town.

Sucker Brook Improvement and Abolition of Grade Crossings.

A plan of Sucker Brook from Mystic Lake to the Lexington line and a plan of the Boston and Lowell Railroad from the Cambridge line to Grove Street have been made and are in the hands of the Committee appointed by the Town to study these improvements.

Cemetery.

Plans were prepared and lines and grades given for the grading of Plot P. and Q. in Mt. Pleasant Cemetery. The gravel excavated is being used to fill the Meadow Brook in accordance with the Park Commissioner's plans.

In General.

Boston Elevated Railway underground conduits were laid in Massachusetts Avenue from the Cambridge line to Court Street, in Broadway to near Franklin Street, in Medford Street to a point opposite the Russell School, and in Water Street to the Transformer Station. The work was done under the direction of the Town Engineer.

All the underground structures that were encountered were properly protected, their locations recorded and the street surfaces properly replaced.

In that portion of Massachusetts Avenue between Medford Street and Pleasant Street the conduits are so laid that they will not be disturbed when the grade crossing is abolished.

One hundred and six permits for street openings were granted, a large number being for gas services and the extension of gas mains.

The work on the new channel of Alewife Brook has stopped at Little Spy Pond. The extension of this channel to Spy Pond is very urgent on account of the fact that during the summer months the water in the pond is lower than the bottom of the brook which formerly connected it with Little Spy Pond, consequently for nearly the whole year Spy Pond has no active overflow; also the townspeople are practically deprived of the use of the new Alewife Brook Channel because the Metropolitan Park Commissioners have neglected to connect the channel with Spy Pond.

The work of dredging the Mystic River is completed to the Medford Street Bridge and will be extended to the lower Mystic Lake this coming year.

The Metropolitan Plan Commission if established, would be of inestimable value to all the cities and towns in the district. The object of this Commission is to secure sensible co-operation by all the communities affected in order to obtain a systematic, harmonious and economical development of the whole district. Such

a Plan Commission is imperative if the district is to develop with intelligent regard for the future. There is no question of the benefits obtained where city planning has been adopted. It is merely a question of when and how these improvements are to be made, whether we are to wait until desirable lands increase in value, or whether we take immediate steps to provide for future development.

Respectfully submitted,

GEORGE E. AHERN,
Town Engineer and Superintendent of Sewers.

ARLINGTON, MASS., January 26, 1912.

To the Joint Board of Selectmen and Board of Public Works, Arlington, Mass.

Gentlemen: All matters of an engineering nature and affairs relating to the work of the Boards which have been referred to me during the year have had my careful consideration.

I heartily concur in the recommendations contained in the above report.

ROBERT W. POND,
Consulting Engineer.

REPORT OF SUPERINTENDENT OF STREETS.

ARLINGTON, MASS., January 15, 1912.

To the Joint Board of Selectmen and Board of Public Works.

Gentlemen: Herewith is respectfully presented a report concerning the work done by the Highway Department under my charge for the year 1911.

The general organization and character of work has remained the same as last year.

The new eight-hour law which went into effect on June 17, 1911, caused considerable change in the working hours of the men. Where formerly the men worked from eight to nine hours of actual time, now, they are only allowed to work not over eight hours in any one day, or not more than forty-eight hours in a week. Any violation of this law makes this department liable to a fine of $1000 or six months imprisonment.

The loss of time by this law increased materially the cost of this department, caused by hiring new men and the necessity of placing two men in the stable where formerly one man did the work.

The loss of three of the horses was greatly felt by this department although the need was partly reduced by the purchasing of two new horses.

The division of work for this year has been the same as in the past, that is, new streets, permanent sidewalks, storm drains, street watering, collection of offal and ashes, and highway maintenance.

NEW STREETS.

The following streets were accepted and built this year: Wellington Street, Magnolia Street, Norfolk Road, Harvard Street, Belknap Street and Marion Road.

Wellington Street — The paved gutter was extended to the end of the accepted street where a catch-basin was built to take the water from the gutter and street and which in turn was diverted into the pond. The roadbed was built up with gravel so that the road has a good crown. This allows the water to easily run into the gutter.

Magnolia Street — The roadbed was built up partly with gravel filling obtained from the trenches of the Boston Elevated Street Railroad Company while they were laying their conduits in Massachusetts Avenue, and the remainder was hauled from the town yard. The surface was then covered with a thin layer of blue gravel and the whole thoroughly watered and rolled with the steam roller. The sidewalks on both sides were built of gravel to the approximate grade.

Belknap Street and Marion Road — These streets were brought to grade with gravel filling from the Boston Elevated conduit trenches on Massachusetts Avenue, then covered with a thin layer of crushed stone well watered and rolled, thus forming a covering over the road about two (2) inches thick. After the roadway had thoroughly dried out, so that it presented a hard, smooth surface, it was covered with a coating of Tarvia "B" and well sanded. This coating will keep the road in good condition and with another coating in the spring will complete the construction work on these streets.

Harvard Street — This street was brought to grade with screened gravel for the entire length, and paved gutters were put in for about half the length of the road on both sides. The sidewalks, where practicable, were brought to grade and in other places were left high, as the abutters objected to their being cut down to grade at that time. The entire length is now approximately to grade and when rolled in the spring, will present a good gravel road.

Norfolk Road — A storm drain was laid up the middle of the roadway with four catch-basins, two at the end of the present accepted street, and two about half way up the hill. A paved gutter was laid from the top of the hill to the end on both sides, and curbstone the entire length — that is, from Jason Street to a point about 250 feet from Pleasant Street, which point being the end of the present accepted street. Brick sidewalks were laid on both sides the entire length except a piece about 200 feet long on the southerly side from Jason Street to Kensington Park Extension. This portion was covered with gravel. The roadway was covered with crushed stone thoroughly watered and rolled, making a hard macadam surface which should last some time.

Lombard Terrace — The roadway at the lower end of this street was greatly below grade and the banking on the Park side

was dangerous to the public. The iron fence which bounded the Park side of the street was extended for a distance of 100 feet and the roadway was brought to approximate grade with gravel. This material was obtained from the Boston Elevated Railway power station on Water Street, and was delivered upon the street without expense to the town. A man from this department however levelled off and graded the street properly. This work has brought the roadway to an approximate grade and improves the appearance of the street. A gravel sidewalk was also built on the west side to the end of the street.

Permanent Sidewalks.

Massachusetts Avenue — As the sum of $1000 had been appropriated for the construction of the brick sidewalk on Massachusetts Avenue, this sidewalk was built as far as Grove Street and later extended to a point opposite the westerly side line of Mt. Vernon Street.

Owing to decay, the large tree locally known as the Whittemore elm at the lower end of the town on Massachusetts Avenue had to be removed, and the sidewalk straightened. The hole in the roadway caused by the removal of the tree was filled with crushed stone and rolled. Fifty and eight-tenths (50.8) feet of edgestone was laid from a point about 50 feet north of Henderson Street, to a point about 100 feet north. This change straightened the line of the edgestone and gave more width to the roadway, which in the past was quite narrow and made the traffic crowd over on to the rails.

Opposite the Town Hall and corner of Pleasant Street, the long crosswalk was removed and replaced opposite the entrance to the Post-Office. In order to make this change, it became necessary to make a change in the sidewalk on the church side of the avenue, and this was done by extending the edgestone 22.5 feet toward the east, and straightening part of the curve on Pleasant Street, making suitable returns with the edgestone to allow a proper driveway to the church. The space thus gained was bricked and now forms a suitable place for people using the new crosswalk in passing to and from the depot.

Owing to the change in the location of this crosswalk and also to the fact that the stopping place for the electric cars on the

easterly corner of Pleasant Street was a very dangerous one to the public, the white posts for both the inward and outward bound cars were changed to the poles at the new crossing. By this arrangement the people coming from town get off at a much more convenient place and where they are not obliged to cross the long open space to Pleasant Street, thus avoiding the danger of being struck by passing automobiles. The pole for the inward bound cars although in a much more open place is not only more convenient to the general public, but safer.

A brick walk was built on the southerly side of the avenue from the railroad crossing to Swan Place. The entrance to Swan Place was paved from the line of the back edge of the sidewalk to three feet beyond the gutter line.

At Grafton Street corner of Massachusetts Avenue the edgestone was extended for a distance of 14 feet and then 20 feet of curve stone was laid so as to form a suitable return into Grafton Street. The sidewalk was repaired with crushed stone.

Robbins Road — A brick sidewalk was laid upon this street from Massachusetts Avenue to the southerly property line of the Cutter School.

Mystic Street corner of Davis Avenue — A curve corner was put in leading into Davis Avenue, and the sidewalk was built of brick.

Paul Revere Road — A brick walk was built from the easterly end of Locke School and extending to Park Avenue.

Old Mystic Street — Edgestone was set on Old Mystic Street from the northerly line of Mr. Young's and extending to and joining the edgestone on Mystic Street.

Gray Street — Edgestone was laid from the corner of Revine Street and extending for a distance of 79.9 feet easterly towards Pleasant Street, this being in front of the property of Mr. Smith.

Lewis Avenue — There was 96 feet of edgestone set in front of Mr. Cronin's place on Lewis Avenue, and the gravel sidewalk repaired.

Appleton Street — On the southwesterly corner of Appleton Street and Claremont Avenue, the edgestone was extended for a distance of 5.5 feet along Appleton Street and a distance of 4.15 feet in a curve along Claremont Avenue. The sidewalk was repaired with crushed stone.

The following list shows the number of feet of edgestone set on the following streets:

	Feet straight	*Feet curve*
Davis Avenue	4.0	10.0
Lewis Avenue (Mr. Cronin)	96.0	. . .
Grafton Street	17.2	20.0
Swan Place	16.0	. . .
Gray Street	79.9	. . .
Old Mystic Street	311.6	21.4
Appleton Street	5.47	4.15
Massachusetts Avenue (Henderson Street)	50.8	. . .
Massachusetts Avenue (Locke dump westerly)	46.2	. . .
Massachusetts Avenue (corner Pleasant Street)	71.9	5.2
Total edgestone set	699.07	60.75

The following is a list of streets upon which brick sidewalks were built during the past year, also the number of square yards of brickwork done upon them.

	Square Yards
Paul Revere Road	245.12
Robbins Road	184.00
Davis Avenue	5.40
Massachusetts Avenue (between Swan Place and the railroad)	100.50
Massachusetts Avenue (Locke dump to Green's store)	986.69
Massachusetts Avenue (corner of Pleasant Street)	47.50
The total number of square yards laid	1569.21

The following repairs were made upon the tarcrete walks about town which needed repairing.

	Square Yards
Tanager Street	58
Wollaston Avenue	95
Park Avenue	13
Locke School (Paul Revere Road)	13

	Square Yards
Pleasant Street	84
Jason Street	21
Gray Street	17
Webster Street	15
Massachusetts Avenue and Broadway	306
Massachusetts Avenue and Medford Street	290
Bartlett Avenue	8
Robbins Road (Cutter School)	3
Total square yards repaired	923

Storm Drains.

In the construction of Norfolk Road it became necessary to build an outlet to the storm drain which was laid in that street. Accordingly an eighteen-inch clay pipe was laid from Chapman Street along Pleasant Street, crossing and intersecting Norfolk Road storm drain and extending to Kensington Park, where the main line from that road was diverted from the line running southerly down Pleasant Street, and connected to the main line running northerly. This eighteen-inch main line was then extended down Chapman Street to the pond, where an outlet was made for what is now called Kensington Park and Norfolk Road district.

Owing to the damage done to the property abutting Pleasant Street in past years in time of excess rain, and to the fact that the storm drain system was not sufficiently large enough to take care of the tremendous amount of water falling in that district, the Kensington Park system of storm drain was disconnected, and connected with the Chapman Street storm drain. Two new catch-basins were also built, one about one hundred feet south and the other about one hundred feet north of the old catch-basin which is situated about opposite No. 216 Pleasant Street. The construction of these two basins, together with discontinuing the Kensington Park line, seems to have overcome the flood question as no trouble has resulted since the change.

On Wellington Street a large catch-basin was built at the foot of the street with an outlet into the pond.

On Hutchinson Road the ten-inch pipe system was extended to the top of the hill, where a large-size catch-basin with inlet was

built. This catch-basin takes the wash from the driveway leading into the Walsh estate, which seems to be a natural water course.

Bow Street — Owing to the construction of the sidewalk on this street, it became necessary to construct a catch-basin at the lowest part of the street with an outlet into the main eighteen-inch pipe already laid there. This catch-basin was necessary in order to take care of the flow of water on the southerly side of the roadway and where there was no place into which it could run, thus preventing flooding after every storm.

At the corner of Robbins Road and Massachusetts Avenue there were two small catch-basins built between the tracks, with an outlet into the eighteen-inch main pipe line which takes the storm water from Robbins Road. These catch-basins take the water that comes down the avenue from Appleton Street out of the track.

On Old Mystic Street there are two catch-basins which emptied on to the land of Mr. Bridge's, and upon his offering to pay for the change, the outlet pipe was lowered and a catch-basin was built to catch the water. A ten-inch clay pipe was laid from this basin across his land to the culvert on Mystic Street. By this arrangement the water was thus able to reach an outlet without damaging the adjacent property.

Street Watering.

The following is a list of streets which were watered or oiled during 1911, showing the width, number of applications, distance in feet, and with what covered.

Street Name	*Width Covered*	*No. of Applications*	*Lin. Ft.*	*Remarks*
Academy Street	Whole	One	1520	Oiled
Addison Street	Whole	Two	420	Oiled
Appleton Street	Whole	One	2061	Oiled
Bacon Street	Whole	One	345	Oiled
Bacon Street	Whole	One	345	Tarvia "A"
Bartlett Avenue	Whole	One	2132	Oiled
Broadway	Half	One	2753	Tarvia "A"
Broadway	Half	One	2647	Tarvia "B"
Broadway	Half	One	5400	Tarvia "B"
Chestnut Street	Whole	One	500	Oiled
Cleveland Street	Whole	Two	1608	Oiled

Street Name	*Width Covered*	*No. of Applications*	*Lin. Ft.*	*Remarks*
Central Street	Whole	One	523	Oiled
Court Street	One	One	334	Oiled
Court Street Place	Whole	One	220	Oiled
Forest Street	Whole	One	1170	Oiled
Henderson Street	Whole	Two	1000	Oiled
Irving Street	Whole	One	1270	Oiled
Jason Street	Whole	One	2474	Oiled
Linwood Street	Whole	Two	427	Oiled
Lake Street	Whole	Two	1293	Oiled
Lowell Street	Whole	One	3876	Tarvia "B"
Mystic Street	Whole	One	2800	Tarvia "A"
Mystic Street	Whole	One	5350	Tarvia "B"
Medford Street	Half	One	713	Tarvia "A"
Medford Street	Half	One	713	Tarvia "B"
Medford Street	Whole	One	2467	Tarvia "B"
Maple Street	Whole	One	670	Oiled
Marathon Street	Whole	Two	1730	Oiled
Massachusetts Avenue	Whole	Three	18,310	Oiled and Watered
Pleasant Street	Whole	Two	3669	Oiled and Watered
Pleasant Street	Whole	One	1151	Tarvia "B"
Pelham Terrace	Whole	Two	345	Oiled
Palmer Street	Whole	One	965	Tarvia "B"
Park Avenue	Whole	Two	900	Oiled
Russell Street	Whole	One	791	Oiled
Sawin Street	Whole	Two	215	Oiled
Teel Street	Whole	Two	970	Oiled
Warren Street	Whole	Two	2680	Oiled
Wyman Street	Whole	One	1050	Tarvia "B"
Windermere Avenue	Whole	Two	350	Oiled
Wellington Street	Whole	Two	448	Oiled
Winter Street	Whole	Two	1540	Oiled
Water Street	Whole	One	680	Oiled

New Streets Tarred.

It is my policy to save the streets that have been built, and to keep and protect them. This year the following list of streets

was deemed in good condition, therefore they were covered with a coating of Tarvia "B" and sanded, thus giving them a smooth surface and protecting them from wearing out.

Palmer and Wyman Streets were covered from Warren Street to Massachusetts Avenue with a good coating of tarvia and well sanded.

Chestnut Street from Mystic to Medford Street also Lowell Street from the Lexington line to Massachusetts Avenue was covered with Tarvia "B."

Bacon Street from Mill Street to Central Street was covered with Tarvia "A." This was applied hot and thoroughly rolled with the steam roller after first covering the tar with a good coating of screened gravel.

Mystic Street, Medford Street, Broadway, and the further end of Pleasant Street were also covered with a coating of Tarvia "B." These last named streets will in all probability not have to be touched this year, so that the money thus saved may be spent upon other streets, thus extending the use of tar throughout the town.

Sidewalk Permits.

During the past year there were six (6) applications for granolithic walks, three (3) for brick sidewalks, and four (4) for edgestone. From these applications there were five (5) granolithic and three (3) brick sidewalks built, also three (3) of the applications for edgestone were granted and set. The balance were either withdrawn or not granted.

Granolithic Walks — Among the five (5) granolithic sidewalks that were built, two (2) were not granted permits and received no reimbursement for the work done.

Brick Sidewalks — The three (3) applications for permits for brick sidewalks were withheld as this work was done under the construction of Norfolk Road.

Edgestone — These permits covered the work done for Mr. Cronin on Lewis Avenue, and Mr. Young on Old Mystic Street, also that of Mr. Smith on Gray Street.

Collection of Offal and Ashes.

The work of this department has increased considerably during the past year and is now equal to the work of four men and two

teams. During 1912 it will be necessary to divide the town into three districts, each district to have a horse and cart with driver assigned to it, whose duty it will be to keep that district clean regardless of the number of collections. By this arrangement there will be more collections and provision will be made for future growth of the town, which, as the past year has shown, is increasing very rapidly.

The increase this year in the number of houses has been something remarkable and indications point that next year will see even a greater increase. A new district which will open up and which must be provided for, in the collection of both offal and ashes, is the Wilbur Land Company's district at the Heights. There have already been built three new houses and plans are under way for the erection of many more in the spring as soon as the weather permits.

The total amount of offal collected during the year has amounted to about three hundred cords.

The method of handling the ashes is the same as in former years, the Highway Department supplying the teams and horses. As in the case of the offal collection, the cost of collecting ashes and paper has increased considerably over that of last year, the cost being not wholly due to the increase in the number of houses, but to the amount of rubbish that was collected, and the want of convenient dumping places. The unusual amount of tree limbs, old bicycle frames, vines, mattresses, etc., made the collecting cost a great deal more, and made it impossible to carry much on a load, thereby not covering as much ground as would be covered otherwise.

During the past year the ash dump at Muller's was abandoned, also that at Frost's on Mill Street. The abandoning of these dumps has made the handling of the ashes an item to be considered, as the length of time to haul the loads from Henderson Street and vicinity to Moore's dump on Broadway takes too long to make many trips in a day.

The question of dumping places is getting to be a serious problem, and provision should be made by the development of certain portions of the town which would give this department places for the dumping of rubbish for a few years to come. This winter will complete the dump at Lloids Coal Company at the Heights, and a new place will have to be found.

Last spring two new paper cans were bought, and one placed opposite the Town Hall at the Centre, and the other at the waiting room at the Heights. These cans have fully repaid the department for their cost. The paper after once being placed in the cans cannot get out and be blown about the streets as is the case with other cans that are opened at the top. A general adoption of these cans should be made by the Town, thereby avoiding the unsightly condition of paper blowing about the streets and which is impossible to collect, as they blow out of the barrel almost as soon as they are placed in them. The total number of loads of ashes collected during the year amounted to 3719 loads.

Offal House.

The building erected two years ago at the Town Yard for the transfer of offal from the teams in which it is collected, to the teams of the contractors, has been of great advantage in allowing the rapid unloading of the collecting teams.

During the summer it became necessary to construct a series of depressions in the floor of the offal house, each leading into a trap located beneath the floor in one corner of the house, which in turn was connected by a four-inch pipe to a catch-basin located about fifteen feet away from the building and completely buried. These depressions were made so that the floor may be washed thoroughly and the water would then be able to run out and not remain upon the floor, causing a terrible stench on the hot summer days.

Highway Maintenance.

The general maintenance of the streets about town has been kept up to their regular standard with the exception of Massachusetts Avenue. The avenue was covered with a coating of heavy black oil two years ago. This oil did not prove a success, so had to be removed before anything else could be put upon the surface, as the oil would prevent any bonding of other material to the surface of the road. It required most of the year to remove this oil and at the present time the greater part has been removed, so that in the spring work may be done upon the avenue with the idea of improving the condition of the surface.

On Massachusetts Avenue from Appleton Street to Fessenden Road on the left, and opposite Forest Street on the right, there was

constructed a piece of tar macadam at a fairly reasonable cost. The avenue was repeatedly patched, but the surface being so soft the result was not satisfactory.

The retaining wall for the sidewalk on Summer Street above Mill Street was relaid, also the wall of Mr. Partridge on Claremont Avenue was repaired for a distance of twenty feet, owing to it having fallen during a heavy storm. On Dudley Street from Grove Street westerly, also on Forest Street opposite Bow Street, the stone walls were repaired with cement and a cement top constructed.

Upon a petition signed by the people on Bow Street and vicinity a gravel sidewalk was constructed on the southerly side of Bow Street from a point about fifty feet west of P. T. Lennon's barn, and extended to the junction of Bow and Lowell Streets. This walk after being allowed to settle was covered with a layer of cinders which has packed down and formed a good walk on that side of the street.

Equipment.

The equipment of the Highway Division is in good condition. The addition of two new horses to partly replace the three lost the past year by glanders, has kept the department up to its standard, but during the coming year three more horses will be needed to carry on the work of the department. The Health Department will require a horse for the third offal wagon. The Sewer Department requires a horse, and one is needed to replace one that was shot.

At the Town barn on Summer Street a drying platform was constructed to dry the straw bedding. By this arrangement the straw may be used over again several times, thus reducing the amount of waste.

No extensive repairs were needed at the crusher this year, and the plant seems to be in good condition with the exception of the smoke stack which has rusted through and a new one is needed as it is liable to fall any time. The crusher should be thoroughly overhauled in the spring to see that there are none of its parts broken or cracked.

The crushed stone used this year was mostly received upon the cars from the surrounding towns, together with that which was stored and crushed this year. The total number of tons received

upon the cars during the past year were 730.6 tons. The total amount crushed at the crusher for the year was 1410.75 tons. The total amount of stone stacked was 172 tons, making the total number of tons of stone used during the year 1911 to be 2313.35 tons.

Town Yard.

The need of storage facilities in this yard is very great. The want of places to unload sand and crushed stone makes the cost of unloading considerable and there are no places to store material. Under the new freight law, a car must be unloaded in forty-eight hours, and should those days be stormy or for any reason that they are unable to be unloaded in the specified time, they go on demurrage. This has happened several times the past year, and has caused a useless expense which could have been avoided had there been a place at the Town Yard where materials could have been unloaded and stored.

The excavation for the concrete storage bins has been made. The bins could be built without much trouble and the tracks laid so that the cars could be unloaded directly into them. A temporary wooden bin could be built for the storage of sand, for more sand will be used each year as the use of the tar is extended. The necessity of having a supply of several hundred tons of stone dust is very important, and by the construction of the bins at the Town Yard a supply could always be on hand for emergency repairs.

As the Town has bought this yard with the intention of building it over for the convenience of unloading materials for the use of this and other departments, the immediate development of this property is urgent. During the past year the American Chrome Company sold their property on Grove Street, and by another year it is doubtful if the Town will be able to use this siding for the unloading of the oil or tar cars. As there is no other place in Town suitable for the unloading of the oil, this department will be greatly handicapped for want of same.

Recommendations.

With the winter nearly half over comes the question of what work is required to be done in the spring, and the best method of doing the same. During the past year my attention has been drawn to the need of a few very important improvements and

should they meet with your approval I earnestly recommend that the following be made.

The extension of the storm drain on Park Avenue to Florence Avenue, also on Appleton Street from Park Avenue to Claremont Avenue, and on Wollaston Avenue to Claremont Avenue. These are three very important drains and by their construction a great deal of money may be saved in the repair of washouts after every heavy storm.

The construction of a catch-basin, corner of Palmer Street and Warren Street, is very much needed, also two catch-basins at least should be constructed on the lower end of Massachusetts Avenue between Lake Street and Magnolia Street, to take the surface water which lodges there. These basins could be made leach basins for the present and could be connected with the storm drain system later.

The re-surfacing of North Union Street with gravel should be done in the spring.

Park Avenue from the water tower to Paul Revere Road should be added to the list of streets watered or oiled, also Lombard Terrace and Road.

The extension of the permanent sidewalks on all the main streets of the town cannot be too strongly recommended, and the adoption of granolithic sidewalks by the Town as the standard sidewalk I wish to recommend, especially on all of the level streets, using brick for hilly streets only. By using granolithic, the Town obtains a smooth, hard walk, which gives the street a clean, well-kept appearance. A street with a good granolithic walk on both sides and with the surface of the street covered with tarvia, you have a street of which the Town may well be proud. Such streets I am endeavoring to obtain.

Palmer and Wyman Streets are two side streets which should especially be given granolithic walks. These walks could be four feet wide and with four-foot loam space the streets would be in fine condition. Webster Street and Franklin Street I am planning to tar this spring and with these four streets as a nucleus this general idea could radiate.

The construction of Massachusetts Avenue between Winter and Teel Streets on the easterly side should be done in the spring, and as much as possible of the avenue resurfaced. As the Town is not

ready to expend the necessary amount to construct a suitable permanent pavement on Massachusetts Avenue, I should recommend that a tar macadam surface be constructed. This will last for a considerable time by giving it a light coating of tar every year and until the grade crossing is abolished through the Centre, the spending of any great amount of money toward permanent pavement would hardly pay.

The whole surface of Massachusetts Avenue as no doubt the Town is well aware, is in a very poor condition, due to the clayey gravel with which it was made, and to the fact that it was impossible to do much work upon it until the black oil had been removed. This oil has nearly all been removed, and should recommend that as much as possible be expended upon the avenue toward resurfacing it in the spring, as the Town will allow. An approximate cost per square yard for resurfacing would be about fifty cents, while the construction work would cost about sixty cents, the cost depending upon the thickness of the work.

Pleasant Street should be tarred this year, and by doing a light surface work from Massachusetts Avenue to Irving Street, while from Irving Street to Bartlett is a little heavier work, it might be possible to complete the whole of the street this year.

On Summer Street I should recommend the widening of that part at Cutter's ledge. This part of the street is a very dangerous one, owing to its being so near to the railroad track. It has been with a great deal of difficulty that I was able to keep my horse in the roadway when being caught there by passing trains.

The general practice of using tarvia as both a dust layer and a road preservative, and to cover at least five new streets each year with the tar, I should strongly recommend.

In constructing new streets, the covering of the finished surface with tarvia should be figured in with the cost of the work.

Respectfully submitted,

ROBERT A. VESPER,
Superintendent of Streets.

REPORT OF TREE WARDEN.

To the Town of Arlington:

Owing to the excessive heat and lack of rain, the past season has been unusually severe on the cultivation of trees. The old Whittemore Elm at the lower end of Massachusetts Avenue, together with seventeen other trees of the same species, succumbed and had to be removed. While some of the trees had reached an advanced age, there is no question that in many cases their demise was hastened by the unfavorable conditions to which the trees on the highways are subjected, conditions which have been fully explained in previous reports.

Gypsy and Brown-Tail Moths.

The infestation of the gypsy and brown-tail moths on the street trees is very slight. During the winter the nests were treated, and in the spring they were all thoroughly sprayed with arsenate of lead, so they suffered very little from the effects of either of these pests.

Elm Leaf Beetle.

The infestation of the elm leaf beetle is general throughout the town, and is the cause of much annoyance. While there was no stripping from the ravages of this pest, it became necessary in certain sections where the infestation was extremely bad, to apply several applications of arsenate of lead by spraying.

Leopard Moth.

Notwithstanding that all means known have been tried in combatting the Leopard moth, the extermination, or even successful suppression of this, the most injurious and difficult pest we have to contend with, remains an unsolved problem. In a few very urgent cases the trees were polled back. That is, the entire crown was cut off, causing the loss of its original outline, together with robbing the tree of its natural beauty. While this, in a measure, proved effective in checking the pest, the treatment is of such a severe nature that from an æsthetic point of view, extensive

operations of the method would seem justifiable only as a last resort.

Tree Planting.

One hundred and fifty young rock maple trees were planted on the highways in different sections of the town the past year. On account of the number of dead trees that would have to be removed, together with the new streets that are being developed and the many vacant spaces already existing on many streets I would advise that provision be made for the planting of two hundred young trees the coming year. Property owners desiring trees planted adjoining their property should file their request in writing with the Tree Warden as early as possible.

Recommendations.

I would recommend that the sum of one thousand dollars be appropriated for the maintenance of this department the ensuing year. This would provide for the removal of dead trees, the planting and care of young trees, and also allow for a certain amount of pruning on the old trees.

Respectfully submitted,

WILLIAM H. BRADLEY,
Tree Warden.

REPORT OF PARK COMMISSIONERS.

ARLINGTON, MASS., January 9, 1912.

The Board of Park Commissioners respectfully submit the following report:

The care of the lawns in the different parks coming under the supervision of the Board was let out by contract, as has been the usual custom for the past few years. More attention was paid to Russell Park and more work done than has been the case for a number of years, and the results were very satisfactory. In this park an additional concrete walk was laid, part of the work being carried on by the School Committee. Two dead trees on Russell Park were replaced and all of those planted were given additional care and protection. Russell Park now has a complete system of concrete walks which will be found of great advantage to the very large number of school children and residents who make use of these walks. It is hoped, also, that the grass borders may be kept in much better shape.

At Menotomy Rocks Park the main walk running from Jason Street to Spring Street has been resurfaced at an expense of about sixty dollars. The grass and flower plots at the entrance on Jason Street have been regularly cared for.

There are a large number of dead and dying trees in this park, and your Board have requested that the Gypsy Moth Department cut and sell this wood. Three thousand seedling pine trees were planted during the spring, which, with those planted in previous years, are now commencing to show a healthy and strong growth.

The Board voted that a commencement should be made toward carrying out the plans made by Messrs. Olmsted Bros. of Brookline about ten years ago for developing Meadow Brook Park. This will furnish a very desirable and handy place for disposing of the large amount of material which will be removed from the new portion of the cemetery. It is also in line with plans being formulated by the Committee in charge of the Sucker Brook Im-

provement and the proposed boulevard from the West Medford bridge to Summer Street. With this proposed filling, one of the most unsightly spots in the Center of the town will be obliterated and a very attractive park made in its place.

Respectfully submitted,

C. H. GANNETT,
W. E. LLOYD,
H. L. FROST,
Park Commissioners.

REPORT OF BOARD OF PUBLIC WORKS.

The Board of Public Works herewith submits its annual report for the year ending December 31, 1911.

The first meeting of the Board was held on March 8, 1911, the organization resulting in the election of William N. Winn as Chairman.

Appointments.

At a meeting held April 4, 1911, Charles C. Lothrop was appointed Clerk and Water Registrar, Thomas Roden was appointed Superintendent of the Water Division, and George E. Ahern was appointed Acting Superintendent of the Sewer Division, all appointments holding for one year. Thirty-nine regular meetings were held during the year.

The following are the gross amounts expended under the direction of the Board.

Highway Division	$31,890.09
Sewer Extensions	4,973.31
Sewer Maintenance	6,224.47
Water Extensions	6,482.06
Water Maintenance (includes interest, sinking fund and Metropolitan Water Assessment)	61,533.01
Permanent Sidewalks	3,598.97
Improvement at Town Yard	273.07
Construction of Streets	8,557.52
Street Watering	4,330.15
Total	$127,862.65

Highway Division.

The work in the Highway Division for the past year has been general maintenance in character, the most expensive item being care of and repairs on streets, the net cost being $8,955.86.

The gross cost of maintaining the stable and teams amounts to $9,168.40. There was received for use of horses outside of the Department $3,087.67, the amount charged the Department of $1.50

per day per horse, equal $2,741.73, showing an excess cost of $3,339.00. This cost includes four heavy horses, one driving horse and wagon, and one tip cart.

The crusher has been operated for the purpose of crushing the stone taken from the various trenches. The total amount crushed was 1,410 tons. The average cost of all crushed stone used was $1.05 per ton.

The snow and ice expense for winter of 1910–1911 was about $2,500.00.

In addition to $4,300.00 appropriated for treatment for prevention of dust there was expended from the Highway appropriation $1,336.66, a total of $5,636.66.

The net amount expended on Highway was $24,093.81.

Expenditures.

A financial statement, showing a summary of all expenditures and costs, is given in Table 1, while Table 2 shows detail of all special appropriations. Table 3 gives in detail the cost of permanent sidewalks and renewal of same. The total costs include all indirect expenses in the same manner as formerly.

The value of property controlled by this division, January 1, 1912, amounted to $16,143.55 classified as follows:

Horses and vehicles	$5,715.25
Machinery and large tools	8,305.70
Small tools	1,113.90
Office furniture	195.50
Material available for new work	813.20
Total	$16,143.55

Stock in charge of Highway Division, but owned by other departments.

Health Department	$1,952.40
Street Watering Department	1,861.70

Highway Construction.

There was appropriated for the construction of Highways, $9,000.00. Only $8,557.52 of this amount was expended. This saving was due, first: The fill on Magnolia Street was made with surplus material from the conduit trench on Massachusetts Avenue which was obtained at very small expense. Second, the estimated cost of constructing Norfolk Road included 300 feet of 10-inch

cast-iron pipe and 8-inch akron pipe was laid, thereby saving about $0.70 per foot or $210.00.

Belknap and Magnolia Streets were finished with a tar surface.

Permanent Sidewalks.

Seven hundred and fourteen feet of edgestone were set and 1767 square yards of brick and granolithic sidewalks were laid at an expense of $3,391.28 as shown in the accompanying table. The cost of brick walk per yard was about $1.40 and about $0.93 per foot for edgestone.

Sewer Division.

During the year 3,681.8 feet of 8-10-12-inch sewer has been built at an expense of $4,525.24. The cost of finishing the plans on work done in 1910 was $499.39, making the total expense for new sewers $5,024.63. The sewer assessments on sewers built in 1911 amount to $4,128.47, nearly equal to the cost of the work.

In addition 645 feet of 8-inch sewer was laid in private lands at the expense of Ellen L. Bartlett.

Ninety-five house connections have been made with the main sewer at a total cost of $2,623.28. In addition five house connections have been extended to other buildings on the same premises, three have been taken up and laid deeper to enable fixtures to be located in the cellar, the cost of all the above work being paid by the owner. Several house connections have been partially relaid to remove roots of trees at a cost to the Department of $131.52.

The necessary flushing and cleaning of the system has been done.

A detailed statement giving costs of sewers built in 1911, including particular sewers, is shown in Table 4. A summary of all expenditures is shown in Table 5. Table 6 shows the cost of the system, also the amount of assessment on same to date.

The value of property in this Division on January 1, 1912, was as follows:

Horses and vehicles	$125.00
Machinery and large tools	440.00
Small tools	237.55
Office furniture	537.60
Material available for new work	323.32
Total	$1,663.47

SUMMARY OF SEWERAGE STATISTICS.

(In form recommended by Sanitary Section of Boston Society Civil Engineers.)

For the year ending December 31, 1911.

General.

Population by census of 1910, 11,187.

Total area of city or town, 5.5 square miles.

Area served by sewerage system, 2 square miles.

Collection System.

For sewage only 31.2 miles, includes 3.47 miles Metropolitan sewer.

For sewage and surface water, 0 miles.

For surface water only, 8 miles.

Method of disposal: sewerage into Metropolitan sewer, surface water into brooks.

Collection.

Mains. (Everything but house and catch-basin connection.)

	For sewage only	*For surface water only*
1. Lineal feet pipe	164,683 ft.	41,566 ft.
2. Lineal feet extended during year	3,682 ft.	1,675 ft.
3. Number of inverted siphons	2	
4. Number of manholes	640	

5. Method of flushing. Water service at manholes end of lateral lines.
6. Method of cleaning. By special brush drawn from manhole to manhole.
7. Number of automatic flushing tanks, 0.
8. Number of direct connections with water mains for flushing, 71.
9. Number of flushings of entire system during year, 3.
10. Cost of flushing per mile, $0.43 estimated.
11. Cost of cleaning per mile, $1.67 estimated.
12. Number of stoppages, 0.
13. Method of ventilation, manhole covers.
14. Miles of permanent undermains, 3.

House Connections.

1. By whom made, Sewer Division Board of Public Works.
2. Sizes, 5, 6, and 8 inches.
3. Number made during year, 95.
4. Lineal feet laid during year, 5681.
5. Lineal feet discontinued during year, 0.
6. Total miles in use, 15.26.
7. Average cost per foot, connections made during year, $0.57.
8. Number of stoppages coming to attention of Department, 9.

Catch-Basins.

1. Number, including inlets, 377.
2. Number cleaned, 360.
3. Average amount material removed per basin, 3 cubic yards.
4. Cost of removing material per cubic yard, $0.90.
5. Cost of removing material per catch-basin per year, $5.00.

Discharge of Sewage.

1. Estimated population using sewer system, 9500.
2. Number of buildings connected, 1400.
3. Daily discharge for year
4. Daily discharge for each user
5. Daily quantity of factory waste
6. Daily leakage into sewers
7. Daily leakage per mile of sewer
8. Are quantities given under 3 to 7 estimated or measured.

Note: See Metropolitan Sewerage Board Report.

Financial.— Construction.

Receipts.

Bonds issued	$5,000.00	
House connections	2,570.89	
Balance	1.21	
		$7,572.10

Expenditures.

Collection works:		
(a) mains,	$4,948.72	
(b) house connections,	2,623.38	
		$7,572 10

Maintenance and Operation.

Receipts.

Appropriation	$1,200.00	
		$1,200.00

Expenditures.

Repairs	$43.03	
Cleaning sewers	520.35	
Flushing sewers	40.70	
Unclassified expenses	430.91	
Balance	165.01	
		$1,200.00

General.

Total cost of works to date, $292,000.00.
Bonded debt at date, $130,500.00.
Value of sinking fund at date, general.
Average rate of interest on bonds, 4 per cent.
Proportion of cost of system assessed on abutters, 45 per cent.
Yearly assessment for maintenance, none.
Method of assessing abutters and rate of assessment, 28 cents per lineal foot frontage and 52-100 cent per square foot area within 100 feet of street line.

TABLE VI. Board of Public Works.

Sewer Division Statement, January 1, 1912.

	Cr.	Dr.
Total Assessment levied to January 1, 1912,		$163,617.80
Assessments abated,	$2,244.96	
Assessments levied on cemeteries and Town property and deemed not collectable,	2,900.32	
Assessments on church property, etc., deemed uncollectable,	1,404.99	
Assessments levied on sewers built by Metropolitan Sewer Commission and to be paid to the Commonwealth,	4,315.45	
Assessments not collectable by reason of expiration of liens,	617.53	
		11,483.25
Net assessments to January 1, 1912,		$152,134.55

Appropriation for Henderson Street District sewers,		$10,500.00
Bond issued 1869 for sewer construction,		100,000.00
Sale of main sewer to Commonwealth of Massachusetts, less collectable assessments,		42,400.13
Appropriation for construction, care and maintenance for years 1903 to 1911, inclusive,		47,113.21
Amount expended for sewer construction and maintenance (including Henderson Street District sewers) as per Town Treasurer's balance, January 1, 1912,	$311,950.95	
Balance from appropriations and assessments to date,	40,196.94	
	$352,147.89	$352,147.89

WATER DIVISION.

Extension of Mains.

In all there have been laid 1,499 feet of ten-inch, 60 feet of eight-inch, and 5,061 feet of six-inch pipe, to extend the high and low service systems, at a total cost of $6,482.06. It was intended to lay a six-inch water main in Arnold Street from Williams Street to Hibbert Street and to cut off the Hibbert Street main near the boundary line between Lexington and Arlington but as cold weather came on it was postponed until spring.

Mains.

The length and sizes of cement-lined and iron pipe in use January 1, 1912, together with the number of hydrants and gates on both the high and low service systems, are shown in the following table:

	Low Service System.						High Service System.		
Size	Cement-lined Pipe.			Cast-iron Pipe.			Cast-iron Pipe.		
Inch	Length ft.	Hyd.	Gates	Length ft.	Hyd.	Gates	Length ft.	Hyd.	Gates
12	8,530	..	..	6,771	..	..	16,503	..	..
10	.....	..	..	6,977	..	..	16,143	..	..
8	.....	..	..	17,781	..	..	15,021	..	..
6	1,240	..	..	42,399	..	..	55,939	..	..
4	9,312	..	..	11,794	..	..	1,497	..	..
Total	19,082	26	19	85,722	166	141	105,103	222	189

The total of both systems is 39.7 miles of pipe, 414 hydrants and 349 gates. In addition there are 4,448 feet of smaller pipes, two-inch to one and one-quarter inch laid in places where hydrants were not needed and the amount of water required was small.

Services.

One hundred and twenty-six new services have been added during the year and ten services were abandoned. There are 1271 services on the low and 910 on the high service system, 71 in use by the Sewer Division for flushing sewers and 27 services for street watering standpipes. Many complaints of insufficient supply of water were received and forty services inside of the street line were replaced with cement-lined pipe at the expense of the owners.

Table 7.

Shows the cost of the new mains. This cost includes a proportionate part of the indirect expenses of the department.

Meters.

Eighty-five meters were set on services installed during the year. Thirty-six meters were set on services which went into use this year which have been installed since December 31, 1907. One hundred and twenty-seven meters were set on old services. The following table shows the make and the number of the various sized meters in use, making a total of 1536 now in use. Seventy per cent of the services are now metered. The cost of reading the meters now

amounts to $30.00 per month. The cost of repairs, reading and care of meters amounts to $0.73 per meter per year.

METERS IN USE DECEMBER 31, 1911.

Kind	⅝-inch	¾-inch	1-inch	1½-inch	2-inch	Total

Drinking Fountains.

The law prohibiting the use of common drinking cups on fountains went into effect November 1, 1910. At this time the old fountains were shut off and abandoned. Three new bubble fountains were set, one at Arlington Center, one at Arlington Heights and one on the Spy Pond playground, the expense of the latter being paid from the appropriation for the maintenance of the playground.

The water supplied by the Metropolitan Water Board has been of good quality and the quantity used as measured and reported was as follows:

	Gallons per Day		*Per Capita per Day*	
	1910	*1911*	*1910*	*1911*
January,	798,500	876,900	72	76
February,	809,500	827,600	73	72
March,	786,600	818,700	70	71
April,	839,200	856,800	75	74
May,	927,100	1,191,400	83	102
June,	944,400	1,087,200	84	93
July,	1,423,300	1,484,300	126	127
August,	1,184,000	1,106,100	105	94

	Gallons per Day		*Per Capita per Day*	
	1910	*1911*	*1910*	*1911*
September,	961,500	999,100	85	85
October,	911,900	924,300	80	73
November,	809,900	833,500	71	70
December,	846,600	821,700	74	69
Average for year,	933,500	983,200	89	84

Seventy per cent of all services are now metered but only 38 per cent of all the water charged us by the Metropolitan Water & Sewerage Board passes through meters while 72 per cent of the income is from metered services.

Guarantee Fund Account.

	John P. Dennett,	222.00	
1911	Jacob W. Wilbur,	309.00	
	William E. Kelley,	130.00	
	Frank O. Squire,	41.00	
	George W. A. Alden,	17.50	
	Chester Blake,	30.00	
	W. Patterson,	25.00	
	C. A. Peirce,	30.00	
	Town of Arlington,		$150.00
	Balance,		2030.10
		$2180.10	$2180.10

WATER RATES FROM CONSUMER.

Year	*Fixture*	*Meter*	*Total*
1904	$34,346.00	$4,686.60	$39,032.60
1905	28,837.12	9,622.86	38,459.98
1906	24,538.38	14,438.01	38,976.39
1907	19,064.71	16,847.16	35,911.87
1908	17,910.73	21,337.75	39,248.48
1909	14,600.78	24,017.62	38,618.40
1910	13,606.24	26,209.74	39,815.98
1911	11,813.91	31,157.06	42,970.97

The increase in water rates for the past eight years is about $4,000.00. Under the fixture rates the increase for this period would be about $15,000.00 showing that by the installation of meters the consumers have saved about $10,000.00.

Stock on hand December 31, 1911:

Horses and vehicles,	$605.50
Machinery and large tools,	708.00
Small tools,	629.97
Office furniture,	640.80
Material available for new work,	3375.18
Material from Great Meadows,	300.02
	$6,259.47

Respectfully submitted,

WILLIAM N. WINN,
HENRY W. HAYES,
RODNEY T. HARDY,
Board of Public Works.

SUMMARY OF STATISTICS.

For the year ending December 31, 1911. In form recommended by the New England Water Works Association.

Arlington Water Works.

Arlington, Middlesex County, Mass.

Population by census of 1910, 11,187.
Date of construction, low service, 1872; high service, 1894.
By whom owned, Town of Arlington.
Source of supply, Metropolitan Water System.

Consumption.

1. Estimated total population at date, 12,500.
2. Estimated population on lines of pipe, 11,500.
3. Estimated population supplied, 11,000.
4. Total consumption for the year, 358,868,000.
5. Passed through meters, 136,840,575.
6. Percentage of consumption metered, 38 per cent.
7. Average daily consumption, 983,200.
8. Gallons per day to each inhabitant, 78.
9. Gallons per day to each consumer, 90.
10. Gallons per day to each tap, 431.

Distribution.

Mains.

1. Kind of pipe, cast-iron and cement.
2. Sizes, from 4-inch to 12-inch.
3. Extended feet during the year, 6620.
4. Discontinued —— feet during year.
5. Total now in use, 39.7 miles.
6. Cost of repairs per mile, $3.34.
8. Length of pipe less than four inches diameter, 4448.
9. Number of hydrants added during year (public), 16.
10. Number of hydrants (public and private) now in use, 414.
11. Number of stop gates added during year, 14.
12. Number of stop gates now in use, 349.
15. Average pressure on mains at centre of town, 90 pounds high system; 50 pounds low system.

SERVICES.

16. Kind of pipe, cement-lined, galvanized, cast-iron.
17. Sizes, —-inch to 6-inch.
21. Number of service taps added during year, 126.
22. Number now in use, 2279.
24. Average cost of service for the year, $13.12.
25. Number of meters added, 248.
26. Number now in use, 1536.

HARVEY S. SEARS,
Collector of Taxes.

December 30, 1911.

I have examined the accounts of Harvey S. Sears, Collector of Taxes, for the Town of Arlington, Mass., and find the same correct, agreeing with the Auditor's books.

GEORGE McK. RICHARDSON,
Auditor.

December 30, 1911.

AUDITOR'S REPORT.

For the Financial Year ending December 30, 1911.

The books of the Treasurer have been examined and agree with the Auditor's accounts. The cash on hand in various banks as reported by the Treasurer has been verified with the bank statements.

The Collector's accounts have been examined and found to agree with the Auditor's accounts. A list of uncollected assessments is on file in this office.

The accounts of the Trustees of all Trust Funds have been examined and found correct, and the Investments on hand as reported by the Trustees of the several funds.

As usual, there are several unavoidable overdrafts shown, viz:

Abatements	$875.03
Board of Survey	12.67
Interest	74.49
Soldiers' Relief	8.00
Total	$970.19

The unpaid bills reported are as follows:

Incidentals, Assessors'	$18.65
Spy Pond Athletic Field	42.25
School Department	233.96
Total	$294.86

I would recommend the appointment of a Committee to revise the Public Property list, the values of which have materially changed since it was established as shown in the Town Report of 1903.

Respectfully submitted

GEORGE McK. RICHARDSON,
Auditor.

REPORT OF REGISTRARS OF VOTERS.

ARLINGTON, January 1, 1912.

The Board of Registrars of Voters herewith submit their report for the year ending December 31, 1911.

During the year the Board held twelve meetings, eleven in the Town Hall and one at the Locke School building, at Arlington Heights.

Of these meetings four were made necessary by the provisions of the new Primary Law, which requires the Board to meet at least once a week during the month of August, for the purpose of certifying nomination papers of candidates for all officers to be elected at the State Election.

Arrangements were made during the year, by which, through the courtesy of the School Committee, a large room in the Locke School Building was used as a place of registration, making it much more comfortable for both Registrars and voters.

The total number of registered voters as reported December 31, 1910, was 1944.

During the year 144 names were dropped from the list due to removals from town and deaths occurring during that time.

At the several meetings of the Board 278 names were added to the list, making the total number of registered voters December 31, 1911, 2078.

The list of women voters remains the same as last year.

The list, as revised to January 1, 1912, is as follows:

Whole number registered		2,196
Whole number of men	2,078	
Whole number of women	118	
	———	2,196
Total number of assessed polls, December 31, 1911		3,149

Owing to the provisions of the new Primary Act requiring a record to be made of the enrollment of voters voting at the primaries it

became necessary to change the form of the list of registered voters from the large sheet form to a book form, thus allowing room for recording the enrollment.

At the primaries 421 voters were enrolled as follows:

Republican	355	
Democratic	65	
Democratic Progressive	1	
	——	421

Respectfully submitted,

JOHN W. BAILEY,
WINTHROP PATTEE,
EBEN F. DEWING,
THOMAS J. ROBINSON,
Registrars of Voters.

REPORT OF THE ASSESSORS

TAX LIST

OF THE

PERSONAL AND REAL ESTATE

OF THE

TOWN OF ARLINGTON

FOR THE

YEAR 1911

RATE - - - - $20.40 ON $1000
